

DAILY MARKET NEWS, LOCAL AND GENERAL

Including Pendleton Prices and Associated Press Reports

Hogs Up Again, Sheep Off and Cattle Slow

(From The Oregon Journal.)
Total run of livestock included 120 for the week's opening, compared with 155 last Monday and 116 cars a year ago. Hogs were scarce and about 25c higher, cattle were steady to 5c lower, while sheep were depressed with no early transactions.
With only about one full load in the alleys, the market for hogs was nominal for the week's opening. Sales were made at strong prices for the very limited total and transactions in general were a quarter higher. Tops sold early at \$12.75.
General hog market range:
Prime light \$12.00@12.75
Smooth heavy, 250 to 300 pounds 10.00@11.00
Smooth heavy, 300 lbs. 9.00@10.00
Rough heavy 6.00@10.00
Fat pigs 12.00@12.50
Feeder pigs 11.00@12.00
Stags 5.00@ 8.00
Cattle were in very liberal supply at North Portland for the week's opening. Arrivals in the alleys totaled 2885 head, a week ago.
Killers were inclined to "lay down" at start of the day, resulting in general losses of 25c to 50c in the better class of steers, cows and heifers. No change was shown early in the general range for the poorer steers or in similar class cows and heifers for the very good reason that if prices are further

reduced shippers must pay the freight out of their own pockets.
One lot of steers shipped by E. W. Miller of Pilot Rock sold at \$7.00 early in the day.
General cattle market range:
Choice steers \$ 6.00@ 6.50
Medium to good steers 5.50@ 6.00
Fair to medium steers 4.75@ 5.50
Choice cows and heifers 4.75@ 5.25
Medium to good cows and heifers 4.00@ 4.75
Fair to medium cows and heifers 3.00@ 4.00
Common cows, heifers 2.25@ 3.00
Canners 1.50@ 2.25
Bulls 2.50@ 3.50
Choice feeders 5.00@ 5.50
Choice dairy calves 4.00@ 5.00
Prime light dairy calves 10.50@11.00
Med. light dairy calves 7.00@10.00
Heavy calves 5.50@ 7.00
Depressed tone was shown in the sheep and lamb alleys for the week's opening at North Portland. There was total showing of 4697 head, compared with the record of 12,928 head last Monday, but even this great decrease in the supply failed to stimulate buying. Killers were adverse to taking hold unless they could punch a hole in values and this receivers were unwilling to allow at the opening.
General sheep and lamb range:
East of mountain lambs \$ 6.00@ 6.50
Best valley lambs 5.50@ 6.00
Fair to good lambs 5.00@ 5.50
Cull lambs 4.00@ 5.00

Light yearlings 3.50@ 4.25
Heavy yearlings 3.00@ 3.50
Light wethers 3.00@ 3.50
Heavy wethers 2.00@ 3.00
Ewes 1.00@ 2.00

More Call Money Offered at Lower Rate
NEW YORK, July 26.—(A. P.)—A far measure of activity and strength, especially among steels, equipments and rubber, sugar and tobacco specialties, marked the opening of the week on the stock exchange. Part of this advantage was concealed in the idle drift of the later dealings, the market closing irregularly. Sales 253,000 shares.
Failure of a prominent brokerage house with local and Philadelphia connections suggested that certain weak features in the market's technical position were in process of further readjustment or liquidation.
Offerings of call money at 5 1/2 per cent, later shaded to 5, were larger than since the disbursement of July interest and dividend payments. Time rates held firm, but interior banks again bought liberally of merchants' paper.
Foreign exchange was the one branch of the financial markets in which reactionary conditions prevailed. The London rate for demand bills fell to a fraction under \$3.57 and continental quotations yielded variably.
Trading in bonds was moderately active, industrials and rails adding fractionally to last week's gains. Liberty issues closed mostly at higher levels but internationals were mixed. Total sales par value, \$16,875,000.

Foreign Situation Causes Wheat Balize
CHICAGO, July 26.—(A. P.)—Wheat prices bulged at the last yesterday because of reports that wheat bought by Belgium in Australia was being received out of condition. The market closed firm 3-4 to 1-4c net higher, with September \$1.23 1/4 to \$1.22 3-4 and December \$1.26 1/4 to \$1.25 1/2. Corn gained 3-8 to 5-8c, oats 1-2@ 3-8c to 5-8c, and provisions finished unchanged to 1/2c lower.
Late strength of wheat was emphasized by gossip that exporters could not obtain their requirements in the market here. Renewed attention was thus drawn to a statement from Secretary Hoover putting stress on a forecast that United States surplus grain would be in demand for Europe. Until ruled heavy owing to continued big receipts here and to a likelihood that the total primary receipts this week might exceed any previous record. Besides, hedging pressure was such in evidence during the morning and premiums for fancy spring grades were shot to pieces, tumbling 25c in some cases compared with Saturday. On the other hand, a decided falling off in hedging sales took place in the last hour, shorts covered freely and commission house demand was said to be of a good class.
Export sales of 500,000 bushels rattled corn from the bearish effect of rains, but hedging sales kept oats weak.
Lower quotations on hogs acted as a weight on provisions.

