

# "Where It Pays to Trade"

These Are Significant Words and They Mean More Than Just "Mere Low Price." They Mean Dependable Merchandise at a Fair Price, a Price Consistant With the Good Quality.

## An Exquisite Showing of Beautiful Lace Dresses

Particularly attractive are these models with their unusually pretty trimmings and color effects. Although other becoming types at these prices are variously and prettily designed, these models shown are more notable for their own graceful lines, being shaped at the hips and gracefully gathered.

Aside from their prettiness they are most appropriate and just what are wanted for these hot days.

The Prices Range \$38.50 to \$85. On display in the Ready-to-Wear Window.

We will mail a book to your friend or friends, any place in the United States.

### 'Let 'er Buck'

By Charles Wellington Furlong

A Book That is Worth the Price of \$2.25

We will wrap it, address it, place the stamps on it and insure it, and charge it on your regular account.

JUST TELL US TO DO IT!

## NO REDUCTION IN FREIGHT RATES UPON COAL IS EXPECTED

Railroad Officials Take View Public Should Go Ahead With Purchases.

That there will be no reduction in the freight rate on coal and that the situation is such the public should proceed to buy its winter supply in the substance of a letter being sent out by H. E. Lounsbury, O. W. R. & N. official.

The following letter by Mr. Lounsbury is self-explanatory:

Portland, June 27th, 1921. To General and District Freight Agents, Traveling Freight Agents and Local Agents:

Regardless of efforts to get before the consumers of coal, assurances as to stability of rates for this season at least, there continues a general disposition on the part of the buying public to hold off purchases, no doubt due in considerable measure to expressions of certain officers of the administration leading the consuming public to believe there will be a reduction in freight rates during the coming season.

There is nothing in the situation that would justify such belief for the simple reason that freight rates cannot be reduced until transportation costs have been substantially lowered, and that has not yet been accomplished. I wrote you about similar lines on May 6th, and at this time reproduce the following telegram, copies of which have been sent to me by Mr. F. W. Robinson, freight traffic Manager, Union Pacific System:

Utah Coal operators by Cameron Coal Co., dated June 3rd to Hon. Herbert Hoover, Secretary of Commerce, Washington, D. C.

"Government departments recently advised the public that unless coal was freely stored during the summer months, a coal panic would ensue during the coming winter and congressional committees reporting on Senate Bill S-B 86, expressed similar view. This correct statement of situation was accepted and acquiesced in by consuming public. However, telegraphic announcement of President Harding's recent interview with interested commerce commission was unfortunately unduly emphasized by newspapers and has resulted in serious checking coal storage in anticipating freight reduction. In Utah such reduction is very unlikely because state public utilities commission refused permit last freight rate increase to apply on coal moving wholly within state. Coal mines this field working only twenty to twenty-five per cent time and further reductions would be commensurate with present production. It is not inconsistent with policy your department would very much appreciate an expression from you as to whether or not you have information regarding immediate coal freight decreases in western states as well as your views concerning summer storage—a fact, permit us to suggest that an official expression to Associated Press and others from Washington as to whether or not any proposed freight reduction will apply to coal would result in clarifying present uncertainty which is causing stagnation in coal business. Continued disposition on part of consuming public to delay storing coal will unquestionably bring about serious condition this winter."

Mr. Hoover's reply of June was as follows: "I have no information that leads me to believe there will be any reduction of coal rates this season."

It will be appreciated if you will bring this expression of Mr. Hoover's to the attention of all retailers and consumers in your respective communities directly and through the press. We believe it to be important, in order to avoid later coal car shortage, congestion and possible coal shortage, that they give due consideration at this time to the advisability of anticipating their requirements and laying in a supply of summer storage coal for their fall and winter needs.

H. E. LOUNSBURY.

## IMPRESARIO OF JAZZDOM JOINS WITH REV. D. R. CRAFTS IN DEMAND THAT LOW CUT BATHING SUITS BE BANNED

By K. M. ELISH International News Service Staff Correspondent

NEW YORK, Aug. 4.—This business of low-cut bathing suits has Flo Ziegfeld on the run.

The eminent impresario of the famous Follies disapproves most heartily of the latest modes in beach wear, which send a young girl out on the sand with her tender skin practically unprotected against the burning rays of the summer sun. He thinks it's all wrong.

