PEARL WHITE PLAY SCORES BIG SUCCESS

The first thought of the spectator after seeing Pearl White in "The Mountain Woman" at the Arcade Theatre would naturally have been to rush home and warn the rest of the family not to miss the picture. It is doubtful if Miss White has played in anything more enjoyable from the standpoint of the audience than this story of the Kentucky hills as originally told by Charles Neville Buck in his novel "A Pagan of the Hills."

The picture is replete with acting of the finest type. There is spirited action aplenty, and interesting incidents which are added as a sort of good measure to the gripping plot. The sub-titles, written in the droll dia-lect of the mountaineers are not the least factor in the entertainment value of this William Fox production.

Miss White plays "Alexander" Mc-Givens, whose father reared her as if she were a boy, and whose wild beauty set men's hearts affame and brought sneers from the women because she dressed in boyish garb. Her attitude toward suitors was always "Hands

the rapids on log rafts, a sensational hotel fire and a grain elevator's destruction by marauders are among the sensational scenes of the picture. Pearl White is Pearl White-and what fur-ther personal descriptions is necessary to her hundreds of thousands of admirers?

When they Call it an "Orphan"

An orphan in automobile talk is a car that is bought from some person not able or disposed to guarantee service and satisfaction to the owner.

The term recognizes the specific value that a good dealer gives to any car he sells.

We recommend the Buick.

No car we sell ever becomes an "orphan."
