NEW YOUNG SHOTS ENTERED IN SHOOT MAKE MEN WONDER

Business of Picking Trapshoot
Winner Will be Difficult
Feat This Year, Belief.

CHICAGO, Ill., July 16.—The National Amateur Trapshooting Championship will be determined at the South Shore Country Club here July 22. A large number of the contestants entered so far have never appeared in championship trapshooting contests before. Most of the "newcomers" are young men.

The "jury" which will have the picking of the national champion as its duty will be faced this year with a difficult task, sportsmen say. This will be due primarily to the new young state champions taking part in the event, whose caliber is unknown to the judges.

To compete for the National Amateur Trapshooting Championship it is first necessary for the contestant to have won the championship for his state. This is accomplished only by defeating several hundred shooters. In turn the national champion must defeat all the state champions before securing right to the national title.

Frank Wright eliminated Delaware will be represented by H. L. Morgan. The title in this state for years has been taken care of by Billy Ford. W. H. B. Mopitt won the championship in Vermont.

In 1910 Moulton won the title, and since that time it has been won by either C. H. Burr or Doug. Barclay. Burr was runner-up this year. J. L. Hazenwood won in Minnesota; J. A. Foster in Michigan; E. C. Greig, in Idaho; J. H. Finch, in Connecticut; S. M. Crothers, in Pennsylvania; William Lambert, in Oklahoma; A. E. Kroehle in Ohio; E. P. Stegman, in Nebraska; R. M. Lee, in Maryland; Ray Alsworth, in Kansas; W. C. Carpenter, in Georgia and Fred Shaver, in Arkansas. All of these shooters broke 195 out of 200 targets or better.

Frank Wright, who won the National Amateur Championship the last two years, was eliminated in New York by Asher Smith, but was still some old standby in the championship. In Frank Troeh, Paul Earle, Nick Arle, Jimmy Day, Billy Hoon and Frank Hughes.

England vs. America

LLOYDS WIN RAIN BET.	ST. LOUIS, Mo., July 16.—(U. N. S.)
The cards of fate are stacked against the St. Louis Municipal Opera Association. Rain insurance doesn't pay.	

For eighteen days the association has bet Lloyds \$50 to \$1000 that more than a tenth of an inch of rain would fall on the Railway Exchange Building roof, twenty stories high, between 4 and 8 p. m. While heavy showers presented presentation of operas in the west and open air theatre, only slight sprinkles have fallen atop the specified building.

PAIGE

The Most Beautiful Car in America

A Safe, Sane Investment

Our five passenger "Glenbrook" is a new 1921 car—not an old model re-painted and re-christened for the selling season. Keep that point in mind please. It amounts to a positive guarantee against sudden and unwarranted depreciation.

Furthermore, the price has been reduced to \$1635. You have only to look at the car to realize that no greater value was ever offered before, during or after the war. In fact, no such car was possible until 1921.

These are hard facts, and they are very important. Give them a little consideration and you will understand why the "Glenbrook" is so universally regarded as a safe, sane and profitable investment.
