### Steady Values Maintained

#### On Portland Market

(From The Oregon Journal.)  
While there was a run of 163 loads of livestock in the North Portland alleys Monday for the week's opening, about 15 loads were direct shipment to outside killers and stopped here only for rest and feed. Hogs were 60c higher at the opening, cattle ruled rather active, while sheep showed depression with early sales lower.

In the hog alleys, out of the total small run of 291 head reported in the North Portland market Monday morning at the opening, 213 head went direct to shippers.

Hogs started with limited offerings and early sales generally at an advance of 5c over previous figures. Extreme tops sold at \$11.00, but there was scarcely enough stock in sight to firmly establish a market.

### Some Issues Lose

#### Again on Stock Market.

NEW YORK, Aug. 30.—(A. P.)—Collapse of the securities of the Interborough Rapid Transit company and related issues in consequence of receivership proceedings against that system was the feature of stock market. Losses of one-half to 5 1-2 points were registered by the shares and bonds with the parent company, Manhattan Elevated, under guaranteed long lease to Interborough, sustained an extreme decline of nearly ten points.

Other issues, notably Studebaker, Chandler, sugars, leathers and chemicals, as well as shares of the motion picture, mail order and textile groups again suffered from liquidation and short selling, but leaders of the oil, equipment, steel and railway divisions strengthened.

Features of the constructive side were represented mainly by General Electric, Baldwin Locomotive, transportation and Mexican Petroleum. The latter, however, forfeited more than half its gain in the realizing movement of the last hour. Sales were 400,000 shares.

Additional July statements of earnings by important railways were mixed, but the tendency was toward betterment. Western terminals reported an increase, due chiefly to crop movements.

Regardless of the further reduction of local bank loans, call money on the exchange maintained at the 5 per cent rate, although again lending at 4 1-2 per cent outside. Time quotations were unchanged, but in freer supply for the short maturities.

Sterling and all continental exchanges were higher, Dutch, Scandinavian and Greek bills showing appreciable gains.

Other tractions were adversely affected by the break in Interboroughs. Liberty issues and similar foreign negotiations were irregular. Total sales, par value, \$8,350,000.

### Wheat Strengthens

#### Those Drops Again.

CHICAGO, Aug. 30.—(A. P.)—Bullish news served to make wheat prices average higher yesterday, but a rather weak response to this news caused a slight slump at the finish on the Chicago board of trade. Wheat was 1-4c to 3-4c higher at the close while corn, after holding to narrow limits, finished a shade lower all around. Oats also varied but little and finished a shade under the opening. In provisions, meats were generally unchanged, but lard was 30 points up.

There was a decrease of 3,892,000 bushels in the visible supply of wheat, while the seaboard reported sales of 750,000 bushels, including two cargoes to Spain and one to Germany. Reports also stated Japan has been buying on every break on the Pacific coast, where 6,000,000 bushels room has been chartered, mainly for Sep-

### Office Cat

Office Cat  
BY JUNIUS

Sednetif  
Will you go roaming with me today,  
In the woods where the chickadee sings,  
To some quiet retreat, where I'll sit at your feet,  
And tell you of wonderful things?  
I will tell of a castle among the hills  
That a vagabond built one day,  
As he dreamed in the shade of a forest glade  
And lilted the hours away.  
I will tell of a beautiful fairy who came,  
And just with a wave of her wand  
Made the dream come true, for the fairy was you,  
And I was the vagabond.  
So come and we'll sing all the songs that we know,  
And we'll dance to the pipes of Pan,  
And I will be true the whole day thru,  
What more could you ask of man?
