

Social and Club News

RETURN FROM TRIP
Mr. and Mrs. L. L. Rogers and Mr. and Mrs. S. H. Thompson have returned from a motor trip to Lewiston, Idaho. Mr. Rogers and Mr. Thompson visited Montana also during the trip.

LEAVE FOR LA GRANDE
Mr. and Mrs. James McCormach left yesterday for La Grande where they expect to spend the winter with Mr. McCormach's uncle, James McCormach.

RETURN FROM IDAHO
Mrs. Charles Walters and daughters, Alice and Florence, have returned after a ten days visit to Bonne Ferry, Idaho.

MOTOR TO WALLA WALLA
Mrs. F. E. Boyden, Mrs. Richard Mayberry, son Robby Mayberry, Mrs. George Strand, Mrs. Lowell Kern and Charles Kay Bishop formed a party which motored to Walla Walla this morning. They will return this evening.

RETURN TO HOME
Mr. and Mrs. Earl Sawyer of 810 Mill Street have had as their house guests for the past two days, Mr. and Mrs. Walter Albrecht of Pilot Rock. They returned home today.

ARE IN PORTLAND
Mr. and Mrs. W. A. Rhodes are spending a few days in Portland.

STAG DINNER GIVEN
In honor of Earl Sawyer's birthday anniversary, Mrs. Earl Sawyer, 810 Mill street, was hostess last evening for a seven o'clock stag dinner.

Red astors were attractively used in decorating, and centered the table at which were seated Mark Patton, M. A. Goddard, Wade Privett, Albert James, Joe Burns, Sam Nye, Walter Albrecht of Pilot Rock, and Mr. Sawyer. Mrs. Sawyer was assisted in serving by Mrs. Albrecht. Mr. Sawyer received many gifts, among them a smoking set presented by Mr. Patton, Mr. Burns and Mr. James.

GUESTS IN PENDLETON
Miss Tomna Jacobson of La Grande and Miss Edna Pearson, of Portland, are guests at the home of Miss Blanche Furnish. They are on their way to Husum, Washington and Portland, after a visit in La Grande at Miss Jacobson's home. Later they will resume their studies at Oregon Agricultural College. Miss Jacobson, Miss Pearson and Miss Furnish are sorority sisters, all being members of Alpha Chi Omega.

RETURNS FROM HOT LAKE
Mrs. Charles Vaughan and children returned last evening from Hot Lake where they accompanied Mrs. Vaughan's mother, Mrs. W. H. Nebergall, who has been very ill for the past month. Mrs. Nebergall will remain at Hot Lake for some time.

MISS CLARK CONVALESCING
Friends of Miss Helen Clark will be glad to learn that she is convalescing after a severe attack of bronchitis. Miss Clark, who has been at St. Anthony's hospital, is now at the Guy Wyrick home on Jackson street.

MRS. PHILLIPS TO VISIT
Mrs. Charles H. Phillips, of Portland, will arrive here tomorrow evening and will be the guest of her son and daughter-in-law, Mr. and Mrs. Clyde E. Phillips.

DR. AND MRS. HOLT RETURN
Dr. and Mrs. G. E. Holt returned last evening by motor from Idaho, where they spent two weeks. A part of the time was spent in an outing in the mountains.

RETURN FROM TRIP
Mr. and Mrs. A. L. Schaefer, with son and daughter, returned today on the Northern Pacific train after a sojourn at Seattle and other sound points.

MISS JOERGER RETURNS
Miss Elizabeth Joerger has returned after a three weeks' visit in Portland and Seaside. She also visited her brother, John Joerger, at Enterprise.

LEAVES FOR HELENA
Mrs. W. C. Minnis left last evening for Helena, Montana, where she will visit her son and daughter-in-law, Mr. and Mrs. Harry Minnis.

LITTLE DAUGHTER NAMED
The little daughter of Mr. and Mrs. E. F. Averill, born on Saturday evening, has been named Constance.

HERE FROM ECHO
Mrs. Charles Lyle, Echo matron, is in the city today.

VISITORS IN PORTLAND
Mr. and Mrs. J. F. Jones are Portland visitors.

IDEAS FOR HOUSEWIVES
H O M E D E M O N S T R A T I O N

Overweight children, especially when they are more than 10 percent above the standard average for their height, are usually indolent in their habits. They get too little exercise, eat too much of fattening foods such as milk, cereals, potatoes, bread and butter and sweets. Both their school work and their general health would be improved by a reduction in weight to normal.

