YEAR BOOK IS ARRANGED

With the summer season nearing an end, the various clubs of the city are making plans for the fall and winter programs of club activity. Among the clubs preparing for the ensuing year is the Pendleton Women's Club, which has a greater membership than any other club in Pendleton.

The theme for the year's study is "Our Country" and the publishing of the year book has been arranged for by the year book committee. Mrs. J. T. Richardson, Mrs. Maude L. Woodard and Mrs. A. L. Schaefer. The first event in the club calendar is "Officers' Day," September 8. Among other subdivisions in the program are "American Citizenship," "Women Composers of America," "Smith Turner Hill," "Library Day," "Child Welfare Day," "Style Day," "The Drama," "Home Economics," "Literary Day," "Inheritance Day," "Music," "American Women Writers," "American Historical Landmarks," etc.

Officers of the club are Mrs. E. T. Wade, president; Mrs. J. T. Richardson, vice president; Mrs. James Jones, second vice president; Mrs. L. L. Rogers, recording secretary; Mrs. E. Whitman, corresponding secretary and Mrs. J. B. Perry, treasurer. The personnel of the standing committees has not yet been fully completed.

WEDDING SOLEMNIZED

Miss Vinnie Moore became the bride of Archibald Simmons last evening at a pretty wedding at the home of Miss Pauline Doherty, 111 Stonevale Jackson street, with Rev. George L. Clark of the Presbyterian church officiating.

Miss Moore wore a charming frock of white dew-lark satin and she carried a bouquet of orchids, roses and baby's breath. The ceremony took place at an improvised altar of flowers and ferns. Miss Gladys Smith was maid of honor and Ernest Doherty attended the bridegroom.

Among the guests were Mrs. Moore and Miss Eva Moore, sister of the bride.

Following the ceremony, Miss Doherty was hostess for a wedding supper. A color scheme of pink and white was used for the table decorations, a lovely cluster of Cecil Broomer roses forming the centerpiece.

Both Mr. and Mrs. Simmons are popular members of Pendleton's younger set. They will make their home in the Cary apartments.

HOME DEMONSTRATION IDEAS FOR HOUSEWIVES

Don't Throw Out Skim or Sour Milk
Clean skim milk is a valuable food, containing all the nourishing elements of whole milk except the fat or cream. It is useful in cooking cereals, soups, sauces, casseroles, etc., and is a palatable, nourishing beverage.
Sour milk and buttermilk can be used with soda in making hot breads, or sour milk can be easily turned into cottage cheese, or clabber. Sour cream, is a good shortening for cakes and cookies, and is useful for salad dressings and gravies for meat.

Home cook-stove dryers are considered a very necessary piece of furniture by the women in some Oregon counties, where they have learned of the many uses. In one section dainty boxes of home-dried fruits have been prepared for Christmas gifts. Instead of candy, the children of this same section use the dried fruits to satisfy their natural craving for sweets.—E. V. D.

CLOCK IN COURT HOUSE TOWER STRIKES HOURS AGAIN AFTER VACATION

The old town clock in the tower of the courthouse is striking again.
For several days it has refused to toll the hour, though it was keeping time, so W. W. Wilkerson, the man who installed the big mechanism in 1913, was pressed into service and the first repairs of any consequence that have been made on the clock since its installation were made this morning. So it's off of its strike and now is striking again.

ONE KILLED AND FOUR INJURED IN AUTO WRECK

TACOMA, Aug. 15.—(U. P.)—W. J. Waddington, 56 years of age of Seattle, was killed when his automobile plowed off the Mount Rainier road into Nisqually canyon. His three daughters and the husband of one of them, were injured seriously.

KENNEWICK EDITOR ENTHUSIASTIC ON ATTALIA OIL WELL

Chances of Strike Look Good According to Visitor; Local People Interested in Well.

(By Editor Kennewick Courier Reporter)

Eldorado, Ark., resolved its name, it is presumed, very much in the same natural way as did Attalia, some years ago, long before there was even a single thought that some day it would occupy a position on the map on which the eyes of this continent would be centered and the legend of its name verified in reality by the liquid stream of its wealth production if not by the much coveted yellow metal in its native form, from which the name is derived.

Eldorado, Ark., until three years ago, was a quiet, unpretentious, dreamy little village like Attalia is today, when— presto!—during a quiet hour their came into existence, right in their very midst, a mighty three-thousand barrel oil gusher and the effect was truly electrifying, for history had again repeated and the influx of live, red blooded men, from all parts of the country, far and near, was in earnest before the dreamy and astonished "natives" awoke from their accustomed lethargy of the past into a realization of the opportunities that had been knocking at their very doors without recognition, just as, in many instances, the "old timers" of Walla Walla and Benton counties are right now, failing to observe seriously the handwriting on the wall that is being written by the oil developments at Attalia through the operations there.

Termined plottings have been conducted during the past year, against the greatest difficulties, discouragements and odds imaginable, but which now bears every encouraging earmark of success that could be even hoped for. The writer visited the Columbia Hash well last Tuesday and was amazed at the progress that had been made since the occasion of his previous visit a week or ten days earlier, when the showing of oil on the water, that is carried up to the surface by escaping gas was considered very promising at that time, but now "has increased to such an extent as would quicken the pulse of the most skeptical and leave him wondering what would happen if some "ten" hundred feet of water pressure was removed and the oil given a chance unimpeded to liberate itself.

How deep are they? Well, everyone who visits the well introduced himself with that very question, right at the end and are most probably in

FORD

The Universal Car

Remember that when you bring your Ford car to us for mechanical attention that you get the genuine Ford service, materials, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equally poor quality materials. Bring it to us and save both time and money.

We are authorized Ford dealers, trusted by the Ford Motor Co. to look after the wants of Ford owners. That's the assurance we offer. We are getting a few Ford cars and the first come, first to receive delivery.

Have you thought about that Sedan or Coupe for this fall and winter? They are mighty comfortable and cozy when the wind blows and the rain is falling. Come in and look them over and place your order in advance so that we can be sure of ordering enough to go around. This will be the closed car year.
