She called 339 subscribers and told of the variety of complaints. The commission permitted City Attorney Mott, of Astoria, to call N. Wisdon, a telephone company rate expert, and C. C. Attorney Shay said the rates were based on plans for improvements to be made at Astoria.

Engineer Gives Testimony.
SALEM, July 22.—(U. P.)—Major Garrison Babcock of Seattle, consulting telephone engineer for the city of Portland, told the public service commission that low toll rates and low rates in the big business classification, caused the under development in the community as a whole. Low business rates operate to make the telephones so expensive to the middle class users, small business men and wage earners, that they couldn't afford the service. Heavy users must bear the burden and give the company adequate revenue, else the middle class user will suffer and cause a retarding development among this class.

Portland Man Says Back Hurt Him So He Could Not Stoop Over.

"Well, sir, I am feeling ten years younger since 'Tanlac fixed me up,'" said Carl Johnson, 18 Middle St., Portland, Ore., well-known employe of the Cunard Steamship Line.

"For years I had been plunging along bothered with stomach trouble and constipation. I felt bad all the time, but for some reason I would get worse at the change of every season. My back hurt me so bad I could not stoop over and often I was in such bad shape I had to give up work two or three weeks at a time.

"It certainly was a surprise to me the way Tanlac straightened out all my troubles. My appetite is great now and I am not bothered with stomach trouble and have even stopped the use of laxatives. I eat better, sleep better and feel better than I have in ten years or more. I just bought health when I bought Tanlac."

"Tanlac is sold in Pendleton by Thompson's Drug Store.

LAND TO BE LISTED BEFORE PARTY COMES

Following the recent announcement that the date of the settlers' excursion from the middle west to Oregon had been postponed from July 19th to September 20th upon request of large numbers of homeseekers who are unable to make the trip until after harvest, the Oregon State Chamber of Commerce is making complete preparation for the September trip.

The Pendleton Commercial Association has been urged to complete the listing of available lands in Umatilla county for the information of the settlers, and these listed lands will be placed in the hands of each member of the party. In this way, the homeseeker will know in advance the price and description of actual tracts of land in this district.

George Quayle, general secretary of the State Chamber is now on a tour of the state for the purpose of securing representatives of various districts who will assist the State Chamber representatives in the Middle West in the work of lining up prospective settlers.

No wonder the fat man chuckled

I SWELLED with pride. THE FAT man next to me. WAS READING one OF MY cigarette ads. AND I felt him chuckle. NOW NO one had ever. PRAISED THAT ad. SO I had to ask. IF HE liked it. AND HE said, "Sure." AND LAUGHED some more. THEN HE said. "LOOK HERE" and pointed. AND WHERE I'd written. "PURE TOBACCO." THE PRINTER had set. "PURE TOBACCO." AND THAT'S why the man. THOUGHT MY ad.

WAS HOT stuff. BUT THEN he said. "FORGET THE ads. I NEVER read 'em. BUT LEMME tell you. SOMETHING DIFFERENT. THEY OUGHT to say. ABOUT THAT cigarette. AND THAT is this. THEY SATISFY." AND DARNED if I don't think. HE REALLY believed. HE WAS giving me. SOMETHING NEW!

YOU can blame it on the printer if you don't see "They Satisfy" in a Chesterfield advertisement. But be sure of this—you'll find it in the cigarette every time. Wonderful Turkish and Domestic tobaccos, wonderfully blended—it sounds easy. But you'll find nothing else like Chesterfields. That blend can't be copied.