JUNGLE SNAKE GOBBLES DOWN HENS AND EGGS BUT ALL ARE RESCUED

(By International News Service) NEW YORK, Aug. 24.—A snake story through the background of home brew is related by the Rev. Mr. Edwin H. Richards, for thirty-one years missionary to Africa under the Board of Foreign Missions of the Methodist Episcopal Church, who made his report at the headquarters of that organization recently. A python fifteen feet long came out of the jungle one night and gobbled the hen house of the mission, at which some missionaries had gathered. The hen roosts were in an enclosure on the top of a bin of horizontal logs, to protect them from the smaller animals of the bush. The big snake wound his body in and out among the logs and got his head among the fowls. He swallowed seven large chickens, a setting hen and nine eggs.

The noise made by the other fowls woke two native girls, students in the mission school, who slept in a dormitory nearby. They armed themselves with an axe and went out to investigate, finding the python still wound among the logs and drowsy after his meal. With the axe they chopped him in two, and their shouts for help brought a half dozen Methodist preachers in pajamas and slippers with lanterns and shotguns. The python was pronounced dead and the natives who gathered from the kraal outside the mission compound begged permission to salvage the chickens.

The fowls were found almost whole and were borne off in triumph by the natives. The eggs, too, were not broken and were put under another setting hen and were hatched into perfectly normal missionary chickens.

U. S. FOUNDS NATIONAL PARK ON VOLCANO BRINK

'BIVOUCAG OF DEAD' IS KEPT BY HEROES TO COMPEL RESPECT

American Legion Stands Guard To Compel Burial of Their Comrades on Sunday.

(By International News Service) HAWAII, Aug. 24.—(I. N. S.)—Another unit has been added to Uncle Sam's system of national playgrounds by the official dedication of Hawaii National Park.

Simplicity marked the dedication ceremonies, which took place on the brink of Halemauau, fire-pit of Kilauea Volcano, where the hot breath of Pele's fires scorched the faces of participants and onlookers. A feature of the ceremony was the chanting of an ancient Hawaiian prayer to Pele, Goddess of Fire, whose legendary home Kilauea is, followed by a repetition of the first Christian prayer repeated at the volcano by the first Hawaiian to defy Pele. The park was received on behalf of the Federal Government by A. O. Burklund, of the United States Geodetic Survey, who acted at the request of Secretary of the Interior Fall, while Lorrin A. Thurston, publisher of the Honolulu Advertiser and pioneer citizen of Hawaii, represented the Territory.

Included in the large crowd which gathered to witness the ceremony was a party of twenty-eight tourists from New York, headed by H. V. Kalton, born, of the Brooklyn Daily Eagle. The new park, with a total area of about 74,000 acres, is divided into three sections, which embrace some of the most interesting and in many respects the most noteworthy features of the entire National Park system. On the island of Hawaii are the Kilauea and Mauna Loa sections, which adjoin and which include within their boundaries two active volcanoes, Kilauea and the intermittently active volcano Mauna Loa, the latter, with an elevation of 13,675 feet, being the second highest peak in the Pacific. The third section of the park lies on the island of Maui and is known as the Haleakala section, taking its name from the mountain whose great extinct summit crater forms the principal portion of the area controlled by the Government. The crater of Haleakala is twenty miles in circumference at its rim, which has an elevation of ten thousand feet, has a depth of over two thousand feet and an extreme width of seven miles, being the largest extinct volcanic crater known.

Comparatively speaking, Hawaii National Park is still uncommercialized though there are two hotels in the Kilauea section and rest houses for the accommodation of tramping parties on both Haleakala and Mauna Loa.

ASIAN TRIP PLANNED TO OBTAIN NEW TREES'

WASHINGTON, Aug. 24.—A three-year trip through little-explored regions of southeastern Asia in search of useful varieties of trees and plants which are unknown to horticulturists of the Western World is about to be undertaken by J. F. Rock, agricultural explorer of the department of agriculture. He will leave Washington about August 25 on his long trip, which is likely to have far-reaching results.

On this trip Davis will complete his studies of the chamoora oil trees—source of the leprosy cure—of the warmer portions of that region and study the various wild and cultivated plants which are worthy of being brought more forcibly to the attention of the botanists and husbandmen of America.

One of the special objectives of the Rock expedition is a search for chestnut worthy of introduction to the Eastern United States. There are known to be chestnuts in western China and southward into Siam and Burma and even as far south as Java which form immense forest trees. The resistance of these trees to the bark disease which is slowly killing the chestnut trees in the United States is unknown, but since certain seedlings of a dwarf chestnut sent in by Meyer, in 1906, from China, have shown a high degree of resistance to the blight, it is deemed important to secure all the chestnuts of that region.

Southeastern Asia is the home of the chestnut. There are more species there than in all the rest of the world together, and since Dr. Van Fleet, of the agricultural department's plant breeders, has already successfully made hybrids between the American, Japanese and Chinese chestnuts there is good ground for believing that through hybridization it will be possible to produce a disease resistant chestnut forest tree to replace the American vanishing species.
