Including Pendleton Prices and Associated Press Reports

Weakness Characterizes Portland Stock Market

(From The Oregon Journal) Hogs are out of line here and weak, cattle were quoted nominal, while there was a lower price quoted for lamb at North Portland at the opening of the Thursday trade.

On the basis of the Chicago price, hogs were not worth above \$12 in the local trade, and while \$12.25 to \$12.50 were bid early for supplies, receivers were asking the full price recently quoted. The big killers are getting the bulk of their hogs much below what the local market has been quoting, and this has put the little butchers in a bad way.

General hog market range: Prime light \$12.00 to 12.50, smooth heavy, 250 to 300 pounds 10.00 to 11.00, smooth heavy, 300 lbs., 8.00 to 10.00, rough heavy 5.00 to 10.00, fat pigs 12.00 to 12.50, feeder pigs 11.00 to 12.00.

Stags 5.00 to 8.00, Just one lone head appeared in the cattle alleys at North Portland at the opening of the Thursday trade. Recent demand in this line has been about steady. Former quotations are therefore nominally continued.

General cattle market range: Choice steers 6.75 to 7.25, medium to good steers 5.50 to 6.50, fat to medium steers 4.75 to 5.50, common to fair steers 3.50 to 4.75, choice cows and heifers 5.50 to 6.00, medium to good cows and heifers 4.50 to 5.25, fair to medium cows and heifers 2.50 to 4.50, common cows, heifers 2.75 to 3.50, canners 1.50 to 2.75, bulls 2.50 to 3.50, choice feeders 5.00 to 5.50, fair to good feeders 4.00 to 5.00, choice dairy calves 10.50 to 11.00, prime light dairy calves 10.00 to 10.50, med. light dairy calves 7.00 to 10.00, heavy calves 3.50 to 7.00.

Lamb situation was weak, with early bids at North Portland Thursday showing a loss of about 5c from the former price. Mutton trade in general was considered about steady, but very slow.

General sheep and lamb range: East of mountain lambs \$ 8.50 to 7.25, best valley lambs 5.50 to 6.00, fair to good lambs 5.00 to 5.50.

Cull lambs 4.00 to 5.00, light yearlings 4.00 to 4.50, heavy yearlings 3.00 to 4.00, light wethers 2.00 to 3.25, heavy wethers 2.00 to 3.00, ewes 1.00 to 3.00.

Credit For Germany Strengthens Wheat Price

CHICAGO, July 22.—(A. P.)—Wheat developed some strength yesterday, largely because of reports that Germany had obtained credit in Great Britain to buy breadstuffs. The market closed firm, at the same as Wednesday's finish to 3-4 cents higher, with September \$1.26 1/4 to \$1.26 1/2 and December \$1.29 1/4 to \$1.29 1/2. Corn closed 1-8 cent off to 1-2 1/2-3c up, and oats gained 1-4 cent to 1-2 cent. In provisions the outcome ranged from 12-13 cents decline to a rise of 2-12 cents.

Strength showed itself almost exclusively during the final half hour after word had been circulated that British bankers had made a \$15,000,000 loan to Germany to be used mainly for the purchase of wheat. Bullish sentiment was also stimulated by famine news from Russia and by advices that the western Canadian crop would not be larger than last year. Until the bulge in prices, however, bears had things much their own way. A good deal was made of predictions that receipts would continue liberal and the need to track deliveries here owing to congested storage facilities and the elevator employees' strike.

Excellent crop prospects tended to ease the corn market. Oats were relatively firm as a result of disappointing yields.

Higher quotations on hogs partly counterbalanced in the provision market the depressing effect of a break in large prices at Liverpool.

Call Money Declines To Easier Basis

NEW YORK, July 22.—(A. P.)—The stock market's only outward recognition yesterday of easier credit conditions announced over night was a decline in call money quotations from 6 to 5 1-2 per cent.

Total transactions of 285,000 shares established a low record for the year. The trend of prices was downward.

Shorts made some impression on steel, equipment, motors and miscellaneous issues, including Famous Players. Fire in the Mexican oil fields and rumors of financing by one of the Royal Dutch subsidiaries served as an excuse to depress oils.

