PLANNING COMMISSION WANT NEW DUMP GROUND

An improvement over the methods that prevail at present for taking care of garbage and other waste which is hauled to the city dumping grounds is a problem that will be handled with dispatch if the city planning commission has its way, a decision made informally by the commission Wednesday afternoon reveals.

The problem of properly disposing of waste is the most important one of the many the commission has been asked by the city council to investigate, according to an expression from members who Wednesday evening took their second inspection trip of the week. The inspection yesterday was made over the east end of the city and included the tourist camping grounds, the land above the camp, the proposed site of the new road which may be constructed to permit a second way of approaching the city from the east, and one of the sites which have been proposed as suitable for a new dump ground.

there just as quickly as possible. "That dump ground will never be any better than it is now," one of the members said yesterday. "Pendleton does not want any more of that sort of thing, I'm sure, and the way to improve it is to get another dump ground where earth and lime can be used to keep the place sanitary."

The purchase of a new grounds is the solution of the problem which has been offered by the city council in the discussions of the matter before the creation of the city planning commission.

The proposed new road to provide two ways of getting into Pendleton from the east will leave the highway just at the city limits, come west under the railroad tracks, and connect with Church street and come down past the present camp grounds.

POLES AND LITHUANIANS SETTLE THEIR DISPUTE

GENEVA, Sept. 1.—(A. P.)—The Polish and Lithuanian representatives today settled the dispute between the countries, arising there would be two Lithuanians, one for the district of Kovno, which shall be independent and the other for Vilna, in which the Poles will supervise the administration.

BIG SELLS FLOTO CIRCUS

(Continued from page 1.)

dreds of employes. It was also found that there were 241 head of the most magnificent dapple gray Percheron baggage horses ever seen with Sells Floato and this circus has always had the reputation of having the finest horses of any show traveling. One thing which was particularly noticeable of the Sells Floato circus was the total absence of any vulgarity even among the workmen. Not one word or action that could be construed as off-color was in evidence.

A Long Flashy Parade It is true that the parade was late for it did not materialize until after the noon hour but it was well worth waiting for. The procession was a long winding ribbon of music, color and elegance which was quite uncommon to that of a circus. Every float, cage and wagon was "spotless" and in place of being painted gaudy colors, white seemed to be the predominate hue, even with the costumes. All the known species of wild animals were represented and bespoke of the care which they were being given. But it remained for the big gray baggage horses to win the greatest amount of comment and the thousands of curb-spectators were found in their praise. This praise coming from Pendletonians, a folk who know real horse-flesh when they see it is something that the circus can be proud of. A Straight Circus Program. The program presented by Sells

Floato is strictly a circus entertainment on a colossal order. There are three rings and two stages under the main tent which seats 10,000 people and every minute there was something going. The East Oregonian had been apprised by telegram that Pendleton was about to see a real circus and it surely did. No tiresome carnival wild acts were represented but real circus features were in evidence. There were trapeze, aerial, roman-rings, iron-gym, contortion, leaping, tumbling, Jap wrestlers, scores of funny clowns which amused the little folks all mixed up with big bareback riding acts, trained elephants, camels, llamas, horses, dogs, ponies, seals and monkeys. It was really the most spectacular and pleasingly clean circus performance which this city ever witnessed. "Poodles" Hannaford and family were the foremost of the seven big features which topped the big show and this world famous troupe presented a most wonderful riding act which was filled with more than the admission price in comedy. After reviewing Sells Floato this afternoon; it is no small wonder that the home town daily papers of the Flaming Brothers, (Harrah, Wis.) referred to the Sells Floato Circus some three weeks ago as "the largest straight circus in the world." It is "straight" not only in performance but in a cleanliness which is really refreshing. There will be another performance this evening at 8 o'clock and judging from the favorable comment which one hears, Sells Floato will be viewed by another large audience.

MRS. CARRIE CHAPMAN CATT, SUFFRAGE WORKER IS PUSHED FOR WOMAN'S SEAT AT ARMAMENT LIMITATION CONFERENCE

By MARGERY BEX. Written for the International News Service.

NEW YORK, Sept. 1.—Mrs. Carrie Chapman Catt is the best qualified woman to represent the woman of America at the armament limitation conference, if there is to be a delegate from the gentler sex, according to Mrs. Raymond Brown, director of the official organ of the American Woman Suffrage Association. Mrs. Brown expressed her opinion after deliberating upon the remarks of Miss Alice Mary Robertson, congresswoman from Oklahoma, who said there was but one woman in this country who could fill such a position and gave as her opinion that women as a class were unfitted by their training and temperament for such work. A delegation of suffragists recently urged President Harding to name a woman delegate to the armament limitation conference scheduled to open at Washington November 11. Qualifications Needed. Mrs. Robertson declared that a woman member should possess:

Learning in international law. Diplomatic knowledge and training. Linguistic ability. Social position. Knowledge of how to listen and when to keep silent. No ambition for future political honors.

HARVES IS FINISHED ON WESTON MOUNTAIN

(East Oregonian Special) WESTON, Mt., Sept. 1.—Jake English and family and sister Mrs. John Neal and family and Mr. and Mrs. Webber and family of Pendleton visited Mrs. Lansdale and brother Frank English Sunday. Roy May resigned as mail carrier on route 1, Weston, Sept. 1 and will move back to the farm. Mr. May has a fine crop of potatoes and will de-

vote his time to raising certified seed. Earl Barnett will commence carrying mail when Mr. May moves. Miss Margaret Dowd will leave for her home in Washituck, Wash., to resume her school duties Sept. 6. She has been visiting her sister, Mrs. Will Gould. Miss Rhonamy Dowd returned home two weeks ago. Jesse Edwards returned to Umatilla Wednesday to attend school after spending the summer with his sister Mrs. Ralph Lansdale. Miss Esther Edwards is visiting her sister Mrs. Lansdale and assisting her in the harvest cooking for the threshers. Mrs. Elmer Ferguson commenced her school "The White Pine" on Field and Hawley mountain Monday. The Warfield-March threshing machine finished on upper Weston Mt. Wednesday and moved to Basket mountain. Mr. and Mrs. Jake Narkons have rented the Harry Beathe house and will move to Weston for the winter. Mrs. Lizzie Lansdale will move to Pendleton the last of the month to remain. Mrs. Lansdale and daughter Miss Mary who is teaching there have bought property at Ilwaco, and will make it their future home. Mrs. Lansdale has lived on and near the mountain for over 25 years and will be greatly missed by her many friends.
