

News Notes of Pendleton

CALENDAR OF EVENTS

- June 27-August 5—Summer Normal School.
- July 28—Meeting of Umatilla and Walla Walla County wheat growers.
- September 19-24—Northwest Grain and Hay Show.
- September 27, 28, 29—Annual Pendleton Round-Up.

No Council Meeting Held

There was no meeting of the city council last night due to the lack of a quorum. Mayor Hartman and Councilmen Friedly and Bond are absent from the city, and Councilman Penland and Ell were not present at the meeting.

Negotiations To Be Opened

There is a probability that a horse-shoe pitching contest "to the death" between Echo and Pendleton players may be arranged. It was indicated last evening when F. J. McMonies, plenipotentiary extraordinary of the Hamley crew of pitchers toward the metal stake, was accosted with the challenge that has been issued by Bill

Embassy of the west-end town.

Ambassador "Mac" wants to know a few little minor points, however, before he accepts the challenge. How far to the challengers pitch, what weight shoes do they use and other questions of a similar nature have been propounded by the diplomat of the Hamley crew. If the two outfits can agree on conditions, it is likely that a contest will be arranged. The Echo players have expressed a desire to pitch on Sundays, rather than on week days.

Prizes for Deer Heads.

A contest to determine who has the best deer head in Pendleton will be conducted this week by Sol Baum, local sporting goods dealer, who will award three prizes for the best heads. The deer heads will be displayed in the sporting goods store on Main street and all entries must be in not later than Friday night, as the display is to be ready Saturday morning. Evergreens are to be used as a background and the window display gives promise of being very attractive and interesting. Mr. Baum has already secured seven heads. Three compe-

lent judges will manage the awards,

says Mr. Baum.

Gets Building Permit.

E. C. Leslie has been granted a building permit for an addition to his residence which will cost \$175.

For Vagrancy.

Frank Beush, arrested by the police on a charge of vagrancy, was given a jail sentence of three days this morning in city court by Judge Thomas Pitts Gerald.

Improvements At Delta.

Recent improvements at The Delta, Main street confectionary and restaurant, include swinging doors leading to the kitchen. They were installed to facilitate quick service to patrons.

Concrete Work Underway.

The concrete work for the first three floors of the new addition to St. Anthony's hospital is finished and the work on the fourth floor is well underway. The remainder of the exterior is to be of brick.

Is Not in Hospital.

Mrs. Minnie Chief today made a denial that she is in the hospital here on account of an operation. The woman who has been reported as being Mrs. William Chief, operated on Sunday at St. Anthony's, is the house-keeper for William Chief, according to Mrs. Chief.

Stage Driver Fined.

Fred Preston, a driver for the D. and H. Stage between Pendleton and Walla Walla was fined \$35 yesterday in the court of Justice B. B. Richards at Athena. The complaint was made by a state official and Preston was arrested by the sheriff's force. The fine was paid.

Lots Are Rented.

An indication of the number of "hot-dog" stands and other booths which will be operated in Pendleton during the Round-Up is given by the fact that all the lots at the rear of the Masonic Hall, with the exception of two, have been rented for the days of Round-Up, September 22, 23 and 24.

Improvements Under Way.

Improvements are under way in the Masonic lodge rooms in the Masonic building on the corner of Main and Webb streets. The walls and ceiling are being redecorated and a new maple floor is being put down. The Masonic and Eastern Star orders are planning to have many social affairs this year and dancing is to be enjoyed as an entertainment feature.

County Gets Publicity.

Pendleton and the Umatilla County is the title of a 1500 word article which appears in the August number of the Pacific Semaphore, O-W. R. & N. magazine issued by the passenger department. The article was provided by the Pendleton Commercial Association and leads a section entitled "Community Development," giving brief reviews of cities, towns and counties in the Northwest which are served by the Union Pacific.

That Wicked Steer.

Quite a bit of interest has been aroused by the request that has been sent out by the management of Happy Canyon for a wicked, fighting steer to be used here during the Round-Up at the night show. Albert Peterson of Ukiah has let it be known that he thinks there are several out in that part of the country that can prove their right to be called the oneriest, toughest fighters in Eastern Oregon, and he is busily engaged in lining up several entries. On the recent tour of Grant county, James Sturgis ran across a cattleman who had just shipped a particularly pugnacious animal to Portland. The search will be continued. In the meantime, other vicinities are carefully going over herds to see if they have something in the way of wicked steers that will add to the interest of Happy Canyon's Show.

Jail for Petty Thieves.

