GET VALUABLE DATA IN EXPERIMENTS TO PERFECT GOLF LINKS

Course Over Which National Tourney is to be Played Has Received Great Care.

WASHINGTON, July 15.—(A. P.)—The drouth which has prevailed throughout the country has been a matter of especial interest to golfers everywhere on account of its possible effect upon the course of the Columbia Country Club, where the national open tournament is to be played, July 19 to 23.

It was stated at the Columbia Country Club that the course is in excellent shape. The foundation of its present condition is the care which has been given during the past few years to the development of turf on the fairway and putting greens. The latter, watered day and night during the dry spell, have kept their smooth and velvety texture, while the grass on the fairways is of sufficient thickness to withstand the burning rays of the sun.

This satisfactory situation is due to experiments which are unique with the Columbia Country Club, where for many years several tracts have been devoted to testing out all varieties of grass in order to secure the best results. The work on the experimental grass farm has been done by Dr. Walter S. Harban, former vice-president of the United States Golf Association, in conjunction with officials of the

United States Department of Agriculture, who have secured valuable data for farm and lawn work.

The ninth green, which is said by experts to be the finest putting surface in the world, was constructed according to what is known as the vegetative process. This process dispenses entirely with the use of grass seed. A variety of grass known as the creeping bent is cut into little bits about half an inch long which are laid upon the soil and then covered with a top dressing. The silvers of the grass stem then vegetate and form a smooth turf which, when cropped, is of a soft and silky texture, over which the ball will run without deflection.

REDUCTION OF FREIGHT RATES ON LIVESTOCK URGED BY COMMISSION

WASHINGTON, July 15.—(U. P.)—Examiner Disque, of the Interstate Commerce Commission, recommended a substantial decrease in freight rates on livestock in the district of the Pacific Coast to the Mississippi River and from Chicago and Canada to the gulf. The national shippers league requested an application for the order reducing rates, claiming the tariffs were prohibitive, and menaced the livestock industry. A complaint was directed against railroad rates, or ordinary livestock. Disque recommended the reduction, declaring, "While the rates are not excessive from the transportation cost standpoint, still the rates would tide the livestock industry over the present period of adversity and hasten the return of normalcy conditions and business prosperity."

Absinthe was at first used by the French only as a flavor for other beverages.

BONUS FIGHT IS GOING ON SAYS NEW NATIONAL COMMANDER OF LEGION

John Emery Messaged McCumber, Pilot of Bill That Penrose Motion Must Not Pass.

INDIANAPOLIS, July 15.—(U. P.)—John G. Emery, national commander of the American Legion, messaged Senator McCumber, the bonus bill pilot, that the Penrose motion recommending the bonus bill to the finance committee, must not pass. He declared the bonus fight is going on and the legion is not being swayed by President Harding's request that congress take no action on the bill now.

MEXICAN PRESIDENT WANTS WORK ON OIL FIELDS RESUMED SOON

GALVESTON, July 15.—(U. P.)—According to dispatches from Mexico City, President Obregon rescinded the crude oil export tax, following the all-night session of the Mexican congress committee. The action followed the United States assurance that this country impose no oil import duties. Obregon urged immediate resumption of work in the oil fields in an effort to relieve unemployment.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil, get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

These dogs are very temperamental and while they will mosh over an incredible number of miles per day, and will draw a considerable load without complaint, they insist on kind treatment. Nudging will spoil the best dog in the team, and as soon as one dog shows signs of temper his team-mates follow suit promptly, and the result is that upon the slightest provocation the whole is a snarling mass.

The diet of these dogs consists of bacon, rice, dried salmon, cornmeal and oatmeal with bacon. They are fed once a day, in the evening.

HOLDUP OCCURS IN DOWN TOWN DISTRICT OF CITY

SEATTLE, July 15.—(U. P.)—One of the boldest robberies in Seattle's history occurred when three bandits placed automatic revolvers against the heads of Leiland, Higby and Curtis Plisk, 18-year-old messengers of the Northwest Trust and Savings Bank, forced them to drop a bag containing \$25,000 in currency and escaped in a high powered automobile. The hold-up occurred in the heart of the downtown business district with hundreds of people passing. Shotgun squads from Seattle and nearby cities are out after the fugitives.

Car Sighted on Boulevard.

Following the robbery the car containing the bandits was sighted on Lake Boulevard, with a carload of policemen giving chase. The bandits were driving a car stolen earlier in the day and succeeded in eluding their pursuers.

LIVESTOCK RATES HEARING

WASHINGTON, July 15.—(A. P.)—Livestock rates are held unreasonable and substantial reductions were recommended in a report to the interstate commerce commission today by Examiner Disque. The case, brought by the Western shippers, will be heard by the commission today.

BERRY JOINS GIANTS

NEW YORK, July 15.—(U. P.)—Howard Berry, formerly one of the Pennsylvania University's greatest athletes, has agreed to join the New York Giants.

LOVE CONQUERS ALL IN "THE FORBIDDEN THING"

Abel Blake, descendant of the Pilgrim fathers, poor but industrious and honorable, is in love with Joan, also a descendant of the Mayflower colonists. Abel and Joan become engaged to be married, and then Joan is called away by the illness of her uncle. Abel, being despondent, wanders into the little town and there meets friends who persuade him to accompany them to a dance hall and drink emporium, a notorious resort of the community. Glory Prada, daughter of the Portuguese senator and wily and with loose morals, takes a fancy to Abel but he scorns her attentions.

BUCK JONES THRILLS IN "TWO MOONS" FILM

Thrills and love interest are the dominating elements in "Two Moons," the William Fox photoplay starring Buck Jones, the daring cowboy, which opened an engagement at the Pastime Theatre last night. The picture tells a vigorous story of a love that grew out of the bloody feud between the cattle barons and the sheep herders of Wyoming for control of the grazing lands.

"Two Moons" was adapted and directed by Edward J. Le Sauter from the novel "Trails to Two Moons," by Robert Welles Hiteau. Carol Holloway, in the role of the tempestuous daughter of a sheep herder, proved to be just as capable as she is pretty—which is saying a good deal for Miss Holloway.

PRIZE WINNING TEAM OF ALASKAN DOGS IN "BUCKING THE TIGER"

Conway Tearle, who is starring in "Bucking the Tiger," the Selznick picture which comes to the Alta theatre today is a great dog lover, and it is very rarely that he appears in a picture which has not at least one dog in it.

In the coming production Mr. Tearle drives one of the finest teams of malamutes to be found in Alaska, and worth several thousand dollars.

FORD

The Universal Car

Remember that when you bring your Ford car to us for mechanical attention that you get the genuine Ford service, materials, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics with equally poor quality materials. Bring it to us and save both time and money.

We are authorized Ford dealers, trusted by the Ford Motor Co. to look after the wants of Ford owners. That's the assurance we offer. We are getting a few Ford cars and the first come, first to receive delivery.

Have you thought about that Sedan or Coupe for this fall and winter? They are mighty comfortable and cozy when the wind blows and the rain is falling. Come in and look them over and place your order in advance so that we can be sure of ordering enough to go around. This will be the closed car year.
