NEWS OF THE COUNTY OFFICES AND OFFICERS

Check Writer Caught.

W. H. Young, a musician from Boise, was arrested last night by Deputy Sheriff Hidaway on charges of securing money under false pretenses. It is alleged that Young cashed a First National Bank of Pendleton check at the Griggs Cigar Store. An investigation showed that he had never had a deposit here. He then explained that he had funds in the First National Bank at Boise and had forgotten to change the name of the bank. A telegram from Boise showed that he had no funds there either. He is held in jail.

Ever since his midshipman days, King George has been collecting postage stamps. He is the only monarch sufficiently interested in this pastime to have a special official in charge of his collection.

The Grand American Prerogative

THE right to choose is the grand American prerogative—the glory of American democracy.

And a most important part of it—the right to choose what you buy—was bestowed upon you by advertising.

Advertising is as much a part of today's life as electricity, antiseptic surgery or motor traction. It is the system whereby a man who has something to sell tells about it to those who do or should use it. For no one can want anything until he knows of its existence.

Advertising is the way by which you are told why you should have certain goods and how to identify those goods. So the advertisements you find in this newspaper make up a catalog of needed merchandise.

Articles of all kinds and for all purposes are presented in a pleasant way through the medium of type and pictures. The outstanding requirements of every member of the family are met by offers of good merchandise of proved value.

The advertisements will help you in the selection of all manner of things.

Use them for guidance and you will be a constant gainer
