### Cattle Prices

#### Unchanged In Portland

(From The Oregon Journal)  
Only two loads of livestock and a few wagon arrivals were shown at North Portland Wednesday. Hogs were steady to higher, cattle were steady, while sheep were unchanged.

In the hog alley a lack of carload lots was shown in the Wednesday trade. A few drive-ins came forward and a limited volume of these went at \$13, but there was not sufficient to establish the general market at that price.

#### General hog market range:

Prime light	\$12.00@12.75
Smooth heavy, 250 to 300 pounds	10.00@11.00
Smooth heavy, 300 lbs. up	8.00@10.00
Rough heavy	8.00@10.00
Fat pigs	12.00@12.50
Feeder pigs	11.00@12.00
Stags	5.00@ 8.00

Slowness permeates the general sheep and lamb situation at North Portland for Wednesday. Only a small fresh stock came forward, but the market is clogged with stale stuff. General trend indicates weakness.

#### Standard Issues on Stock Market Higher

NEW YORK, July 28.—(A. P.)—Weakness of various speculative specialties and a steady to firm tone for standard sales based largely on relaxed monetary conditions, were sharply contrasting features of yesterday's stock market.

Leaders of the reaction at gross recessions of 2 to 5 points included Pressed Steel Car, American Car, Pullman, International Harvester, Central Leather common and preferred, Sears-

### Roebuck and Famous Players.

United Drug overshadowed all other issues, however, opening at an additional decline of 5 1/2 points, extending this loss to 20 1/2 at midday and finishing at a net reversal of 17 1/2.

There was considerable mystery connected with the collapse of this stock until the last half of the session, when it became known that Louis K. Lagret, president of the company, had placed his affairs in the hands of trustees.

United States Steel was well supported, traders evidently placing a favorable interpretation on the showing made in the second quarterly report. Affiliated stocks held steady with oils of the better type but the entire list shaded toward the end when equipments were under severe pressure.

Sales 455,000 shares.  
Italian and Dutch rates at reductions of 20 to 30 points featured the very erratic foreign exchange market. French and other continental bills were slightly lower, but sterling was relatively steady.

Public utility and convertible rails were the strongest issues in a fairly active and bond market. Liberty and international bonds were irregular. Total sales, par value, \$10,250,000.

#### Export Demand and Stock Selling Boosts Prices

CHICAGO, July 28.—(A. P.)—Indications from the harvest movement from the soft wheat states was about over had a bullish effect on the wheat market. Prices closed nervous, 2 to 3 1/2 c net higher, with September \$1.27 1/2, 1 1/2 c, and December \$1.28 1/2 @ 1 1/2 c. Corn gained 1/4 c and oats finished 1/4 c off to 1-8 c up. In provisions the outcome was unchanged to 15 @ 17 c higher.

Evidence that country selling of wheat was abruptly falling off caused the opinion to gain ground that the maximum of receipts had been passed so far as the winter crop was concerned, and that a majority of farmers were binding the rest of their winter wheat to hold for higher prices. Belief that current export business was much in excess of the published totals counted also as a strengthening factor.

Besides, gossip was circulated that domestic milling consumption promised to be much larger than during last year. Another strengthening influence was the government weekly crop report which commented on unsatisfactory yields in the eastern portion of the spring wheat belt, and in many sections of the winter wheat region.

About the only bearish news was a favorably summary of the European crop outlook as to wheat.

Need of rain in Iowa, Indiana and other states gave an upward start to the corn market. Oats were relatively weak owing to heavy sales attributed to an eastern exporter.

Firmness in the provision market was due in the main to the fact that hogs had risen to the highest quotations this season.

#### HOLY SMOKE

ST. LOUIS, Mo., July 28.—Pipes, like cats, always come home. So says Bob Wise, local telegrapher, who has had returned to him from Chicago a friendly shell of a "smoke wagon" which was left on the desk of a friend he was visiting. Two years ago the same pipe was returned from New York by a friend. A year before that the clerk of a Savannah, Ga., hotel sent the pipe back to Wise, after he had left it in his room.

## OUTBURSTS OF EVERETT TRUE

### MEXICAN PRESIDENT'S REQUEST IS VETOED

MEXICO CITY, July 28.—(A. P.)—The chamber of deputies voted down the request of President Obregon for extraordinary powers to adjust Article 27 in the constitution which nationalizes the oil deposits. The article has long been a stumbling block between Mexico and the United States, the latter declaring it confiscatory. The deputies' action is regarded as a definite split between Obregon and his party.

### FISHERMAN HUNTS FOR TURTLES; OWLS BITE

MARTINS FERRY, Ohio, July 28.—(I. N. S.)—William Moran, camping on Captina Creek, baited two hooks with meat to catch turtles.

Examining the hooks later, he found the bait intact. So he twirled the lines, preparatory to casting them into the stream again. They caught in a tree and he left them there.

Next morning, two large owls were found hanging to the lines, having been caught while nibbling at the meat.

The mortality for consumption today is only one-tenth of what it was fifty years ago.

To A Brook  
You sing to me a wistful strain  
Of ways you may not run again  
Thro' woodland warblings, bird and breeze,  
O murmurer of melodies.

The blue above is in your soul,  
The blue beyond your living goal,  
Enchanted skies, eternal seas,  
O murmurer of memories.—V. Q.

### THE OLD HOME TOWN By Stanley

**LEADERSHIP**  
Close observers of nature know that animals have leaders, strength and cunning keeping them at the head of the weaker ones. Even in plant life there is going on continually a process of crowding and elimination.  
This is exactly what is happening with mankind, there are and always will be leaders and others who trail. He, who saves his earnings, will be in a much better position to take the lead.
