

News Notes of Pendleton

CALENDAR OF EVENTS
 June 27-August 1—Summer Normal School.
 July 28—Meeting of Umatilla and Walla Walla County wheat growers.
 September 19-24—Northwest Grain and Hay Show.
 September 22, 23, 24—Annual Pendleton Round-Up.

News of Death Arrives.
 News of the death of William Bittner of Carlisle, Pennsylvania, was received today by his son, Sam Bittner, Mr. Bittner, who was 82 years of age, had been in good health until recently. Besides the local man he is survived by a son, Bittner, and Alfred Bittner, both of whom reside in Pennsylvania. Mrs. Bittner died 15 years ago.

Lightning Fires Wheat.
 A pile of wheat in the sack in a field belonging to Joe Hanscom in the Cold Springs district burned yesterday after being struck by lightning.

Wheat Tests Are High.
 Tests of wheat this year, according to buyers, are proving uniformly high. Practically all varieties are scaling at least 60 pounds and some has gone as high as 64 pounds. One grower has reported a test of 60 pounds in the dirt this year, and last year wheat from the same kind of ground tested between 54 and 56.

Round-Up Is Featured.
 The Pendleton Round-Up is featured in an article in yesterday's Oregon Journal, telling the story of the writing of "Let'er Buck," by Colonel Charles Wellington Furlong. Under the heading, "Pendleton's Great Round-Up is an American Episode; Author Captains a Wonderful Picture of its Spirit," the article tells the story of the Round-Up and quotes at length from "Let'er Buck."

Make Big Cattle Shipment.
 Big cattle owners in the south part of the county joined in a second train-load shipment of cattle from Pilot Rock which was shipped from Pilot Rock Saturday morning. They were billed to Seattle, but a part of the lot will undoubtedly be sold in Portland. Twenty-eight carloads were included in the shipment.

Ceilings Get Paint Coat.
 The ceilings of The Peoples Warehouse are resplendent in a coat of new paint today following a day of labor spent by painters in the store over Sunday. Some damage by smoke was done to the paint recently as a result of the fire that started in the Wendt Paint Store, and the improvement brightens the appearance of the big spacious rooms.

Want to Bring Settlers.
 A request for information about land for sale here as well as markets, rainfall and other data has been received at the office of the Commercial Association from a colonization company at Gary, Indiana. The seekers of information declare that they have a number of clients who have been employed by the steel mills who have at least \$2500 which they want to invest in Eastern Oregon lands.

Gets Jail Sentence.
 On a charge of unlawful possession of liquor, Ted Smith was given a term of 45, or 25 days in jail when his trial was held Saturday afternoon in police court. He accepted the full sentence. George Murray forfeited bail of \$5 when he was arrested on a charge of running a car with the cut-out open. George W. Caldwell also forfeited bail when he was arrested on a charge of parking a car on the wrong side of the street.

Governor Writes Appreciation.
 "I wish to assure you that I have been at so many of the Round-Ups that I feel a deep personal interest in its success, and whatever nice things I have had to say about the show come from the heart." That is the message received here from Governor Olcott in a reply to a letter of appreciation sent him recently for his attitude when an effort was made by officers of humane organizations to throw further restrictions about the handling of stock during the big show.

Halo Belts Roads.
 Newly graveled roads in Umatilla county have not yet settled will be greatly benefited by the steady rain that has fallen today, students of conditions believe. Road builders watch weather conditions very closely when now roads are being put down, and a heavy shower on newly placed gravel is one of the best things possible to insure the road settling to a firm base. Several miles of road on the Old Oregon Trail over Cabbage Hill will be packed a great deal by the shower, and a short stretch on the Pendleton-Echo road is expected to be improved.

Kelly Show Arrives.
 In two special cars the Kelly Comedians arrived today on No. 17 and in spite of the rain moved promptly into the lot across from the postoffice. The management has acquired a repertoire of new plays some of them still playing in New York and with the new material, new scenery and new costumes, they promise some exceptional entertainment for the week. "Phil 'Able' Berg and Bert 'Sifters' Hunt still furnish most of the laughs and they are pleasing larger houses coming back than they did on the way east. An addition since the company played Pendleton is the "Richard's Sextette" who offer something new and different in harmony. This will be the last opportunity to see the company of funsters this summer as it will be only a few weeks now until they close under canvas and open their fall and winter engagements. Incidentally the Kelly folks are now boasting ninety-nine weeks continuous showing, a record which speaks volumes for the quality of the show.

Newspaper Wants Pictures.
 The Dayton, Ohio, News wants pictures of places and scenes of interest of Pendleton and Umatilla county for its files, and a request for such material has been received by the Commercial Association. Scenes of the big wheat fields and features from the Round-Up will be sent to the paper.

It's a Boy.
 Mr. and Mrs. Clyde Phillips are the parents of a boy with lousy lungs who was born Saturday afternoon at 6 o'clock at St. Anthony's hospital. The youngster weighed seven pounds at birth, and he has been named James Terry Phillips. Mother and son are getting along nicely and papa is wearing a smile.

HENRY FORD'S MAGAZINE NOT TO ATTACK K. OF C.

NEW YORK, July 25.—(I. N. S.)—The Knights of Columbus have been assured that Henry Ford does not intend to attack the K. of C. or other Catholic organizations of the Catholic church. When there were apparently well-founded rumors that the Ford paper planned to attack Catholics after concluding what has been called an anti-Jewish campaign, members of the Knights of Columbus in Detroit, requested, through Frederick E. Holtzner, an officer of Detroit Council, K. of C., information from the editorial board of the Ford weekly as to whether an anti-Catholic campaign was contemplated.

Supreme Secretary William J. McGinley, of the K. of C., announced recently that W. J. Cameron, one of the editors of the Dearborn Independent, had assured the Detroit Knights that no anti-K. of C. or anti-Catholic campaign would be made by that journal.

PLANETS ACQUITTED.

ANN ARBOR, Mich., July 25.—(I. N. S.)—The conjunction of Jupiter and Saturn is not to blame for the excessive heat this summer, according to Professor Ralph Curtis, of the University of Michigan. The heat thrown off by other planets is so small as to be almost negligible, the professor declares. The two planets are several million miles distant and that they only seem to be approaching closer because they are in a line with the earth. Nor are comets to blame, the Michigan scientist declares, for the torrid waves.
