Feeder Lambs In Demand at Portland

(From The Oregon Journal.) Only two small loads of livestock came to North Portland at the opening of the Tuesday trade and market conditions were generally of steady character.

Of special interest at the moment is the quite excellent demand for feeder lambs. Considering the poor condition of the sheep and lamb trade as well as the wool situation recently, such a demand and movement of feeder stuff is surprising.

That the sheep and lamb market as well as wool are destined for higher values is the guess being made by leaders of the trade. Feeders in any event are showing disposition to take hold of stock and there appears to be plenty of money for their requirements.

Temporarily there is a sluggish tone for lambs, with valley stock down about a quarter and a top of \$6.50, while light yearlings are up 25c to 50c at \$4.50 top.

General sheep and lamb range: East of mountain lambs \$ 6.50@ 7.00 Best valley lambs 6.00@ 6.50 Pair to good lambs 5.00@ 6.00 Cull lambs 1.50@ 3.00 Feeder lambs 4.50@ 5.00 Light yearlings 4.00@ 4.50 Heavy yearlings 2.50@ 3.00 Light wethers 2.50@ 3.00 Heavy wethers 2.00@ 2.50 Ewes 1.00@ 2.00

Only a handful of fresh stock appeared Tuesday in the cattle alleys at North Portland. General trade conditions were quiet, but a steady tone was indicated. Former prices were continued.

Strength Shown On Stock Market NEW YORK, Aug. 31.—(A. P.)—The stock market yesterday continued

its upward course, the only conspicuous exceptions being the local fractions and divers specialties concerning which further divided reductions or suspensions were apprehended.

Easier money, a keen investment demand, as evidenced by the successful flotation of a \$25,000,000 Brazilian bond offering and further reparation payments by Germany in advance of their maturity, were among factors which impelled heavy covering of short contracts.

The strength of rails and steel at a gain of 1 to 2 points seemed to be based mainly on better earnings reported by the transportation and the probability that leading railway systems soon would come into the market for equipment and other supplies.

Representative oils figured most prominently in the more active operations of the afternoon. Mexican Petroleum and affiliated issues rose 1 to 1 1/2 points on intimations that the impending conference between Mexico and American concessionaires would result in an adjustment of vexatious conditions.

Shipping, motors, leather, tobacco and numerous specialties, long the target of the shorts, came forward in the more comprehensive advance, canceling much of their recent reversal. Profit-taking on an extensive scale made little impression at the strong close. Sales were 600,000 shares.

Call money opened at 5 per cent, but dropped to 4 1/2 before noon on the exchange, with a free supply at 4 per cent on good collateral outside.

Foreign exchange rates strengthened Dutch and Scandinavian rates adding substantially to recent gains.

Stimulated by the quick absorption of the Brazilian issue, the general bond list developed many strong features in the domestic and foreign divisions. The liberty group, however, was moderately irregular. Total sales, par value, \$9,375,000.

Long Unload As Wheat Prices Sag

CHICAGO, Aug. 31.—(A. P.)—The fact that Canadian May wheat sold at a discount under the same delivery in Chicago, allowing for exchange rates, was chiefly responsible for untending by discouraged longs on the board of trade yesterday, wheat closing 1 3/4 to 2 cents under Monday's finish. Corn was 1 1/4 to 1 cent off at the close, while oats followed suit by being 5-8 to 7-8 cent lower.

Insufficient support gave all grain markets a tone of weakness. Reports from the seaboard were of sales of 100,000 bushels of wheat up to noon, including a cargo to Italy. The bulge of 10 cents from the low of last week caused many to take the selling side yesterday on the belief that a reaction was somewhat overdue.

Corn was under pressure and broke over one cent from yesterday's finish with sellers forced to protect themselves. Support was lacking although when around 52 cents for September and December, resting orders checked the break.

Strong loss orders were uncovered in September oats early and prices for all deliveries dropped sharply. Packers bought the nearby deliveries of lard, presumably against sales abroad, but the weakness in grains and hogs gave provisions a rather heavy undertone at times.

MOTION PICTURE NEWS

ARCADIA TODAY "Gypsy Blood," starring Pola Negri, the great emotional actress of the European continent, who made her debut on the American screen in "Passion" is coming to the Arcadia Theatre today for an engagement of two days. This production, which has been made on an elaborate scale with thousands in the cast, is said to be a wonderful successor to "Passion." It was produced on the continent under the direction of Ernest Lubitsch and was brought to American shores by Associated First National Pictures, Inc.

"Gypsy Blood" is adapted from Prosper Merimee's original story of "Carmen." Twice before has "Carmen" been done in films, but in those instances they were adaptations of the popular French libretto put to music by Bizet for the opera instead of from the original story, which is quite a different matter.

Pola Negri will be seen in the role of La Carmencita. Harry Liedtke, who played Armand De Foix in "Passion," appears as Don Jose Navarro, the Spanish dragon who becomes a victim of his own love for the charming but fickle cigarette girl.

ALTA TODAY Mack Sennett's latest and greatest multiple reel comedy for Associated Producers, "Home Talent," is at the Alta today. Those who have viewed this much-talked-of comedy-spectacle agree that it is one of the best productions that has emanated from the Sennett studios in many months.

The episodes in which the genius of Abbe, as a "still" photographer converted to "moving" is revealed, relate to a story of the slave trait of ancient Rome and in them is shown the ensemble and individual beauty of the Mack Sennett feminine corps of pulchritude. This part of the picture, it is claimed, will be a revelation to picture patrons as well as to picture experts, for in lighting and posturing, so it is said, nothing approaching these scenes has been accomplished in the line of revealing, decorous disclosure of feminine beauty.

Phyllis Haver, appropriately, has the leading feminine role and is supported, in the beauty contingent, principally by Harriet Hammond, Mildred June and Kathryn McGuire.

The principals in the comedy episodes are Ben Turpin, Charlie Murray, Eddie Gribbon, James Finlayson and Kalla Pasha. One of the most "gorgeous" fights ever screened is shown in a Roman setting with Eddie Gribbon in a legitimately heroic and splendidly sustained characterization.

MOONSHINE WOMEN OUTWIT THE OFFICIALS HUNTINGTON, W. Va., Aug. 31.—(I. N. S.)—The West Virginia mountaineers and moonshiners may not be long on education but they are certainly endowed with plenty of shrewdness and ingenuity to offset whatever they are lacking in book learning. For years it has been a battle of wits between the mountain moonshiners and the "revenuers."

Federal officers returning to headquarters here from a tour through Lincoln county during which they seized 2000 gallons of mash, nine stills and a quantity of moonshine whiskey,

Arcade Today Children, 10c Adults, 35c POLA NEGRI IN "GIPSY BLOOD" The Nation responded to the wonderful appeal of Pola Negri in "Passion". How much greater then will be the response when the incomparable star reveals a newer art, fire-filled and magnetic as the beguiling Carmencita of Seville in "Gypsy Blood". Vast panoramas of multitudes and keener, closer flashes of the love of Carmencita and the man "who couldn't say 'no'" reflect, too, the genius of Lubitsch, producer of "Passion" and creator of this new screen triumph.