Rails were comparatively strong, despite June statements of various important systems which disclosed smaller gross earnings. Coppers and allied metals were unaffected by price concessions.

Exchange on London weakened on selling precipitated by development in the Silesian situation. Later partial recovery was effected with improvement in French, Belgian and German rates.

With few exceptions the bond market was firm to strong. Liberty issues were appreciably better, most rails trended upward and the feature of the foreign group was the strength of various municipals, notably Danish and Swedish issues.

Total sales, par value, \$10,875,000.

We know a little wife who says she "just worships her husband." Well—we notice that she often goes so far as to place burnt offerings before him so it must be true.

Just when we get to enjoying ourselves telling someone how much we notice the warm weather the other fellow begins to talk about his own symptoms.

We read of a Spanish chess player who made four moves in two hours. After a little more practice he ought to qualify as an all-American brick-layer.

Nature Note

We were interested in the news in yesterday's E. O. about the night-blooming Cereus grown in a local garden. May we be allowed to remark that the name of the flower makes us think of the recent liquor raids; they certainly make a night blooming serious for the home brewer.

Two things that all others are most pitiful One is the desperation with which a bold man clings to the last few remnants of his hair and the other the determination with which a woman goes about to erase the first wrinkle.

PASTIME TODAY

A fortune teller in Salvatti's circus. It is while acting in this capacity that her son comes to her. He, too, has been crushed in the scientific certitude of his father. Realizing his need for a mother's care, Irene is virtually reborn. She begins to undo the harm wrought by the husband. She gives up the circus to be near her son. She establishes herself as a seeress. Her regeneration begins. And in her regeneration she brings about the salvation of Stephen. But how she achieves her end through the urge of mother-love and the psychic phenomena which enables her to win out are tremendous climaxes of the story which must be seen to be appreciated. One is made to think and to weep at the same time. Miss Rambeau, in "The Fortune Teller," is at her best. Her dramatic power and her faultless technique dominate the picture and make the screen story even more entertaining and instructive than the stage performance. Her transformation from a cultured and beautiful woman to the torn thing in the little circus sideshow can only be classed as extraordinary. Miss Rambeau, in "The Fortune Teller," has scored the greatest triumph of her career.

ALTA TODAY

Lovely woman, charming enough when a creature of the boudoir and drawing room, can be still more interesting when she invades the precincts of man and battles with him on his own ground. This is shown conclusively in the

new Selznick special, "The Woman God Sent" featuring Zena Keefe and Joe King, which is to be shown at the Alta theatre for two days beginning today. The story is by Sophie Irene Loeb, and was adapted and directed by Larry Trimble. It is a deep drama, with a touching love current running through a picture of industrial struggle and political manipulation.

Love, politics, strife, intrigue, mystery and a thrilling denouement—all these contribute to make a situation in which every emotion of the audience is played upon—and responds. She is a wonder woman, this Margaret Manning, portrayed by Zena Keefe. Born under a cloud, losing her mother in her infancy, not knowing even the name of her father, she overcomes all the obstacles of poverty, prejudice and ignorance. She triumphs over cunning and rapacity, bests intriguing lobbyists at Washington, and wins the man she loves.

Arden theatre last night. In this adaptation of Wilkie Collins' story of the same name Miss Talmadge portrays three separate and distinct characters, each being of a different social class, age and physical appearance. Not only does the star make her portrayals realistic but she makes them convincing. It will be remembered that Wilkie Collins has his principal character to discuss herself as to completely make her own husband believe that she is another person, something that may be easily done on the printed pages of fiction but not so easy of accomplishment in real life or stage or screen. How Miss Talmadge "gets away with it" is but one of the many unusual things in "She Loves and Lies." As in all of this star's previous Select productions the talent surrounding her is of the highest calibre. Conway Tearle is leading man and the balance of the cast is composed of well known stage and screen favorites. The technical work, such as settings, lighting and effects are just a little ahead of the high standards now expected by patrons of the photoplay.
