

**BUICK DELIVERED
13,759 AUTOS TO
OWNERS IN JUNE**

Figures Compiled From Branches and Distributors Show Keen Demand Exists for Car

Figures that reflect the strength and potentiality of the United States and one of its greatest industries were released for publication today by the Buick Motor company. They show that during the month of June 13,759 Buick automobiles were delivered into the hands of owners. All their cars were six cylinder models, ranging in price from \$1,495 to \$2,625.

The figures were compiled from reports received from every branch and distributor in the country and they represent in the most convincing way the position which Buick occupies in the minds of the buying public.

Still Handling Big Figures
"Someone has said that the automobile industry was through with big figures, but their totals decisively

prove the contrary," said E. T. Strong, General Sales manager, who made the announcement. "They evidence that the automobile industry has earned right in the title of one of America's greatest industries, and that the spirit of pessimism which was prevalent in some quarters did not faithfully represent the sentiment of the public upon whom the industry depends for its success or accurately measure the extent of the transportation needs of the country.

"The fact that nearly 14,000 Buick cars were placed in the hands of owners in the month of June should not be regarded as an astounding or phenomenal. Instead the figures can be interpreted as a concrete demonstration of the tendency of the people to invest in the most practical and sane and need."

**ATHENA FAMILIES VISIT
AT BINGHAM SPRINGS**

(East Oregonian Special.)
ATHENA, July 23.—Mr. and Mrs. Dean Dudley spent Sunday at Bingham Springs.

Mrs. Henry Dell and daughter Lucinda were in Pendleton Tuesday evening.

Miss Hazel McFarland was in Adams Tuesday evening.

**DENIES CHARGE HE TOOK
MONEY FROM BERGDOLLS**

WASHINGTON, July 23.—(U. P.)—"My answer to Mrs. Bergdoll's charge that I demanded \$100,000 from her and that I obtained \$50,000 to secure her son's release is false," declared Major Bruce Campbell before the house Bergdoll committee. "There is not a word of truth in it."

**Strengthen
the Muscles
of Your Car**

Your piston assembly contains the real "muscles" of your automobile. The strong, even, co-ordinated functioning of these muscles depends on the wristpin which joins the piston with the connecting rod. If the wristpin breaks or is worn and loose you have trouble — costly trouble with your motor.

Mann quality soft-core pins are absolutely round and without taper. They are tested and guaranteed for hardness and are sold on a quality basis only. To get the most out of the "muscles" of your car insist that your repair man install these pins the next time he goes over your piston assembly. We have them for all cars in standard and oversize.
