

# People Here and There

Harry Banfield, Portland contractor, is in the city today looking after business.

Harry Hexter is back home in Pendleton after a visit to Alaska. He has been gone three weeks.

Fred Moes, cashier of the bank at Heix, spent the week end as the guest of friends in Pendleton.

Jack Flynn of the Blake McFall Company of Portland, is a business visitor in Pendleton today.

Marcus L. Barnes, who has been a business visitor in Pendleton for the past few days, left yesterday for Walla Walla.

C. A. Walton, a merchant of Long Creek, was here this morning en route to Portland where he has gone on a business mission.

J. R. Light and Albert Walters have returned from Vancouver, B. C. where they have been on a motor trip vacation for two weeks.

John Henderson, a graduate of the Pendleton high school in June, was in the city Saturday en route to his home in La Grande, after a visit with relatives in Walla Walla.

A. P. Fleming of the Ruby Stock Farm of Portland was a business visitor in the city Saturday. Mr. Fleming is also connected with the International Livestock Show which is held in Portland every fall.

GREAT NORTHERN PAYS. NEW YORK, Aug. 1.—(A. P.)—The Great Northern railway earned \$7.75 cents a share in 1930, according to an annual report today. The earnings were only \$1.14 cents less than in 1929.

Miss Antoinette Gindreux, of the Smart Shop, who has been visiting in Spokane with her mother and father, will return home today. In a few days Miss Gindreux will leave for Portland and San Francisco to purchase her fall and winter goods.

WILL VISIT COUSIN. Mr. and Mrs. J. T. Bruce, of Oakland, California, will arrive in Pendleton Friday to spend a few weeks visiting with Mrs. Bruce's cousin, Mrs. Laura Nash. Mr. and Mrs. Bruce en route home from a trip to St. Joseph, Missouri, and other eastern points.

RETURN FROM LOS ANGELES. Mr. and Mrs. Roy Alexander, who have been spending the past month in Los Angeles and other coast cities, have returned to their home in Pendleton. While in Los Angeles Mr. Alexander attended a meeting of insurance men.

HERE FROM CALGARY. Mr. and Mrs. H. J. Bell have as their house guests, Mr. and Mrs. Dan Richmond and daughter, Miss Florence Richmond, of Calgary, Alberta, and Mr. Richmond's niece Miss Flora Richer of Salem. Mr. Richmond farms and farms in Ematilla county and the family is well known here.

STEAMER GOES ON REEF. SEATTLE, Aug. 1.—(A. P.)—The Puget Sound passenger steamer, Athlon, operated by the Puget Sound Transportation Company, a wooden steamboat of 150 tons, crashed on an inner reef near Port Ludlow in a dense fog today and may be a total wreck. The passengers reached the shore safely. The vessel is now high and dry on the side and will fill at high tide.

NEW WHEAT EMPIRE. (Continued from page 1.) Idea is original with me, because everyone realizes the value of doing this work right. But it's a fact that there are a great many who don't practice what they know. On this 900 acres here on the home ranch we have cultivated the land five times and cut the weeds once, and there are a few weeds that we'll get a second time over as soon as the boys finish getting up the second cutting of hay. I'm confident that if cultivation is done right, our so-called wheat lands will produce just as consistently in dry years or in wet years as the lands north of Pendleton. We don't get yields as big as they do up there, but we don't have to in order to make as much or more money than they make, because our land is not so high.

Mrs. Jordan's Dinner. The record of our visit to the big ranch can't be told in the compass of a news story, but it would fall far short of being complete if I were to forget that dinner we had. Paulus, who is more often called "Boots," telephoned to the ranch in the morning and told Mrs. Jordan that he was inviting himself and two Pendleton men out to dinner and asked her if that would be all right. I think it was agreeable to her, because we went right along. I know it was to us, because I saw Paulus slip his belt a notch along toward the end of the meal, but I was too busy to keep a check on Barr. The boys on the hay crew may not have thought much of our white collars, I don't know, but it's a safe gamble that they had lots of respect for our ability to stow away that good chow, because we were still on the job, working faithfully, when they had finished.

