T. A. Bottcher, assistant supervisor of the Umatilla National Forest, is absent from the local office on a few days leave.

James E. Beebe of Hermiston was a visitor here yesterday.

Martin Anderson is in town today from Helix.

Otto Anderson, a resident of Billings, Mont., is now in Pendleton.

Mr. and Mrs. E. F. Stoddard of Cedar Rapids, Iowa are registered in the city.

Paul Johnson was here yesterday from Athens.

W. H. Dean and family of White Salmon, Wash., were guests in Pendleton on the Fourth.

NEWS OF THE COUNTY OFFICES AND OFFICERS

G. W. Johnson Sued
Suit has been brought by W. T. Rigby, through Fee & Fee, to collect the sum of \$191.50 alleged to be due from G. W. Johnson.

Harness Thief Taken
Admitting that he stole five sets of harness belonging to John Planting, Jack Diamond is now in the county jail. He was arrested as Asotin, Wash. on a charge from this county and was brought back yesterday by Deputy Sheriff Ridgeway. After being taken

Diamond confessed his guilt. Diamond had been in the country for several months prior to the robbery. He came here from Baker county. Harry McLean who was an accomplice in the same theft is also held in the county jail awaiting the grand jury action. He too has confessed.

Sues on Painting Bill
Murphy Bros. have brought suit against Stella Rose and John Rose to collect \$607.50 alleged to be due for paints, oils and painting. The complaint was filed by J. H. Perry.

Marriage License Issued
Marriage licenses have been issued here to Albert Wilbur Merry and Hazel Van Vleet, both of Weston and to Ed Hurot and Lula E. Campbell, both residents of Pendleton.

Held for Federal Court
Willis Jordan, who was arrested for the theft of some awnings from two Indian women, was bound over to the federal court this morning. Deputy Ridgeway had found the property at the Dave Bonifer place.

Bill Hart Again
Bill Hart will again face the federal officers in Portland on a charge of having sold liquor to Indians. He was nabbed yesterday and today was held for the federal court. He has been up before on the same charge three different times.

TUTUILLA CAMP MEETING HAS PATRIOTIC PROGRAM

One hundred fifty real Americans observed Independence Day yesterday at Tutuilla, when the Christian squares and braves of the Umatilla tribe, with a few white friends, spent the day in quiet celebration of the birth of the United States.

At noon the Indians sat down to a banquet served in the open air. Later they listened to a talk by Frank Doble, for 12 months a corporal in the 23rd Infantry. Another patriot who spoke was James Harry, who has served in both army and navy.

Tullux Holoquilla, Indian of the Warm Springs region, who is an elder in the church, spoke in his native tongue and his address was then translated into Nez Perce. James Kash, Umatilla Indian, spoke also, with Rev. J. M. Cornellison acting as interpreter. Rev. Ross, pastor of the Nazarene church of Pendleton, and Rev. E. J. Conner, Indian pastor at Tutuilla, were other speakers. The meetings are to be continued this week and Rev. Hagan of Pilot Rock will be a speaker.

BLIND FOR 16 YEARS, SIGHT IS RESTORED

NEW YORK, July 5.—(U. S. S.)—Probably no one would blame Miss Bertha Leopoldine, of Brooklyn, for not having stopped smiling, except when she was laughing.

She didn't find she had been left a million dollars on that day. Neither did she wake up to find herself famous.

In fact, what happened was entirely different. She suddenly found she could see out of a left eye that had been stone blind since she was three years old. She is nineteen now.

Not only that, but Miss Leopoldine also discovered that the eye—a very dark and very bright eye—was not nearly so crossed as she always had remembered it. In fact, it was practically as straight as its equally bright twin.

Mrs. Pitradle told of all the hospitals in Vienna to which she had taken her daughter, and then of hospitals and an operation and different fittings of glasses in this country. Said she:

"Then my daughter went to a chiropractic. He gave her ten treatments. He said her vertebrae were out of alignment. Then my daughter went to the country, and then she saw."

Said the doctor: "Nature restored Miss Leopoldine's sight. All chiropractic did was to line up the machinery so that nature could do the work. The second and third cervical vertebrae, which control the optic nerves, were out of alignment. I put them into alignment."

