

News Notes of Pendleton

CALENDAR OF EVENTS
 June 27-August 1—Summer Normal School.
 July 10 to 16—Ellison-White Chautauqua.
 September 22, 23, 24—Annual Pendleton Round-Up.

Little Girl Hurt.
 Elizabeth Steiwer, the little daughter of Mr. and Mrs. Fred Steiwer, is convalescing after injuring her right arm in an electric wringer. She was wringing doll's clothes when the flesh of her arm became caught in the wringer. The arm was lacerated but no bones were broken.

A. H. Lea Is Manager
 A. H. Lea, who served as a state fair official for a number of years, has been appointed as general manager for the Oregon Cooperative Graingrowers association which is moving offices from The Dalles to Portland. Mr. Lea is already general manager for the Western Woolgrowers warehouse association. Lea has been a resident of Oregon for 19 years and is a graduate of the Wisconsin agricultural school and of the agricultural college at Ames, Iowa.

Thomson Expects Appointment.
 Asa B. Thomson of Echo signed the Imperial register yesterday and was soon asking for inside political information from Washington. Mr. Thomson is a relative of Senator Stanfield and is therefore supposed to be in a position to have straight tips. Mr. Thomson was an aspirant for appointment as United States marshal. He said yesterday that the senators have agreed on every thing except the marshalship, and Mr. Thomson admitted that while he will not be recommended for marshal he will get an appointment. There has been a report that Senator Stanfield is trying to land Mr. Thomson in the job of collector of customs.—Oregonian.

Will Test Grain Law
 With a view of having a test suit brought to settle the constitutionality of the grain grading law passed by the last legislature a meeting of the farm bureau will be held this evening. The move is the immediate result of the stand taken by exporters at Portland that the law is not valid because it conflicts with the federal grain standards. The question is a mooted one and local farmers take the position the law should be tested as soon as possible. In the event the law is held

unconstitutional, steps will then be taken to have the federal grades changed so as to make them more fair to the farmers. The present federal grades have been unjust to the growers and allow a valuable graft to the exporters.

Is Operated Upon.
 Vernon Fowler is convalescing at St. Anthony's hospital after an operation which was performed this morning.

Last Meeting Tonight.
 The last meeting of the Tutuilla Indian camp meeting will take place at the Mission tonight. Rev. Ragan of Pilot Rock will be the speaker.

Acceage Is 226,000.
 Umatilla county's wheat acreage this year is estimated by Fred Bennion, county agent, at 226,000. This is the same as last year's acreage. There is very little spring wheat this year.

Leaves for Hood River.
 Frank Purdy, of the Umatilla Indian Agency, and his mother, Mrs. Purdy, of Oklahoma City, who has been visiting her son, left today for a two-week stay in Hood River on Mr. Purdy's ranch.

New Officers to Arrive.
 The new officers for the local post of the Salvation Army are expected to arrive here tomorrow. They will succeed Captain Jennie Conrad and Lieutenant Myra Moys who have been transferred to other posts.

SITE FOR NEW EIDE
 SALEM, July 6.—(U. P.)—The state boys' training school, which the last legislature authorized, will be located on the state land between the present boys institution and the state tuberculosis hospital, according to announcement.

County Meeting Tomorrow.
 Representatives from 19 towns of the county having commercial clubs are expected here tomorrow evening for the organization of the county federation of commercial clubs. In accord with the plan agreed upon last week. It is planned to entertain the visitors with a dinner.

Will Build Warehouses.
 H. W. Collins, local grainman who lost a warehouse in the recent fire at Myrick, will rebuild at once and has already ordered the lumber for the structure. The Pacific Grain Elevator Co. and the Farmers' Grain Elevator Co. are also making plans to replace their warehouses which were completely destroyed by the blaze.

