

People Here and There

P. B. Peterson was here today on business. He is a salesman.

R. C. Bishop of the Pendleton Woolen Mills, is at the Portland from Pendleton.—Evening Telegram.

Special agents Ramsey and Payne of the Northern Pacific Railroad company are business visitors in Pendleton today.

W. M. Peterson, local attorney, came down from Bingham Springs today. Mrs. Peterson and the children will remain at the resort for another week.

Roy Morse, manager of the Crescent Drygoods Company returned this morning from Portland, where he has been attending buyers' week. While Mr. Morse was away he visited with Mrs. Morse and son Maxwell, who are spending the summer with Mrs. Morse's mother, Mrs. Allard, at Troutdale.

NEWS OF THE COUNTY OFFICES AND OFFICERS

County Releases Lyday.
Action taken by the county court yesterday afternoon releases William Lyday as traffic officer of the county.

The action was taken in the interest of economy, members of the court said today. Under the arrangement that has been effective, the county and city have split the salary expense of having him work.

To Inspect Roads.
Members of the county court will go to the east end of the county tomorrow where they will inspect the site of about two miles of new road which has been petitioned for by E. A. Davis and others. The road that is sought is east of Spofford Station.

IRISH PARLIAMENT TO MEET ON AUGUST 15

DUBLIN, Aug. 4.—(A. P.)—The Irish parliament meets August 15. It has been officially announced. Twenty five members will be released from prison to attend.

MAKES PRESIDENT RESPONSIBLE

WASHINGTON, Aug. 4.—(U. P.)—President Harding is to be made directly responsible for arranging the terms of the repayment of \$10,000,000 foreign loans under an amendment to the refunding bill offered by Senator Simmons of North Carolina.

BLACK BEARS TARGET OF PREDATORY ANIMAL MEN

BURNS, Ore., Aug. 4.—(U. P.)—There's a new danger facing our friends the sheep.

It's a bear. Or, rather, several bears. Stanley G. Jewett, head of the predatory animal division of the United States Biological Survey, declares black bears are becoming far more destructive to mutton on the hoof than coyotes, which, according to the best coyote authorities, is going some.

But it isn't all the bears' fault. Sheep men have extended their range into the bear country and are now beginning to reap Brin's thirst for revenge. In the case of tender mutton and lamb the revenge is sweet.

Ranchers are killing the little black fellows at a good clip and the bears are doing the same to the ranchers' clip. One sheep man reported over 500 head of sheep killed during the last year. Complaints have resulted in Jewett and some of his deputies leaving this week for the scene of Brin's atrocities with a view to discouraging his depredations.

PRICES STEADY TODAY
PORTLAND, Aug. 4.—(A. P.)—Cattle, hogs and sheep are steady and unchanged. Eggs are weak and butter is steady.

AGED COUPLE LOST IN COAST MOUNTAINS

PORTLAND, Aug. 4.—(U. P.)—Rosa Head, 72 years of age of Akron, Ohio was lost for 30 hours in the mountains near Rhododendron, Oregon. His wife was also lost and they hunted for her. The expedition found the wife hanging to a cliff, and found later stumbled into camp exhausted from lack of food.

AMERICAN PRISONERS NOW LEAVING RUSSIA

LONDON, Aug. 4.—(A. P.)—The headquarters of the American relief administration has announced the receipt of information that all American prisoners have been released in Russia and are now leaving the country.

PORTLAND COAL PRICE REDUCED \$1.50 TON

PORTLAND, Aug. 4.—A reduction of \$1.50 a ton on coal, with a guarantee to protect immediate purchasers against loss in the event of further reductions before March 1, 1922, was announced yesterday by the Pacific Coast Coal company.

This reduction makes the price on Utah and Wyoming lump and nut coal, which is the ordinary grade used for heating and cooking purposes, \$14 a ton. This is the lowest figure quoted on coal at Portland for some time, it was announced.

The belief was expressed that other coal concerns in the city would meet the reduction made by the Pacific Coast Coal company, and that the reduction would be general. None of the firms, however, had announced such reduction yesterday.