"Ziegfeld" for once in his career, is in accord with the reformers. They are protesting against the too-amplified display of the unweaved female body. So is he—when the display takes place on the beach.

For, he is understood, Mr. Ziegfeld's objections proceed from so moral ground. Pray don't take this to mean that the gentleman in question does not believe in morals. He does, but his ideas on morality are a trifle different from those of Dr. Wilbur Crafts and the Rev. George Hawley.

"Ziegfeld's" objections are purely practical. Low-cut bathing suits and bare legs interfere seriously with the color scheme evolved by Joseph Urban for the latest Follies. The girls go down to Long Beach and Southampton over a week-end, acquire a healthy coat of tan and come back with their necks, shoulders and other portions of their anatomy the best in coffee color.

And so, when they appear on the stage to recede the eyes of New York's "about town"—and there are plenty of girls in the audience too—they present a spectacle that sometimes brings out smiles.

A peach-and-cream complexion, a dimpled cupid's bow of a mouth, a lovely head of bobbed hair, a costume carefully designed to give the wearer a chance to show the excellence of her complexion is not confined to her face alone but extends to her shoulders, neck and arms. And then, oh, horrors, a heavily-tanned neck and shoulders, with the thinnest of white stripes marking the position of the shoulder strap! Do you wonder that Flo Zieg-

feld is willing, for this one, to align himself with the reformers?

"It's tough," moaned "Ziegzy," when the subject was broached. "It wouldn't be so bad if only their faces got tanned—myself might take care of that. But when they get tanned all over what, I ask you, is the use of having Joseph Urban to cook up a swell color scheme and spending a mint of money for costumes when the girls are all olive drab and don't harmonize? There should be a law against these low-cut bathing suits."

## AMERICAN FOOD WILL SOON REACH RUSSIA

LONDON, Aug. 4.—(U. P.)—American food army is mobilizing and supplies to fill the central-European warehouses are all ready to move into Leningrad, where millions of children await food and clothing. Lyman Brown, handling the details for Secretary Hoover, expects no hitch when he comes into contact with Russian authorities.

Prisoners Are Freed? RIGA, Aug. 3.—(A. P.)—American prisoners have been released, it is unofficially reported. The number of released and when they will cross the border is not stated.

Accuse Red Cross Man RIGA, Aug. 3.—(A. P.)—Senator France accuses Dr. E. W. Ryan, American Red Cross commissioner of investigating the revolt at Kronstadt last winter. Ryan asserts France is filled with bolshevik false reports. France declares he will renew the charge in the senate.

CANNOT SETTLE DISPUTE LONDON, Aug. 4.—(A. P.)—A conference between representatives of the American shipping board and British shipping interests failed to develop a settlement of the dispute over the Egyptian cotton contracts, which is now a subject of acute controversy.

## SIBERIA ALSO HIT BY FAMINE PLAGUE

BERLIN, Aug. 4.—(U. P.)—Flames are reported sweeping the famine and plague-ridden sections of Siberia, which is the first indication the Russian famine had spread to Siberia. Prominent men coming from Russia say the conditions are unparalleled, but the soviet government is not killed. Senator Joseph I. France, of Maryland declared his surprise that the soviets are still able to maintain their organization.

## A WOMAN'S BACK The Advice of This Pendleton Woman Is of Certain Value.

Many a woman's back has many aches and pains. Oft times 'tis the kidney's fault. That's why Doan's Kidney Pills are so effective.

Many Pendleton women know this. Read what one has to say about it: Mrs. D. F. Wilsey, 512 S. Clay St., Pendleton, says: "I can hardly describe the misery I endured from lame back some two years ago. When I washed it would feel as though my back was breaking in two and I could hardly raise up. My feet bloated and my kidneys were disordered. I read about Doan's Kidney Pills and two boxes which I got at Tallman's Drug Store relieved me of the backache and removed all other troubles. I have used Doan's Kidney Pills since then with equally good results."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilsey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

It's a wise birdie that knows its own parent, likewise it's a wise old bird that knows its own child these days. Fancy the proud peacock having his gorgeous tail feathers all beset with their pristine colors, the eyes latched out and all dyed black to make an ornament for my lady's hat! Yet that's what you see in the black velvet model
