### WEDDING SOLEMNIZED.

An interesting wedding of last evening was that of Miss Janet Pendleton of Portland, and Dr. Robert Edward Leigh, solemnized at the Christian church with Rev. W. A. Gressman, pastor, officiating.

The bride, who is the daughter of ex-Senator William Worth Pendleton and prominent in social service work in this state, wore a lovely frock of white braided crepe de chine, with white hat trimmed in pale pink plumes. She carried an arm bouquet of pink shaded gladioli. Mrs. Edna Schilke Morrison, groomed in white attended her as matron of honor, while W. E. Brock was groomsmen. Mrs. Brock was the only guest.

The wedding took place on what would have been the fiftieth wedding anniversary of Dr. Leigh's parents, had they been living.

Mrs. Leigh is secretary of the department for girls of the Pacific Coast Rescue Society and state lecturer for this organization. She has lectured before local clubs and is well known throughout the state. Her bouquet was a gift from the board members of the society. Mrs. Leigh since the announcement of her engagement, has been much feted in Portland and a large wedding was planned in Portland but for the death of Mrs. Leigh's nephew, who lost his life on the Alaska.

Dr. Leigh, who recently accepted a position as veterinarian at the Eastern Oregon State Hospital, is a graduate

of Chicago University and later took post graduate work at St. Joseph, Missouri. Mrs. Leigh's duties as secretary of the Rescue Society called her to Portland today. After a short time, Dr. and Mrs. Leigh will be at home to their friends in Pendleton.

### HOSTS FOR DINNER

Mr. and Mrs. Lewis M. LaDow were hosts on Sunday for a most delightful dinner party at their country home on McKay Creek. The event was in honor of the birthday anniversary of Mrs. LaDow and her cousin, Miss Charlotte Isaac, both anniversaries occurring on the same date.

## IDEAS FOR HOUSEWIVES HOME DEMONSTRATION

- \* That washing machines continue in satisfactory service at least eight years and cost not to exceed 3 1-2 cents a week, was the discovery in a recent home convenience survey. Hand driven washing machines are in use in 50 per cent of the homes reached by this survey. Thirty-seven per cent of the women questioned still use the old wash board, despite the fact that a washing machine may be had for \$1.34 a year.
- \* The average cost of all washing machines used was found to be \$9.95. Of the machines that have been in use eight years or longer 84 per cent still give satisfactory service, 12 per cent are fairly satisfactory, and 4 per cent are no longer doing passable work.
- \* At a cost of 3 1-2 cents a week the housewives have been enabled to do their family washings not quicker, but much more easily than in the old way, and does not leave the homemaker so tired. Where she has help to run the machine the time consumed by the washday task is also shortened.—E. V. D.

## PUBLICITY COMPATIBLE TO GETTING BUSINESS DONE WILL BE GIVEN

### Senator Lodge Chosen One of U. S. Delegates to Conference is Cognizant of Plans.

WASHINGTON, Aug. 23.—(U. P.)—Senator Lodge, chosen one of the American representatives to the American disarmament conference and is therefore cognizant of President Harding's plans, told the senate "no one representing the president will go to the conference not in favor of the largest measure of publicity compatible with getting the business done."

## CHICAGO WHEAT PRICES CONTINUE TO ADVANCE

The advance in the wheat price continued today, September wheat closing at \$1.18 and December wheat at \$1.19. Yesterday the closing prices were \$1.16 3/4 for September and \$1.18 for December.

Following are the quotations received by Overbeck & Cooke, local brokers:			
Wheat.			
Sept.	\$1.17 1/2	\$1.18	\$1.15 1/2
Dec.	1.18 1/2	1.19	1.16 1/2
Corn.			
Sept.	.53 3/4	.53 1/2	.52 1/2
Dec.	.54 1/2	.54	.52 3/4

Wheat—Local sentiment early inclined to the buying side and the market started strong only to encounter selling for profits which met poor buying power and resulted in decline of nearly three cents. Shortly before the close strength again developed and loss was fully recovered. The news from export circles was rather disappointing, bids in most cases being reported out of line. Receipts continue large in the southwest, while the movement to northwestern markets is increasing and will probably be on a large proportion by next week. Attention was called to the fact today that there are 7800 cars or about 11,000,000 bushels of all grains on track in Chicago not appearing in the visible. Canadian crop reports are generally favorable and threshing returns said to be better than expected. The disposition of large Canadian surplus this year is going to be quite a problem. Also heavy movement from that country as well as from American spring wheat belt. We don't think an extended advance in our market will take place.

## WANAMAKER SAYS BAD CONDITIONS JUST BEGUN

WASHINGTON, Aug. 23.—(L. N. S.)—The bankruptcy period has just started, property in the south is being sold for taxes, and suicide and insanity will follow, John Wanamaker, president of the American Cotton Growers' Association, declared before the congressional committee investigating agricultural conditions.

Artificial deflation forced by the federal reserve board is to blame for conditions which are "sending the country to destruction," Wanamaker charged.

Nearly twice as many people are killed yearly by automobiles as by trains.

Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. J.
