

People Here and There

Clarence Bishop, one of the owners of the Pendleton Woolen Mills, is a Pendleton visitor.

A. B. Chapman, a sheep man of the Pilot Rock district, was here today transacting business.

R. E. Tucker, a community organizer for Community Service, whose headquarters are in Seattle, was here today on business.

Business matters that demand attention are the cause of the visit to Pendleton of Mrs. Janet Dand, a resident of Seattle. She formerly lived here. After a brief stay here she will go to Alberta, Canada, to look after land there.

Dr. R. C. Ellsworth has returned from Portland where he has been on business for the Pacific Chiropractic college. He was president of an examining board which recently examined 13 applicants for licenses to practice in Oregon.

Albert Peterson, who owns most of the business establishments in Ukiah and is an arch booster for an improved road to that part of the county, is here today. He is preparing a big horse sale here on July 23.

BANDITS HOLD UP CAR ESCAPE WITH \$40,000

PITTSBURG, July 15.—(A. P.)—Four masked men held up an electric car and escaped with \$40,000 carried by the coal company paymaster.

Gibbs On Vacation.
Leslie E. Gibbs of the advertising department of the East Oregonian, is enjoying a week's vacation. He is observing the "See Pendleton First" slogan and is willing away the hours playing golf and in other pursuits.

Club Women Make Request
"We are devoting a series of meetings to a study of America, and we would very much appreciate any information about Eastern Oregon that you can furnish. We are particularly interested in your Round-Up." That is the request for a pamphlet that has been received here from a woman's club at Durant, Miss.

Boston Trade To Help
Assurance that the Boston wool trade interests will lend their aid and influence in the fight that is being waged by the western sheep men to have freight rates lowered has been received by the secretary of the Oregon Wool Growers' association. Terminal rates have already been reduced in order to permit the railroads to compete with water rates, but inland points are not receiving a fair deal, according to sentiment that has developed. Several lines of business are united in the effort to get a change.

LOAN \$5,000,000 TO LIBERIA.
WASHINGTON, July 15.—(U. S. S.)—A loan of five millions to Liberia has been agreed upon by the state department it developed when Secretary of the Treasury Mellon appeared before the senate finance committee to discuss the foreign loan situation.

TWO WASHINGTON GIRLS DISAPPEAR FROM HOMES

SEATTLE, July 15.—(U. S. S.)—The police are seeking two girls, both 14 years of age who have disappeared. Alice Johnson went to meet her stepfather at the train, and has not been seen since.

Lucille Shellbarger, of Raymond, disappeared, probably with a Turkish roomer, formerly staying at the Shellbarger home, according to the police who seek such a man.

A boy sixteen years old, while swimming in the Niagara river above Niagara Falls, was swept out into the current and over the falls. He saved himself by clinging to a drifting log which was whirling around in the outer eddy of the big whirlpool. Boy companions threw him the end of a rope and hauled him ashore unharmed.

FOREMAN SAYS HE WAS ABOUT TO QUIT

Portland Man Was About All In When He Found Relief In Tanlac.

"I'm now going on seventy years of age, but there's not a man on the yards who feels better at the end of a day's work than I do," said Samuel E. Apple, well-known yard foreman for the New Mexico Lumber Co., residing at 464 East Clay St., Portland, Oregon, while relating his experience with Tanlac recently.

"For the past three years, that it until I got Tanlac, my stomach has given me a great deal of trouble. I got to where practically everything I ate seemed to collect in a lump like lead right in the pit of my stomach, gas would form and bloat me up as tight as a drum and cramping pains would nearly double me up. My back hurt so bad I just could drag through the day and then when I got home I couldn't eat a bite of supper and had to crawl right into bed."

"Well, I thought I would have to give up work, but I heard so much about Tanlac I got a bottle and it simply made a new man out of me. I've taken five bottles of this medicine and am eating big meals of substantial food like I used to eat years ago and never have a bit of trouble afterwards. I'm rid of all those aches and pains, have gained ten pounds in weight and all my old-time strength and energy have come back to me. In fact I feel fully ten years younger and I hope my statement may cause others to take Tanlac, for I believe it will help them just like it did me."

Tire Retreading

We use the DRI-CURE method of re-treading old casings. This is a process where in the tire is rebuilt by using the same methods used in its manufacture in the factory. The tire is cut down to its carcass (the cord or fibre base) reinforced in all weak spots then a new tread is cured on from virgin rubber in our steam moulds. This gives you a new wearing surface for less than half the cost of a new tire. Come in and let us show you tires now undergoing this process and the finished product.
