

News Notes of Pendleton

CALENDAR OF EVENTS
 June 27-August 5—Summer Normal School.
 July 25—Meeting of Umatilla and Walla Walla County wheat growers.
 September 19-24—Northwest Grain and Hay Show.
 September 22, 23, 24—Annual Pendleton Round-Up.

Trying For Record
 Frank Hillon and Al Daniels, automobile men of La Grande, were in Pendleton yesterday. They were en route to Portland, and the object of their trip is to lower the travel record from La Grande to Portland. They drove a Franklin car.

Pendleton's Bonded Indebtedness
 During a discussion on finances last night at the meeting of the city council, the statement was brought forth from Mayor Hartman to the effect that the total bonded indebtedness of the city is \$555,000. Of this amount, however, \$348,000 is for water system

bonds, and the water system is self supporting, so the bonded indebtedness aside from this amounts to approximately \$270,000. The tax rate in the city is the lowest of any city of its size in the state, too.

Progress Made On Building
 The brick work on the new high school building, now under construction at Stanfield, has been started, and a large crew of men is busily engaged in rushing work. It is expected that the building will be completed by October 15. R. W. Hatch, local architect, is in charge of the building.

Officials Ask Leave
 Pendleton's officials, at least two of them, will be gone during parts of August. News of this fact was disclosed last night when a request for leave of absence was made by Mayor Hartman. He expects to go to Grant county Sunday with the road inspecting party, and from there he and Mrs. Hartman will go to Seaside where they will spend a fortnight on the coast. City Recorder Thomas Fitz Gerald also let it be known that he will be

himself away to where the breezes are cool and balmy. He does not expect to leave until later, however, and will return by September 1. John Halley will act as city recorder during his absence, action by the council last night assured.

Small Forest Fire
 A fire that was blazing over an area of about 50 acres was reported this morning. The fire was on the reservation just above Gibbon. Major Swartzlander sent out a crew of fighters to contend with the fire.

Adopts 12 Month Plan
 Another school in the county has adopted the 12 months plan for hiring teachers. The school is in district No. 34 and is near Ukiah. Mrs. Lucy Scroggin has been employed for the place at a salary of \$1,200 annually.

Clips Off Finger End
 Paul Finner, salesman at the Peoples Warehouse, was so unfortunate today as to clip the tip of his index finger on his right hand this morning. The accident is in no way serious, but he will carry the finger in bandages for several days.

Gathering Exhibits
 Frank Groves, assistant county agent, was up near Vansycle today where he gathered exhibits for the Northwest Grain and Hay Show. There are 52 exhibits from Umatilla county alone already assured, and more are being received every day.

Prospector Found Dead
 A message to the office of the forest service this morning from Patrolman Knight on Fry Meadows gives the information of the discovery this morning of the death of a prospector on Mollet Meadows. The man was found dead by his partner, also a prospector. The name of the dead man is not known.

Formas Being Printed
 Lyman Rice, ex-service representative on the commission that has charge of the veteran's relief measure, returned home this morning and he will remain until Saturday. The \$30,000 appropriated for the operating expenses of the commission is not going to be distributed to carry on the work, Mr. Rice declares. This is one trouble that will have to be ironed out later. Initial application blanks are now the hands of the printers, and they will be ready for distribution not later than September 1. The bonds will not be sold before October 1, as that is the earliest possible date on which all the necessary steps can be perfected.

Federal Man On Inspection
 A conference between C. E. Raehford and representatives of the livestock men of the county was held yesterday afternoon in the office of the forestry service relative to conditions of ranges in this county. Mr. Raehford, who was formerly in the sheep business in Southern California, has been appointed by the government to make a survey of western range, and he has just finished an inspection of the Umatilla reserve which required six days. Data being collected by him will be submitted to congress as the basis of changes that may be made in the present system of leasing. The present five-year leases do not expire until 1923.

Teachers' Salaries
 Some interesting figures on the salaries paid teachers in the schools of the county are included in the report of Supt. W. W. Green which is being prepared to be submitted to the state superintendent of public instruction. This report shows that the average monthly salary of male teachers in the county schools is \$192.41. The average for female teachers is \$132.33. The average monthly salary of teachers in one-room buildings is \$121.89, and the salary for assistant teachers in schools of more than one room is \$141.03.

Produce Many Varieties
 At a recent meeting of the executive committee of the Morrow County Farm Bureau a decision was made to advertise the fact that the greatest amount of certified seed of the greatest number of varieties in the Northwest is produced there. A collection of the cream of this certified seed will be exhibited at the Northwest Grain and Hay show to be held here the week of the Round-Up. Morrow county grains will also be shown at the state fair and at the Oregon Lands Products Show. The county this year will produce about 200,000 bushels of certified wheat of the following varieties: Turkey Red, 40 Fold, Bluestem, Early Baar, Hybrid No. 128, Federation and winter barley.

