

People Here and There

Edwin J. Burke of the Burke Wool Co. of Portland is here today.

Ed Lefel, a business man of Joseph, was in Pendleton yesterday.

Herbert Bryson, an attorney of Walla Walla, is a business visitor in Pendleton today.

J. R. Flynn, of the Fluke-McFall Co., Portland, is a business visitor in Pendleton. He arrived here yesterday.

Frank Keyes, of Walla Walla, is a business visitor in Pendleton today. Mr. Keyes is the appointee for United States Marshal for the Washington district.

C. P. Bagdikian, a prominent sheep man of Elensburg, Washington, was in Pendleton yesterday. He was on his way to Itaker county where he has a ranch and runs sheep.

George Stanger, who with Mrs. Stanger and children, have been sojourning at Seaside, is here for a few days on business. He will return to the beach in a few days and will later be accompanied home by his family.

J. E. Allen and family of Pendleton are spending a few days in Portland, Oregon Journal.

Asa Thomson, newly appointed secretary of the federal land bank at Spokane, and Ralph Stanfield, cashier of the Bank of Echo, were business visitors here today.

Menominee weather is showing the tang of autumn, says R. A. Bottcher, deputy Umatilla forest supervisor, who returned from that locality last night. Menominee has already been visited by low temperatures bringing heavy frost.

Ed Tucker, Holdman farmer who is in Pendleton today, had a crop this year which averaged 40 bushels to the acre, a remarkable record for the Holdman district. For the last season, Mr. Tucker used formaldehyde instead of bluestone and obtained good results, he states. Mr. Tucker believes in early seeding and expects to begin September 1. Because of the dry condition of the soil, it will be necessary this year to take precautions to have the seed well dried out after treatment, as if the wheat is not dry when

placed in the soil germination begins and is then killed by the drought.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Marriage License.
A license to wed has been issued to Fryal E. Carter, a clerk, of Walla Walla and Maebelle Cooper, a waitress at Milton.

Save Club House.
The Country Club House was saved from destruction about noon from fire when a stream of water played from a sprinkling hose was used to dampen the grass near the house. A fire that started when one of a number of boys who were playing on the barren ground north of the club house threw down a match swept down the hill with incredible speed, and for a while it seemed that the house would be destroyed. The quantity of water used on the dry grass near the place proved sufficient to check the fire, however, and there was no property loss.

Wanted for Robbery.
Deputy Sheriff Wes Spears was at Freewater this morning where he was endeavoring to get information as to the whereabouts of Carl Miller, 50, and his daughter, Agnes Miller, 17, who are wanted on a charge of having stolen a quantity of women's wearing apparel from the Roy Ross ranch. The father and daughter worked on the Ross ranch this summer and left about two weeks ago. Mrs. Ross, mother of Roy Ross, was in the mountains at the time, and on her return, she found that a great deal of clothing belonging to her had been taken. No trace of the pair has been found. Linen tablecloth, hose, gloves and nightgowns are missing.

GALA DAY INCLUDES AIRPLANE PROGRAM

A gala day for boys and girls of Pendleton and vicinity has been arranged by Rex Ellis and Edwin H. Schiller who will assist in the work of the American Red Cross in life-saving work and swimming instruction which is to be given Friday and Saturday.

In addition to this instruction, the program will be further enlivened by stunts in an airplane which will be performed by Capt. Charles R. Parmelee and Ray Black. The aviation field will be just back of the high school, and the stunts will be staged in the evenings. Douglas D. Clark is a dare-devil aviator and acrobat, and he does some of the wildest stunts ever accorded to an aviator, such as changing from one plane to another while both are in action and boarding a moving train from an airplane. He has acted for the movies.

The program of life-saving instruction calls for instruction for girls at 10:30 in the mornings at the natatorium. Boys under 15 will receive instruction from 2 to 3 in the afternoon; boys more than 15, from 3 to 3:30; and after 3:30, tank events will be enjoyed by both boys and girls in competition.

The ex-army officers will carry passengers, and one-half of the fares of all the kiddies will be paid by Ellis and Schiller. Parmelee and Black arrived this morning from Spokane after a flight of two hours. Clark is ill at The Dalles and it is possible that he may not be here this week on account of illness, but he will come as quickly as he recovers, and the stunts will be given when he arrives, according to Rex Ellis.

WORLD'S PROGRESS IS SHOWN IN LETTER

CLEVELAND, Aug. 25.—(U. N. S.)—A striking indication of the world's progress was shown here recently when the one hundred and twenty-fifth anniversary of the city's founding was celebrated. At that time a letter written in 1796 on the occasion of the centennial celebration was read. It contained the following questions to be answered now:
"Have women the right to vote?"
"Has prohibition been achieved?"
"Has the North Pole been discovered?"
"Have people learned to fly?"
"Is the horseless carriage a reality?"
All the questions, moot then, are answered in the affirmative.