Hogs Slow, Cattle And Sheep Active
KANSAS CITY, July 26.—Cattle—Receipts, 16,000; yearlings steady to strong; half load \$9.25; dry-fed steers steady to 25c higher; top heavies, \$9; other grades steady to 25c lower; best Texas, \$7.50; Texas yearlings, \$8; best Kansas grassers, \$7.75; many grass and cake-fed, steady to strong; bulk canners around \$2; most bulls \$4.25@5; calves steady to 50c lower; practical top, \$8; many calves \$6@7; other classes uneven, but mostly steady; best cows, \$7.75; medium to good, \$4@5.25; best stockers, \$6.50; good feeders \$6.
Hogs—Receipts, 6500; better grades barely active; others slow; mostly steady to 1/2c lower; best lights and medium to shippers, \$19.25; top, \$19.40; bulk of sales, \$9.20@10.20; packer top, \$10.20; throwout sows and pigs, around steady.
Sheep—Receipts, 5000; western lambs steady; Idaho, \$19.50; native lambs steady to 25c higher; old bunches, \$9.75; load, \$9.65; sheep, 25@50c higher; Idaho ewes, \$5.50.

A late Paris style is feather shoes. For the fall trade evening shoes are to have toes tipped with little plumes and paradise feathers are to be on the buckles.
A girl twenty years of age recently swam around Manhattan Island, forty miles, in less than sixteen hours. In 1915 another woman performed this feat in eleven hours and thirty-five minutes.

OUTBURSTS OF EVERETT TRUE

U. S. PLANS NEW FLEET OF SEA GOING PANTHERS

WASHINGTON, July 26.—(By T. N. Sandifer, I. N. S. Staff Correspondent.)—America's submarine fleet is to be as powerful and efficient as that of any nation in the world.
Eighty first class "sea panthers" are now in operation, and the navy department is planning the addition of thirty S-boats, the latest and most improved type of under the surface fighter.
When these new craft are received and prepared for active work we will have a good submarine fleet, Secretary of the Navy Denby said today.
Persistent rumors have prevailed recently in congress and in naval circles that the submarine fleet of the American navy was "on the bum," but Secretary Denby's denial of these stories and his expressed desire to make the navy's U-boat flotilla a formidable arm of the nation's first-line of defense has quieted some of the most aggressive of those who have attacked the department's policy and building programme.
Plans for greater development of submarines were among the features of the navy appropriation bill for the next fiscal year, and much of the criticism levelled at the navy department's subsea policy and the alleged poor condition of the submersible fleet was brought to a head in a resolution introduced in the senate by Senator King (D), of Utah, directing an investigation of American submarines by the senate naval affairs committee. No action has been taken on this resolution since its introduction, and it is regarded as unlikely that the proposed investigation will be conducted.
Latest Flotilla in Pacific.
One of the latest rumors concerning the condition of the submarine fleet had it that a number of U-boats were tied up at the Panama Canal and that they were of no use except as junk.
Secretary Denby declared that certain divisions operating in tropical waters have encountered difficulties due to the climatic action on engines and gear and that experiments are now being conducted to eradicate these troubles.
A flotilla of the latest type of submarines made their way recently to the Pacific and are now operating in the waters of the Pacific Ocean.

OFFICE CAT

The trouble with some laundries is that instead of cleaning the collars they only sharpen them.
A woman who marries a man younger than she is will soon age him.
Speaking of discipline in the navy, have you noticed a better instance than when Mrs. Sims told the Admiral he had talked enough. We'll say, if Mrs. Sims were on the quarterdeck more, the Admiral would foul his anchor line less.

Wull, Mobby 'Tis
"It's paradoxical, is it not?"
Said Uncle Abner Skittle,
"That a woman kin talk such an awful lot.
An' say such an awful little."
Extra Girl—"I wonder why they call Miss Screene a Star?"
Leading Man—"Oh, because she is so cold and distant."
Quick, Watson, the Gas Masks
Those who heard St. Reetz, as a member of the Apollo Quartet, sing "The End of a Perfect Day" at the band concert little knew that it was almost the end of the evening as well for St. For in taking a deep breath he gathered in a well-developed gnaw of such proportions that St. just escaped strangulation.
That Massachusetts man who was caught making synthetic nickles probably will be sent to an institution for the criminally insane.

HOOVER REITERATED GOVERNMENT'S ATTITUDE

WASHINGTON, July 26.—(U. P.)—Secretary Hoover reiterated the government's attitude toward the Russian relief when he messaged Maxim Borzy of Petrograd, that the United States could extend no relief while Americans were held prisoners by the soviet government. Hoover, as secretary of the American relief association, months ago pointed out the associations willingness to give relief.

Leadership Is a Sacred Trust

"COMPARATIVE PRICES MUST GO!"
We never quote "comparative prices" nor state that we are selling goods at a fraction of their price. No customer in this town or any other ever worries about "sales," ever has to wait for goods to be "marked down" or wonders why merchandise sold at one price today should have to be advertised at a lower price tomorrow as "values up to".
Honest Merchandise and Truthful Advertising creates Confidence. The integrity of the spoken and written word of the J. C. PENNEY COMPANY is now as it has always been, a sacred trust.
The plain, straight-forward statement of our ability to buy in great quantities, quality merchandise at low prices is taken by millions of people as an honestly stated fact worthy of confidence.
In this policy of not quoting "comparative prices" we have been leaders for years.
Others now follow our leadership—a number of the greater stores of the West and Middle-West recently announced in their newspaper advertising that "the use of comparative prices would hereafter be discontinued because it is misleading, exaggerated and destructive of public confidence."
From the beginning, our policy has been a simple, sound Golden Rule policy—and every person connected with the J. C. PENNEY COMPANY takes just pride in sustaining a leadership that is and always will be a sacred trust.

LEADERSHIP

Close observers of nature know that animals have leaders, strength and cunning keeping them at the head of the weaker ones. Even in plant life there is going on continually a process of crowding and elimination.
This is exactly what is happening with mankind, there are and always will be leaders and others who trail. He, who saves his earnings, will be in a much better position to take the lead.