That the city authorities have clues as to the identity of petty thieves who have been taking wearing apparel, money and jewelry from lockers at the Natatorium is a statement made today by Councilman Dick Lawrence, chairman of the committee that has the conduct of the place in charge. Considerable complaint has been made about the disappearance of stuff from the lockers, but so far, a clear case against any of the suspects has not been made. If evidence now held is further substantiated, according to Lawrence, prosecutions will follow, and an effort will be made to secure jail sentences for the offenders. There is a possibility that locks may be placed on the lockers, but owing to the fact that the season is so far advanced, such action may not be taken this year. In the meantime, a special effort is being made to catch some of the perpetrators of the stealing that is regularly being done.

Will Visit Father

E. W. Draper, of Xenia, Illinois, is on his way to Pendleton for a visit with his son, E. O. Draper and will arrive here on Sunday, Mr. Draper visited here eight years ago with his son.

Potato Crop Good.

Fred Bowers and Raymond Ferguson of Weston mountain, were here today on business. They report that the condition of the potato crop on the mountain is excellent this year. They have refused contracts for their crops on the basis of \$1.50 per hundredweight.

Let 'er Buck Books Here.

Seven thousand copies of the "Let 'er Buck" book by Charles Wellington Furlong arrived in Pendleton this morning and are being distributed from the office of the Commercial Association. This is the second and final shipment of the book, the initial shipment of 500 copies having come several weeks since by express. Subscribers for copies should call at the office of the association where they will receive their quota. Many merchants have already sold their quotas of the original 500 and the demand for the books is keen.

At Atlantic City

Reuben Beckwith, son of Mr. and Mrs. J. S. Beckwith, and talented pianist, is now in Atlantic City where as accompanist for Miss Ruth Budd, he is appearing in vaudeville. The following is from the Bill Board, theatrical magazine: Ruth Budd, recently returned from England, opened her vaudeville tour in this country at S. Z. Pott's Capitol Theater, Hartford, Conn. Miss Budd's novelty singing, dancing and ring specialties assisted by Rube Beckwith at the piano, scored a hit with Capitol patrons last week.

Lambs Bring Good Price.

About 4200 head of fat lambs shipped two weeks ago by the Smythe Bros. outfits have sold this week on the Chicago market at \$19.50 the hundred, according to returns that have been received here. The average weight of the lambs was 80 pounds, and on this basis, the returns are considered very good. Sixteen carloads were shipped last week, and yesterday a shipment consisting of 2,000 head was shipped from Wallowa. Yesterday's shipment comprised lambs belonging to Smythe Bros. and to the Pendleton Sheep Co. Several trainloads of lambs still remain to be sold, and shipments will be made every week until the young stuff is disposed of.

KING PROTECTS MONKEY WHICH KILLED HIS SON

WASHINGTON, Aug. 11.—(U. P.)—The monkey which bit King Alexander of Greece, causing the monarch's death, is alive and the pampered pet of royalty instead of picking in a surgeon's vat, as claimed, according to John Poulos, American Greek, just returned from Athens.

"My father is a palace official, and from him I learned the true story of the simian regicide," said Poulos.

Poulos said that the guilty monkey was a Weeping Capuchin. After it bit the king it was turned over to a court physician for observation.

"The monkey was a little round-headed, human-faced fellow, and except for a moody eye did not appear to be vicious," narrated Poulos. "When the doctors called in consultation decided to kill the monkey to determine if it was suffering from rabies, King Alexander himself intervened and asked that the life of his pet be spared if possible. As the doctors were confident their diagnosis of the king's illness was correct, without further proof and that he did not have rabies, Alexander's request was granted, although the world was told that the monkey

was killed.

"Alexander died, Constantine returned. One day the rethroned king asked of the fate of the monkey which had killed his son.

"He is caged in an unused room in the palace, sire," informed a retainer.

"I will see him," said the king. He went and gazed silently at the monkey. Maybe it was a flea on the monkey's head that made him raise his hand as though in salute to the king. Constantine thought not.

"The instrument of the gods' he muttered. 'He shall live!' Then turning to servants of the household, Constantine ordered that the monkey be put in a more luxurious cage. He deputed a special servant to look after its wants and ordered that no harm

should come to a single hair on its body."

At the Greek Legation here it was said that the monkey assassin was dead.

Catarthal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. CATHARTIC DEAFNESS requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarthal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

WANTED

An experienced traveling salesman to cover Western Idaho and Eastern Oregon territory by a large western manufacturing concern. Splendid opportunity for right party. All applications held confidential.
