The remainder of the list rallied varlably but gains and losses were irregularly mixed at the close. Many highgrade rails and industrials were only occasionally quoted in the market's more apathetic stages.

Extreme weakness was shown by preferred shares of the more obscure industrials and specialties.

Changes among rails, in which dealings were unusually light, were nonlinfor the most part, although Canadian Pacific, Atlantic Coast Line, Louisville & Nashville and several coalers cased on small offerings. Sales. amounted to 400,000 shares.

The weekly survey of trade condi-tions by the Iron Age, which referred to steel operations as "unemployment," was supplemented by the report of the to him. Rust Reports Cause Jump in Wheat Values

CHICAGO, July 14-(A. P.)-Rupid development of black rust gave fresh impetus to the upward swing of the price of wheat. After showing gains of 5% cents the market closed ner-September \$1.2814 to \$1.2814 and December \$1.2814 to \$1.2814 and December \$1.3014 to \$1.31. Corn finished 3-8e to 3-4c up and oats up 3-4c to 1c. Provisions closed unchanged to

15 cents higher. Wheat traders displayed special interest in North Dakota dispatches saying that fields which a fortnight ago seemed free of black rust were today badly affected. Other dispatches declared the crop conditions in the state were worse than the trade had generally believed and that hot winds had cost millions of bushels. With continued high temperatures and absence of rain the rule in this country and with no abatement of the Europement drouth, buying orders took on large proportions, and it was near the end of the session before profit-taking on the part of holders led to any material setbacks. A leading elevator concern other strengthening factor was urgent demand from experters for hard win-ter grades. On the upturn December delivery touched the highest price yet for that month in season.

Corn and oats snowed independent strength as a result of smallness of rural offerings. About 175,000 bushels of corn in store here was posted as out of condition.

Provisions averaged higher with grain, notwithstanding weakness in the

2------When the Emergency Demands the Unusual

There come times in the life of every car owner when the instant readiness of his car is the most important thing in the day, perhaps in a whole life,

"Ready to go, able to get there," should be the unfailing answer of the car in such a crisis. Value of car performance at such times runs past any money estimate.

In that connection bear in mind that only the degler who sold you the car can guarantee its constant roadability, We have equipped ourselves with the many things necessary to discharge this dealer-obligation.
