CARPENTIER MAY ASK ANOTHER DEMPSEY GO HIS FRIENDS THINK

Ambition to Wear Crown Now Held by American Not Killed by Knockout at Jersey City.

BY HENRY L. FARRELL (United Press Staff Correspondent) NEW YORK, July 29.—When Georges Carpentier's wind came back after Jack Dempsey had pounded all his breath out in the Jersey City arena, he said something strange for a vanquished fighter: "Dempsey beat me, and he will beat me again the same way. I do not want a return bout."

Since the fight, many of the wise men believe Carpentier went down on purpose in the fourth round of the bout with Dempsey. Not that there was anything fixed or crooked about it, but that he found out he couldn't win and when he went down the second time, he stayed down to avoid further punishment. His appearance on the floor of the ring and his condition in the corner do not warrant a belief like that. The Frenchman is a great showman, a fine actor, but he hardly could have faked the look on his face when Dempsey picked him up off the canvas, and he hardly could have slumped, humpbacked, across the ring ten minutes after the knockout, unless he had been hurt badly.

NO MEDICINE BOTTLES IN SIGHT IN ROOMS OF BROAD STREET HOSPITAL

NEW YORK, July 29.—Patients at the Broad street hospital are resting easier as a result of an order announced recently by Superintendent A. J. Barker Savage, who has banished all medicine bottles and medical supplies to outer corridors. The order has even been extended to the desks of the chief nurses on duty in the wards, which have been moved out of sight. "As a practical application of the principles of psychology," said Dr. Savage, "the change has proved beneficial in the mental attitude of the patients, who no longer will be subjected to the mental suggestions and subjective emotions caused by the sight of medicine, surgical supplies and the equipment of a nurse's working desk. The same rule will hold for the rooms in our new building, soon to be completed by the Downtown Hospital Association."

THINK BILL HART'S TWO GUN MEN ARE TYPICAL OF AMERICA

Popular Refrain at Dinner Table in Buenos Aires is 'Let's go and See a Section.'

BUENOS AIRES, July 29.—(U. P.)—"Let's go and see a section." That is the ever-popular refrain at the dinner table in the homes of Buenos Aires. To those who are accustomed to meandering down Broadway and strolling in to see the latest exhibitions of Doug Fairbanks or Mary Pickford, this expression will need an explanation. While in the American motion picture theatres, one enters and pays to see the whole program consisting of one long feature plan and several shorter comedies, scenes, etc., in the Argentine movie palaces, the programs consist usually of three feature plays, each running up a section, and two or three short films, together comprising a section. The movie fan buys a ticket for whichever section or sections he or she desires to see, or to see the whole program a "comista."

FreckleFace

Sun and Wind Bring Out Ugly Spots. How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Barely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

INDIANA MINING TOWN IS DESTROYED BY FIRE

TERRE HAUTE, Ind., July 29.—(U. P.)—Shepardsville, a mining community, north of here, was wiped out when a fire devastated the place causing half a million damage. Approximately 1,500 persons living in the camp lost their possessions. Fire departments of the surrounding cities were sent to the scene, but the assistance did not arrive in time to save the village.

Davis at Lunch

Jim Davis, secretary of labor, has a little fruit and that's all for his lunch. He gets it at a street fruit stand near his office.

Polish-Americans GO TO CANADIAN NORTH

WINNIPEG, Man., July 29.—(I. N. S.)—Twenty thousand Poles in the United States, according to an announcement here by Vincent A. Danielski, will soon take up farm lands in Manitoba. Danielski, whose headquarters are in Chicago, represents the Union Liberty association, which he says directs the affairs of Poles in the United States. He was commissioned to select an area of 20,000 acres in Manitoba for the Poles. He said it was the intention of the organization to extend its work into Ontario, Saskatchewan and Alberta. Two and one-half million people of Japan look to the sea for their livelihood. Polish settlers have proved to be serious, successful farmers and an asset to a young country. In Western Canada there are several settlements of Poles and other Slavic peoples. Records show that they are progressive, hard working and quick to adapt themselves to the system of education and government. It is thought that Immigration Restriction Act passed in the United States will start the European immigration tide flowing into Canada and will attract many foreign residents of the United States here. Those from the United States will include many who wish to join their close kin from overseas. Because of vast areas of good land available in the prairie provinces immigration from Europe to Canada is expected by colonization authorities to be enormous in the next few years.

BOY SPENDS SUMMER SAVING DROWNING FOLK

SYRACUSE, N. Y., July 29.—(I. N. S.)—Chester Myron, a sixteen year old lad of this city, recently spent a busy week saving lives at Fort Lake in the Adirondacks. His "Gargie" hero medal, which has been recommended, will record the names of three women who would have been drowned had not Myron acted valiantly and quickly. Of the three one was Myron's aunt who was about to go down the third time when the boy reached and rescued her. Miss May Weber, member of a wealthy Dayton, Ohio, family, was exhausted and had disappeared under the surface when fully dressed. Myron leaped into the water and brought Miss Weber to safety. The third rescue was performed with the same courage and quickness of action. Chinamen as a race are reputed to be the most honest men in the world. Washington game wardens are using electricity to prevent fish from ascending the irrigation canals. An automobile magnet driven by a water-wheel generates electric current which is conducted to a series of terminals beneath the water on both sides of the stream. Fish coming in contact with the "line of fire" receive the current and "back off."

Unknown Friends

There are many who have used Chamberlain's Colic and Diarrhoea Remedy, with the best results, but who are unknown, because they have not written to the manufacturers and told them of their experience in the use of this remedy. These people, however, are none the less friends and it is to their personal recommendations that this preparation owes its popularity and extensive sale and use. It is a good medicine to have in the house. It is widely known for its cures of pain in the stomach, colic and diarrhoea. How to Avoid Trouble You may save yourself a lot of trouble and suffering by obtaining a bottle of Chamberlain's Colic and Diarrhoea Remedy at once. It is almost certain to be needed before the summer is over and when needed, is worth many times its cost. It is thoroughly reliable. Took a Neighbor's Advice "Two or three years ago, whatever I ate distressed me. My liver was torpid and I lacked energy and ambition. A neighbor advised me to take Chamberlain's Tablets. I was wonderfully benefited by their use and have since enjoyed the best of health," writes Mrs. Frank Pickett, Housatonic, N. Y. "If troubled with indigestion, why not take these tablets? Get well and stay well. How to Reach a Ripe Old Age If you would reach a ripe old age, do not worry, take out-door exercise daily, adopt a diet suited to your age and occupation, keep your bowels regular. When medicine is necessary to move the bowels, take Chamberlain's Tablets. They are mild and gentle.
