One-Half Price IDEAS FOR HOUSEWIVES

For all-round, day-in-and-day-out picture making, the 2C has always particularly appealed to us-we think it will particularly appeal to you. It's compact and convenient to carry, for example, and yet the picture it makes is just short of post card size-2% x 4% inches. And then its lens equipment. The Kodak Anastigmat is designed by Kodak experts and manufactured in Kodak factories for the particular Kodak on which it is to be fitted. As a result lens and shutter and auxiliary equipment are in perfect harmony-and better pictures follow as a matter of course.

The "Father of Parehalf' was a cricket player as a boy, and his untiring efforts in the deelopment of the old game of rounders as the greatest factor in building up

the modern game of baseball.

The pictures are no less interesting than the records. From the Civil War to about twenty-five years ago the ball players hid their features behind flow ing chin whiskers. There were no fast action cameras in those days, so where young man wanted to preserve his athletic prowess for posterily he ram-bled into a photograph gallery, donno his uniform and took position with outstretched hands reaching toward the ball suspended from the ceiling by
