HOME DEMONSTRATION
IDEAS FOR HOUSEWIVES

During the past year several calls have come to the home demonstration agent for directions in canning fresh meat. Below is given a general recipe which can be used for beef, pork, veal or venison:

Cut the meat into convenient pieces for handling, (about three-quarter pound in weight) and roast or boil slowly one-half hour. Cut into sections to fit the jars, remove gristle, bone and excess fat and pack directly into hot glass jars. Fill with gravy from the roasting pan or hot liquid concentrated to one-half of its volume. Put rubber and cap in position, not tight. Sterilize in hot water container for three hours. Then tighten lids and set out to cool slowly.

Do not attempt to can meat unless you have new lids and rubbers for the jars.—E. V. D.

BEAUTIFUL DIVORCEE PLACES ALL HOPE IN HER FORMER HUSBAND

Ralph Obenchain Said He Still Loves Former Wife Madalyn and Intends to Help Her.

LOS ANGELES, Aug. 12.—(A. P.) Madalyn Obenchain, indicted with Arthur Burch for the murder of Belton Kennedy, the insurance broker, is placing her hope of freedom in her divorced husband, who is speeding from Chicago to her assistance. Ralph Obenchain, before he left Chicago, told the United Press he still loved his former wife, and intended to do everything in his power to effect her release. He still loves her and cannot believe her guilty.

New Flower Jewelry From Paris

A new composition, Galalith, which resembles a cross between porcelain and celluloid, has been fashioned by Paris, into a new line of novelty jewelry as artistic and fascinating as flowers themselves. Girlies made of flower-covered lattice work, pendants formed into bouquets or flower-covered bells or over-filled baskets, hatpins like nosegays—are made of these tiny blooms in gay and delicate colors—as natural as life.

WAS A "BEAR CAT"
"My wife was never an angel, but after five years of liver and stomach trouble she became a 'bear cat.' No doctor or medicine helped her and we thought there was no help for her. Our grocer told me of Max's Wonderful Remedy, which had helped him for the same trouble, so I bought home a bottle, but she promptly threw it out. I got it back and after a week coaxed her into taking it. She is now enjoying the best of health and disposition." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.