Seed Wheat In Demand
 Because Umatilla county is becoming known as a leading section in the production of pure Hybrid No. 128 wheat quite a demand has developed for the seed. The county has the distinction of having the largest area in one variety of wheat, between 400 and 500 sections in one block being devoted to the culture of Hybrid 128. The wheat is a good yielder, the straw is stiff and the heads do not shatter. The area is remarkably free from mixtures, too, some tests showing only two-tenths of one per cent of other varieties. Union county got a start of this seed three years ago, but the strain has become mixed so another carload will be purchased here this year. Grass valley has put in an order for a carload. Last year a carload was sold to Morrow county. The seed stuff commands a premium over the market price for milling wheat. Other calls have been received from Northern Idaho and from Canada.

DEEDS
 W. W. Harrah to Laura B. Ferrin, \$2250. Lots 1 and 2, block D, of the Addition to the Add. of Jacobs Add, and a triangular tract of land immediately north of Lot 1 in said block D.

UKIAH IS VISITED BY SEVERE ELECTRIC STORM

UKIAH, Aug. 4.—Last Saturday evening, also Sunday evening and Sunday night, Ukiah and vicinity was visited by a severe electric storm when several fires were started by lightning but a slow rain Monday morning put them all out before they got much of a start.

Tillman Kirk, youngest son of Mr. and Mrs. J. D. Kirk, is visiting at the home of his parents for a short time. He has been serving in the standing army and his time having expired he is here on a visit and is accompanied by a friend, Carl Johnson of Arkansas, who was also in the army and is here looking over the country for a short time.

Mr. and Mrs. Reed and daughter, Katherine moved to the Mossie farm last Saturday where Mr. Reed will help through the hay harvest.

Miss Grace Hinkle, Miss Cressie Marquis, Virgil Peterson and Ivan Sturdivant, visited at Hildaway Springs last Sunday.

Mr. and Mrs. George Caldwell made a trip to Pendleton Tuesday, returning Wednesday, bringing back a load for the drug store.

Melvin Leloud and Lyman Peterson made a trip to Hildaway Springs Friday, taking up a load of supplies for Mr. Scott.

J. H. Constants made a trip to Ritter Tuesday returning Friday to look after his interests there. Mr. Constants owns the store at Ritter, which is managed by his son Bert.

J. W. Sturdivant and son Clair, and Robert Bond left Ukiah Thursday with their beef cattle which they will ship to Portland.

Mrs. Virgie Caldwell, Miss Vallie Cardwell, Ella Cadwell and Grace Peterson visited with Mrs. J. W. and Frankie Sturdivant at the Sturdivant farm Friday.

Gordon Mettie and Henry Layman have taken a contract of stacking the hay in the Hilbert meadow.

Perry Simpson, Tony Scheels and

George Booser were in town Friday from Bridge creek flat, transacting business.

Little Norma Lena was very ill Friday night from eating green gooseberries. Dr. Gibson, Mrs. Mossie and Mrs. Finch, nurses, were called and relieved her.

James Terry was in town Saturday on business.

Mr. and Mrs. J. D. Kirk, Tillman Kirk and Carl Johnson leave in a few days for a two weeks outing in the mountains near Round meadows.

Jesse Hilbert made a business trip to Pendleton Sunday, returning Monday.

Alec McKenzie of Pendleton, returned home Sunday after spending a month at Ukiah with his daughters, Mrs. Belle Rose and Mrs. Kate Hilbert.

Virgil Peterson left for Pendleton Monday morning to meet his brother Albert, who went east with a car load of horses ten days ago.

The weather is extremely warm again and the farmers are rushing their haying.

Archibald McCampbell and Melvin Lo Loud left for Pendleton Monday on business.

Mrs. Irl Terry and son Wayne visited in Pendleton with relatives several days last week, returning Friday.

Mrs. Clyde Heimick and daughters are visiting on Bridge Creek this week.

Mr. and Mrs. Dauer, Mrs. Peterson, Grace Peterson, Lyman Peterson, Mr. and Mrs. Jinks Howard, Mr. and Mrs. George Nees and family, and Leonard visited at Hildaway Springs last Sunday.

'MEXICAN CARUSO' HAS HIGH HOPES FOR SELF

SYRACUSE, N. Y., Aug. 4.—(I. N. S.)—The "Mexican Caruso" paid a visit to Syracuse a day or two ago. This "Caruso" name is Signor Roberto Aranda. He speaks only Spanish. He is a graduate of several educational institutions in Mexico City, whence he hails. Aranda has "a rich, wonderful voice," according to Mary Garden, before whom he says he sang in Los Angeles, but it must be trained, said John McCormack, who, Aranda stated, also praised his "sweet tenor" but recommended a season or two under a voice culture artist. Aranda is twenty-eight, but he looks much younger. His appearance in Syracuse followed a more or less trudging of highways from the Coast. He said he had used his voice en route to pave the way for a "square" meal and a Good Samaritan here and there had helped him. He declined for New York to consult the Spanish Consul General there. From that ditinary Aranda hopes to obtain assistance to enable him to secure the necessary instructions which, he believes, will lead to that height in voice control and sweetness before which the operatic world will bow.