Run Many Sheep. In this section, which owes as much, possibly more, to livestock than to wheat, the Cunningham Sheep Co. is said to be the biggest sheep concern. At present 8,000 purebred head of ewes are on summer range, not to mention 6,000 lambs that remain to get the finishing touches that will put them into condition for marketing. Then there are the rams which are on range back on privately owned range for the summer. There are 1,700 purebred or registered Ramboulllets, including the private stud flock, which is composed of his pedigree registered individuals. An additional 1,300 head of Lincoln cross bred yearlings completes the ram holdings. Alfalfa is produced on 420 acres which is under ditch, and this year the acreage in wheat amounts to 900 acres. That there are many good farmers in his district is a statement of Mr. Falconer's but he declares that he has profited particularly from observing the methods that are followed by J. W. Etter and his son, Lon Etter. J. B. Tunyon is a neighbor who has won success, and Horn Bros. are good ranchers. "There are others, too," Mr. Falconer said, "but I have noticed their methods particularly and they know how to farm."

PILOT ROCK TO SEND. (Continued from page 1.) cents, Club at 94 cents. Barley is \$13 a ton. Alfalfa hay is quoted at \$8 per ton and grain hay at \$10. "For sale" ads by farmers to the number of 11 were included on another panel, and on the middle panel, "what ads" were written. Not Stripping Cattle Now. For the past two weeks, heavy shipments of cattle have been made from here, livestock men selling either at Portland or Seattle, but Saturday the Pendleton Meat Co. got all the cattle that left Pilot Rock. The reason for the cessation of shipping is that local men are not exactly enthusiastic about the prices they received from Portland. Pilot Rock can load enough cattle in one day to flood the Portland market, and that is what happened a week ago. The top price received for stuff on that shipment was either \$7 or \$7.50, I've forgotten exactly, and another man who sold later in the day the same quality of stuff received \$1. A carload of fat two and three-year old steers will bring something like \$1,200 this year, which is below the cost of production. A year ago the same kind of stuff was bringing \$2,600 to the car.

Wheat advanced slightly in the Chicago market today, September closing at \$1.24 2-4 or a cent and a half above Saturday's closing price. December likewise closed a cent and a half above the Saturday figures. Following are the prices received today by the Pendleton office of Overbeck & Cooke Co.

Wheat Open High Low Close Sept. \$1.23 1/2 \$1.25 1/2 \$1.22 1/2 \$1.24 1/2 Dec. 1.25 1/2 1.28 1.25 1/2 1.28

Corn Sept. .60 1/2 .62 1/2 .58 1/2 .59 1/2 Dec. .60 1/2 .62 1/2 .59 1/2 .60 1/2

Wheat—On a small volume of trade, the market exhibited an undercurrent of strength with offerings well taken on the declines, while selling pressure at times was lacking. An encouraging feature in a statistical way was the fact that the visible supply only increased a little over 5,000,000 bushels last week in face of receipts of twenty two million bushels at all primary points. Receipts for the day were very large, but country offerings said to be much smaller and it is the opinion of leading receivers that the movement has reached its peak, and that the run will be practically over within a week or ten days. Northwest crop advice are reported disappointing yields, and private estimates on the Canada crop suggest a smaller net turn than previous expectations. We believe there will be enough bullish developments within a short time to be reflected in higher range of prices.

## NEWS OF THE COUNTY OFFICES AND OFFICERS

Cupid is Losing. Dan Cupid is failing to register a very great success in Umatilla county. Since July 14 just two licenses have been issued. One was granted on that day and another on July 21 and since that time, there has been not a single pair of candidates.

Fair Board May Approve. That the county fair board of Umatilla county has power to make appropriations of fair funds for the use of the fairs at Hermiston and at Milton and Precwater is the opinion of the attorney general, recently received here by the office of the district attorney. A division of the money so that the Round-Up may share in the appropriation is admissible, according to the attorney general. The opinion was asked for by a resident of Hermiston the correspondence shows.