CHICAGO WHEAT MARKET SHOWS STRENGTH TODAY

September, December and May wheat quotations showed strength today in the Chicago grain market. September wheat closed at \$1.29 1-4, December at \$1.21 3-4 and May at \$1.25 1-4, an increase over yesterday's prices which were September \$1.18, December \$1.18, and May \$1.22 1-2.

Following are the quotations received by Overbeck & Cooke, local brokers:

	Open	High	Low	Close
Sept.	\$1.18	\$1.20 3/4	\$1.17 1/2	\$1.20 1/2
Dec.	1.19 1/4	1.22	1.18 1/2	1.21 1/2
May	1.23 1/4	1.25 1/2	1.22 1/2	1.25 1/2

HEROIC OPERATOR (Continued from page 1.)

lish government, as the United States had not yet accepted the aircraft. It is understood funds appropriated to pay for the ZR-2 will not be used to complete the construction of her sister ship, ZR-1.

First Circumstantial Account.
HOWDEN, Aug. 25.—(A. P.)—Norwegian Walker, the sole American survivor of the dirigible wreck, today gave the Associated Press the first circumstantial account, telling how the girders broke amidships and the ship split in halves, just after the test of the ship's control was begun while above Hull. He tried to get a parachute but failed and clung to the gas bag, fabric jumping and landing in the river and being picked up by a tug.

BEEKEEPERS ASSOCIATION TO MEET IN PENDLETON

Pendleton has been chosen as the meeting place for the annual convention of the Oregon State Beekeepers' Association, January 26 and 27, 1922, according to announcement made today by H. A. Scullen, secretary.

The convention will be the first ever held in Eastern Oregon by the association and it is expected that over 150 beekeepers of the state will attend as most of Oregon's honey is produced in this section of the state. The dates were decided upon by the American Honey Producers' League, who have named the various conventions of the United States on a circuit in order to make routes for the various speakers from the league. The Umatilla County Beekeepers' Association, of which Ed Winesett of Hermiston, is president, extended the invitation to the state association recently and will act as hosts for the convention.

PLAN TO KILL MEXICAN PRESIDENT IS EXPOSED

MEXICO CITY, Aug. 25.—(U. P.)—Four ex-officers were arrested charged with conspiracy to kill President Obregon. Five men draw lots, according to the police and Gen. Perez was elected to commit the assassination, but Perez, fearful of the results of such a crime, wrote a letter to Obregon, giving full details of the plot and then fled to the United States.

BRUMFIELD DEFENSE TO SEEK CHANGE OF VENUE

ROSEBURG, Aug. 25.—(U. P.)—It is certain the Brumfield defense will seek a change of venue when the trial opens Monday. They declare Roseburg is unsuitable for holding the trial, due to adverse public opinion and the impossibility of picking a fair jury. Authorities are claiming that the evidence against the alleged slayer is piling up.

CALLAHAN, with 2 assistants is in town and will tell you Friday and Saturday how to—?—Adv.

The Better Kind

Selected merchandise of every description, whether apples or jewelry, costs a trifle more than that which is not selected.

We carry selected merchandise. Each article is a true work of art, perfectly made and worthy of the name of Sawtelles.

Which accounts for the fact that a gift from this store carries prestige.

EMERGENCY BOARD BACKS STATE BONUS BOARD

SALEM, Aug. 25.—(U. P.)—The state emergency board meeting with the veterans' bonus loan commission, adopted a resolution pledging itself to back the bonus board to \$99,000 for the minimum for the administration of the veterans aid act. The \$20,500 appropriated by the act for the administration is deemed insufficient to take care of handling the loan business, involving some \$30,000,000.

12 WEEKS in Portland, 10 weeks in Seattle, 2 weeks here.—Callahan, Adv.

STANDARD OIL COMPANY (CALIFORNIA)

MR. FUEL CONSUMER

We are advised that Pendleton is having its annual visit from what is technically known as a SNOWBIRD. A SNOWBIRD is one who has no investment, no principle and no backing. He goes out and buys Coal from some mine whose product is so inferior that it cannot be sold thru the regular channels and offers it to you at a reduced price. Every established dealer in the Northwest has the same opportunity to buy bargain coals as has the SNOWBIRD. A dealer with a reputation to sustain and who builds up his business by selling only Quality coal which he will stand behind cannot afford to handle mail order coal.

If you want cheap coal at a price of one or two dollars off the market price, call up your regular dealer and let him sting you. If you ask him to do this for you he probably will accommodate you.

PEACOCK COAL

THE COAL WITH NO REGRETS

Sells for \$15.00 per ton. With this price we offer you the satisfaction of knowing that you are getting the finest coal mined in the Rock Springs district, a coal with wonderful heating qualities, no soot and little ash. A guarantee that you will have fuel comfort this coming winter.

ORDER YOUR COAL THRU A REPUTABLE DEALER—BEWARE THE SNOWBIRD.