U. S. PASSENGER SHIPS WANT TO SERVE BOOZE

WASHINGTON, Aug. 4.—(U. S. S.)—Revenue Commissioner Blair has received a formal request from the United States board for a new ruling on the right of American passenger ships to carry and serve liquor to passengers aboard outside the territorial limits of the United States.

The shipping boards request for the new interpretation of the Volstead act followed vigorous appeals from the operators of American ships, who asserted they were meeting ruinous competition from the British and other foreign ships.

DEMAND PRESERVATION OF JOHN ADAMS' HOME

QUINCY, Mass., Aug. 4.—(U. S. S.)—Sentiment temporarily triumphed over modern progress when the Quincy city council delayed action on an order to take a few feet of the John Adams lawn in Quincy for the widening of Franklin street.

Charles Francis Adams, the Quincy Historical Society and the Daughters of the American Revolution fought the annexation. Adams said that to desecrate the dwelling in which two presidents of the United States were born would be comparable to building a street through Mount Vernon.

Proponents of the order declared it would not affect the John Quincy Adams Home and would take but a few feet from the John Adams lawn. Opponents, however, held it would destroy a tree which has long been a landmark. The order was recommitted.

WHEAT FOREIGN DEMAND REDUCE WHEAT PRICE

A drop of two cents in the price of September wheat was shown in the Chicago market today, September closing at \$1.21 1/2. Following are the quotations received here by Overbeck & Cooke Co.

	Wheat	Open	High	Low	Close
Sept.	\$1.22 1/2	\$1.22 1/2	1.19 1/2	1.21 1/2	1.21 1/2
Dec.	1.26	1.26	1.23 1/4	1.24 1/4	
	Corn				
Sept.	.58 1/2	.58 1/2	.57 1/2	.57 1/2	
Dec.	.58 1/2	.58 1/2	.58	.58 1/2	

Wheat—The need of outside buying power to sustain prices was demonstrated quite conclusively today when a good sizeable volume of liquidation coupled with scattered headline resulted in a decline of 3 to 3 1/2 cents from yesterday's close. There was an improvement noted towards the close, market rallied on short covering. The day development disclosed the important change in immediate export condition. Export sales were placed at only 469 bushels, a very small amount considering the extent of the decline. The fact that wheat has been clearing from the seaboard in sufficient volume to prevent accumulations at terminals, is naturally not sight of in the absence of fresh buying. The discouraging crop reports which continue to come from the American and Canada northwest are also without influence. It seems apparent that until there is an improvement in foreign demand prices will seek somewhat lower level.

TOO LATE TO CLASSIFY

WANTED—Hand power washing machine with upright fly wheel—must be clean and in good condition.—Inquire 757 E. O.

TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended by Lydia E. Pinkham's Vegetable Compound

Roxbury, Mass.—"I suffered continually with backache and was often dependent, had dizzy spells and at my monthly periods it was almost impossible to keep around at my work. Since my last baby came two years ago my back has been worse and to position I could get in would relieve it, and doctor's medicine did not help me. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have found great relief since using it. My back is much better and I can sleep well. I keep house and have the care of five children so my work is very trying and I am very thankful I have found the Compound such a help. I recommend it to my friends and if you wish to use this letter I am very glad to help any woman suffering as I was until I used Lydia E. Pinkham's Vegetable Compound."

Mrs. MAUDE E. TAYLOR, 5 St. James Place, Roxbury, Mass.

Backache is one of the most common symptoms of a displacement or derangement of the female system. No woman should make the mistake of trying to overcome it by heroic endurance, but profit by Mrs. Taylor's experience and try Lydia E. Pinkham's Vegetable Compound.

BOY SCOUTS HIKE TEN MILES SECOND DAY OUT

"PINE TREE LODGE," Boy Scout Camp—The second day was a full one for twenty-two boys. At 5:00 a. m. the detail on K. P. duty was getting busy. By 7:00 a. m. all were lined up to be served, "hot cakes and oatmeal with all the perquisites." There were "seconds" of both for all. The whole camp then hiked through Meacham on to the lake for the day where they enjoyed swimming and diving to the hearts content of all. On rafts and an old boat many trips were made across the lake. Some paddled while others bailed out the water. Scout Master, H. J. Kirby, is an expert swimmer. He sat on the bank in his bathing suit ready to assist all.