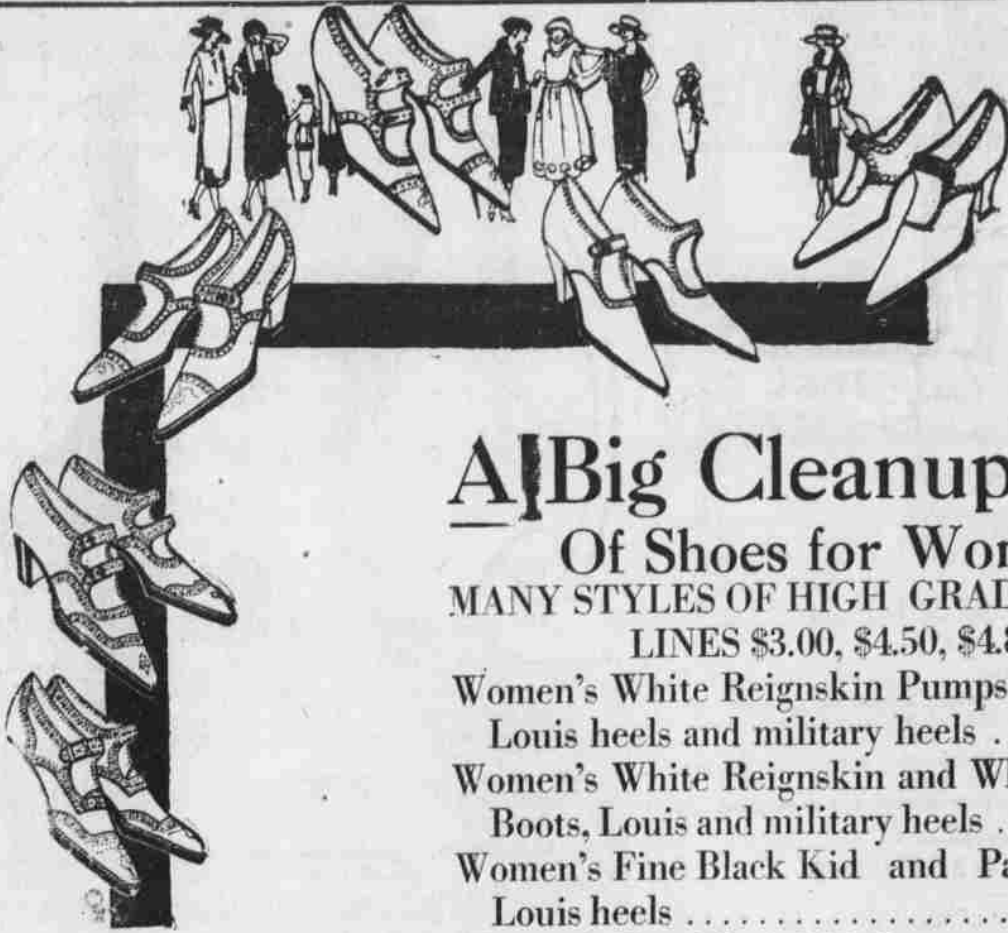

Turkey Red Makes Showing.
 Turkey Red wheat grown on the George Coppinger ranch near Echo is going 30 to 35 bushels to the acre and 140 pounds to the sack, says a report from the west end of the county. Mr. Coppinger was the first wheat farmer in Umatilla county to begin harvest. The crop is better than the usual yield of the region which seldom goes beyond 20 bushels to the acre. It is attributed to the kind of wheat, Turkey red proving well adapted to the light soil of the Echo region and superior to the yield of White Hybrid.

Wheat Tour Friday.
 A visit to the clean certified fields of Jenkins Club wheat will be made Friday afternoon on a wheat tour conducted by Fred Bennion, county agriculture agent. Mr. Bennion is urging all Jenkins Club growers to make the tour and the party will leave the federal building at 2 p. m. Friday. The grainfields east and northeast of Pendleton will be visited. Last year a carload of Jenkins Club wheat was shipped in from Kendrick, Idaho, this seed having been hand picked, selected and put into multiplication. Two 40 acre fields and one 80 acre field at Moscow, Idaho, were the only clean fields of Jenkins Club grown in the Northwest, and Jenkins Club growers are welcoming the news that this year 800 acres of clean certified Jenkins is being grown. The growers are John Adams, Hoyden & Thompson, F. S. Curl & Son, Glenn Dudley, Peinger Brothers Co., J. L. Rogers, Jim Thompson and Sam Thompson. Besides the Jenkins Club the wheat inspected Friday will include Burbank wheat grown by Herbert Thompson and Triplet grown by F. S. Curl & Son.

Real Action

 Here's Carpenter in one of his favorite training pastimes, football. Picture was taken at his Long Island training camp.

Temperature Is 82.
 The temperature today is 82. The minimum last night was 59, and the barometer registers 29.96.

Has Tonsils Removed.
 George Kasari, the eight year old son of Mr. and Mrs. J. B. Kasari of Pilot Rock, was operated upon this morning at St. Anthony's hospital for tonsils and adenoids.

Is Enlarging Offices.
 Dr. H. M. Hanavan is engaged in remodeling the offices formerly occupied by Dr. L. D. Lileman in the Bond building. Dr. Hanavan, who is now located in the Temple building, will in his new quarters have a suite of four rooms and will have a most modern office.

Use Hotels Also.
 All the motor tourists passing through the country do not stay at the camp grounds while here. Many of the travelers stay at the hotels and it has become an unusual day when the names of several such people do not appear on the registers at such hotels as the Pendleton and St. George. In fact the motor travelers make up a considerable share of the hotel traffic just now as general rail travel is light.

Much Fruit in Prospect.
 Hermiston and Stanfield will ship about 40 cars of apples this fall, or four times the number shipped last year, estimates Fred Bennion, county agent, who visited the west end of the county yesterday and who conducted a thinning demonstration there. Hermiston, Mr. Bennion believes, will ship from 15 to 20 cars and Stanfield from 20 to 25. Last year each locality shipped only about five cars. The orchard thinning demonstration was held in C. W. Priam's orchard and about 15 fruit growers were present.
