PLANS FOR FORTIETH TENNIS SINGLES CHAMPIONSHIP OF UNITED STATES COMPLETED

Bill Tilden, Davis Cup Star and Holder of National Title, Will Defend His Laurels.

NEW YORK, July 26.—(I. N. S.)—Plans for the fortieth tennis singles championship of the United States have been completed and official announcement sent to members by the United States Lawn Tennis Association.

Bill Tilden, spectacular international singles champion, Davis Cup star and holder of the National title, will defend his crown, and the field of entries, with many of the world's best players here for the Davis Cup matches, should be the classiest in the history of the event.

For the first time in its history the national singles will be held at the Germantown Cricket Club, in Philadelphia, and therefore several changes from the arrangement in former years have been made.

The sale of tickets is being handled by Samuel M. Peacock, No. 141 South Fourth street, Philadelphia, Pa. Many Philadelphia clubs have already underwritten large blocks of tickets, so that a good attendance is assured. The price for the season tickets, good for the whole tournament, is \$8.25, including war tax. Single day tickets will be sold only at the grounds on day of play. These cost \$1.50 up to and including the semi-finals on Friday, September 16, then \$2.50, tax included. An innovation this year is the arrangement of boxes along the front of the grandstand. Each box, containing six chairs, costs \$110 for the tournament, tax included.

Entries will be received at the office of the United States Lawn Tennis Association, No. 28 Broad street, New York City, as in other years. The fee is \$5, and entries close on August 10. Each competitor in the men's championship must submit a statement of his record, in accordance with the qualifications for entry adopted by the National Association.

Julian S. Myrick, president of the U. S. L. T. A., will referee the tournament. Samuel H. Colton, of the Germantown Cricket Club, is chairman of the committee in charge of all arrangements there. He is being assisted by a large committee of the club members. Henry Homer has supervision of the construction of stands and equipment of the courts. The stands are being built from plans prepared by George S. Grosbeck, similar to those that have been used at Forest Hills, and the seating arrangements will be much like those at the West Side Tennis Club.

R. Clifford Black, chairman of the Tennis Umpires' Association, will have charge of the officials at the championship, working in conjunction with C. N. Beard, chairman of the Philadelphia Umpires' Chapter, and George B. Warden, of Philadelphia, member of the National Umpires' Committee.

All matches will be the best three in five sets, except the veterans', which are best in three. Play begins at 10 o'clock Friday morning, September 9, and will continue thereafter on a schedule to be announced by the committee. Headquarters will be at the Bellevue Stratford Hotel, Philadelphia.

MISSING BOY LOCATED THEN FALLS IN RIVER

EUGENE, July 25.—(U. P.)—George Emerson, the seven year old son of Mr. and Mrs. Frank Miller, who has been lost in the McKenzie river district near Belknap Springs since Friday, suddenly appeared on the river bank Sunday afternoon. He waded in, and was drowned in sight of the fishermen who cries of warning the boy disregarded. The body was recovered two miles below. It is supposed the boy was frantic with hunger and seeing the fisherman across the stream tried to reach him.

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making **CAMELS**—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

BRITISH PORT MAY BE MADE GREAT OIL CENTER.
LONDON, July 26.—(I. N. S.)—Swansea, one time leading coal port in the United Kingdom, is likely to develop into the greatest oil port in the country.

Already facilities have been made for supplying fuel to reconverted oil-burning warships, besides the rapidly growing fleet of British and foreign oil-burning vessels.

The Anglo-Persian Oil Company has sunk \$40,000,000 into this new venture, and it has a large measure of support from the British government.

The crude oil is unloaded at Swansea and pumped through pipes underground to refineries, which are situated in a new town which has been built on the outskirts of the city. After treatment the oil is returned by the same way for distribution.

Huge storage tanks have been erected and wharves constructed, where three vessels can load and discharge simultaneously.

When the scheme is developed and extended six or seven vessels are expected weekly with crude oil cargoes. Although large sums are in the expenditure, it is stated that the venture is only yet in its infancy, and that in a few years Swansea will be offering serious competition to American oil companies.

Hall's Catarrh Medicine
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

1831 Versus 1921

The 20th Century Limited and the DeWitt Clinton are going to "race" from New York to Chicago the latter part of July. Of course, the Clinton doesn't expect to win, but it expects to get there just the same—after stopping at cities en route for exhibition purposes. It made its first trip from Albany to Schenectady Aug. 3, 1831. The locomotive of the 20th Century Limited weighs 17 times as much as the entire DeWitt Clinton train. The latter will be exhibited at the Pageant of Progress in Chicago July 30.