Scout Master J. M. Cornelison took all the outfits and enough eats in the Ford to the lake so the boys were free to hike the five miles unimpeded by any burden save their staffs. They made the ten miles nicely in this way. Each boy cooked his own luncheon. They were a hungry crowd at 6:00 p. m. and the supper suffered accordingly. All the scouts are loud in their praise of the camp at Immigrant Springs and take this means to thank Mr. Paul Bowman for the use of his land for the camp which he so cordially gave them. The camp is quite popular with many tourists, some even stop to take pictures of the camp with the colors flying in the breeze over the "pup" tents. But we must not tell it all, we have eight more days of these delights.

AUTOMOBILE TURNS OVER ON WESTON MOUNTAIN

(East-Oregonian Special.)
WESTON, ME., Aug. 4.—Charley May and family and Clyde May left Sunday for a two weeks visit with friends and relatives in Malheur country.

Virgil Walden fell off a horse last week and broke his arm just above the wrist. Dr. McKinney set the broken bones and little Virgil is doing nicely.

While driving around a curve on the new grade Raymond Ferguson failed to make the turn and the car was turned over once and a half breaking the top and wind shield. The steering gear locked. Mrs. Elmer Ferguson was pretty badly shaken up but they were both very lucky in not being seriously injured.

Henry Booher and Willis Forth left for the valley with their machine the last of the week.

Mr. and Mrs. C. B. Auker and daughter Miss Ruth Rowena of Walla Walla were week end visitors at the Mark Henderson home. Miss Auker will remain until the 10 of August. Mr. Auker is general manager of the Walla Walla Valley Garners Association.

Mrs. May and Mrs. Hyatt assisted in making paper dress forms at the Weston Mt. school house Friday afternoon.

Mrs. Clifford Metz and niece Mrs. Ethel Tucker and Mr. Tucker have been attending conference for a week near Salem.

Will Hall and family and Mr. and Mrs. Roy Hyatt went to Plenic Springs east of the summit for huckleberries Saturday and Sunday, but only found a few.

Mrs. W. L. Rayborn and family camped on the other side of Toll Gate but the berries were very scarce. Quite a few green berries that would be ripe in two or three weeks were found.

Mrs. Cora and Alpha Brown of Dayton, Wash., are visiting their aunt and family Mrs. Mark Henderson. They have only recently returned from Couer D'Alene Lakes and Spokane and will return to the State University in September.

Mrs. C. W. Avery and daughter Elizabeth and Gladys Nesbith are visiting Mrs. Avery's brother Fred Henderson and picking huckleberries. Little Evaneline and Margaret Logan returned to their home in Arlington, Oregon Saturday after two months visit with their aunt Mrs. Dick English.

Many children innocently cheated out of the very food they need daily

Everyone knows that health is the most valuable asset of life. From birth to maturity is the "construction period."

A robust and healthy child will usually develop into a vigorous man or woman. But malnutrition will invariably hamper normal growth and when the child reaches maturity he or she is anemic, poorly nourished and liable to disease.

Many children today are innocently cheated out of the very foods they need. Some parents, either through lack of knowledge, or carelessness, do not provide those foods which strengthen and nourish the growing child.

It is the duty of parents to think for the child in these matters.

Grape-Nuts, the well-known food made of whole wheat flour and malted barley, served with milk or cream, is one of the most nutritious foods in the world. It provides the elements necessary to nutrition and is a balanced food.

Quite aside from its superior nutritive value, is its delicious appetite appeal. Especially attractive with fresh fruits or preserves.

Grape-Nuts is served and sold everywhere—in leading hotels and restaurants; at lunch counters; in every good grocery store in every city, town or village in the United States. Where you can't find Grape-Nuts—you won't find people.

Grape-Nuts—the Body Builder