EDUCATOR SAYS FAIRY STORIES SHOULD NOT BE TAUGHT CHILDREN

DES MOINES, July 5.—(U. S. S.)—Miss Katherine Blake, of New York City, told the American teachers that fairy stories and Mother Goose rhymes are absurd. As chairman of the committee on changes in elementary school, she will recommend the substitution of real people tales for imaginary ones. Miss Blake declared against "classics," suggesting their relation. She suggested substitution of tales of inventors and explorers, new ideas for history and yards of kings and generals. She approved teaching showwork, cooking and preparations for parenthood all through the earlier grades.

PHYSIOLOGICAL ACTION OF TANLAC EXPLAINED

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the question: What is Tanlac? Why its phenomenal success? Why do we hear so much about it? and Why has this preparation so far outstripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten Ingredients in Tanlac
Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general tonic drugs contained in Tanlac, the 15th Edition of Potter's Therapeutics, a standard medical text-book states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonic which is called health.

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensary, and in other standard medical text-books, as having a beneficial action upon the organs of secretion, whose proper functioning results in a purification of the blood streams passing through them. In this manner, objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tonic and Body Builder
Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system. Tanlac is sold in Pendleton by Thompsons Drug Store and leading druggists.

firm in this opinion. Money will be more readily available to borrowers at easier rates.

The federal reserve board has reports from all districts showing urgent demand for new funds. A great amount of domestic development work, requiring new capital, is reported to Governor Harding.

With easier money market conditions government fiscal authorities in communications to bankers have stressed the necessity of giving priority to American enterprises. The federal reserve board has sounded danger in the tendency of some banking quarters to give heed to the demands of foreign enterprises.

From reports to the board, officials learn that many foreign concerns have shaped their affairs with a view to obtaining their financial support from American bankers.

Member banks of the Federal Reserve system have been cautioned that this foreign demand creates a situation which may be fraught with danger to American industrial and agricultural interests unless bankers carefully conserve surplus resources for the benefit of American concerns.

The attitude of government fiscal officers, made plain in latest bulletins to bankers, reflects a purpose to look out for "America first," and to avoid highly speculative ventures, involving the tying up of American credit that should be employed in so-called essential industries at home.

Greater financial strength of the reserve banking system, officials said, reflects to a notable degree the manner in which liquidation has proceeded since inflation was at its peak less than a year ago. Officials believe liquidation has reached near the normal point in many lines of business.

Let United States Bonds Absolutely Insure You Against Loss

The New Way of Developing Fortunes in Oil
THE DAY OF THE GAMBLE IS PAST—Oil Investors need no longer "take a chance." RELIABLE oil operations should now be just as safe as preferred industrial stocks. DEMAND IT!

If you are at all interested in making money in oil, take advantage of THIS opportunity, wherein the element of chance is so simple and reliably eliminated.

We Offer Every Investor the Squarest Possible Deal and Absolute Security

Our syndicate has bona fide leases on over 5,000 acres of deeded prospective oil land in the great Lance Creek vicinity, adjacent to Lusk, Wyo. Leases are in First National Bank of Lusk.

We want to sink a well and haven't the necessary money. You help us get it, and share in the immense profits that are assured. And you are not going to be permitted to suffer loss, for—

Here's Our Safety-Guarantee Plan:

Absolutely the most unique and careful financing plan yet introduced into oil pioneering. For every dollar subscribed and deposited with our Trustees (we receive no moneys), Liberty Bonds of equal face value are purchased by them and held in trust as security for your money. At the end of a year, when we PROVE that there is oil on our holdings, you shall then decide between accepting stock in our company or demanding your bonds. Isn't that about as fair and square an opportunity of participating in the great wealth daily being earned by oil, without risking the usual percentage of loss, as you ever heard of?

You Simply Cannot Lose!

Only sufficient money to do what is actually necessary is wanted. The fewer in, the greater the profit. And we want the profit of those who co-operate with us to be something worth while. If YOU have the courage of a pioneer, YOU, TOO, shall be one of the fortunate ones, if you