Files Cross Complaint. Thomas Young, defendant in a suit for divorce filed by Mae Young, has filed an answer to the original complaint and also brought suit for a divorce. In his answer, the defendant denies the allegations of the plaintiff that he treated her in a cruel and inhuman manner, and that he was infatuated with any other woman. In his cross complaint, he charges his wife with cruel and inhuman treatment, and among other charges, he declares that during their married life he has done more than half of the cooking. His attorneys are Fee & Fee.

Get Many Fish. Hubert Smith and O. H. Schultz returned Saturday evening from the hills where they spent a delightful two weeks on their vacation. They were at Lehman and Highway Springs, and they also went back to the Grand Rapids river. They found the fishing excellent.

Mr. Winstock in Town. Melvin G. Winstock, of the Selznick Motion Picture Corporation, is calling on friends in the city today. Mr. Winstock is one of the best known theatrical men on the Pacific Coast having at one time been head of a chain of picture houses in the principal cities of Oregon.

Back from Vacation. Mr. and Mrs. G. Ryan, accompanied by Joe Grinde of the O. K. barber shop, have returned after a vacation of a month which they spent in visit to various localities in the state. They were at Wallowa Lake and from there to every town of any size in the state. Astoria is the only town that can approach Pendleton for general business conditions in their report.

Wallowa County to Compete. "We will send you a few hundred pounds of threshed grain for exhibition and you may count on us to be in on the money," is the way farmers in Wallowa county feel about their part in the Northwestern Hay and Grain Show as shown in a letter that has been received by the management of the show. F. D. McCulley of Joseph, is a director and he is cooperating with C. L. Jamison, county agent, in collecting a good exhibition.

H. and H. Shop Opens. Another place of business for Pendleton started this morning when the doors of the H. and H. Shop were formally thrown open. The new business house is devoted to art needlecraft and is located at 740 Main street in the renovated room formerly occupied by the Wendt Paint Shop. A full line of needlework materials is carried, and within a short time it is planned to have a hemstitching machine installed. The proprietors are Miss Margaret Hensel and Mrs. Mimmie H. Henderson. Both are well acquainted with Pendleton people the former having been here for three years, and Mrs. Henderson has been here five years. They were formerly with the Peoples Warehouse.

HOME DEMONSTRATION IDEAS FOR HOUSEWIVES. (Second in a series of articles) on child feeding. Keep regular hours. Use 20 to 32 ounces of milk in some form. 1 egg each day (when meat or broth or chicken is not served). Baked potato. 1 or 2 green vegetables, daily. Fruit daily. Whole cereals well cooked. Brown bread. No piecing between meals, except fruit. No meats, no pastries or rich cakes or candy.—E. V. D.

WHEAT UP SLIGHTLY IN CHICAGO MARKET. Wheat advanced slightly in the Chicago market today, September closing at \$1.24 2-4 or a cent and a half above Saturday's closing price. December likewise closed a cent and a half above the Saturday figures. Following are the prices received today by the Pendleton office of Overbeck & Cooke Co.

Wheat Open High Low Close Sept. \$1.23 1/2 \$1.25 1/2 \$1.22 1/2 \$1.24 1/2 Dec. 1.25 1/2 1.28 1.25 1/2 1.28

Corn Sept. .60 1/2 .62 1/2 .58 1/2 .59 1/2 Dec. .60 1/2 .62 1/2 .59 1/2 .60 1/2

An encouraging feature in a statistical way was the fact that the visible supply only increased a little over 5,000,000 bushels last week in face of receipts of twenty two million bushels at all primary points. Receipts for the day were very large, but country offerings said to be much smaller and it is the opinion of leading receivers that the movement has reached its peak, and that the run will be practically over within a week or ten days. Northwest crop advice are reported disappointing yields, and private estimates on the Canada crop suggest a smaller net turn than previous expectations. We believe there will be enough bullish developments within a short time to be reflected in higher range of prices.

Wheat—On a small volume of trade, the market exhibited an undercurrent of strength with offerings well taken on the declines, while selling pressure at times was lacking.
