## 'Round the Sport Circle

WITH JACK VEIOCK,  
International News Sporting Editor

**Girl Tennis Star**  
Way out in California they are predicting that little Helen Willis, the Berkeley schoolgirl, will be the women's national tennis champion before she becomes of age.

Miss Willis is now only fifteen years old, but she has cleaned up everything in her class on the faraway Pacific and the best talent in the country of her age, and competent critics in the East are inclined to take great stock in the California prediction regarding her chances of annexing the title now held by Mrs. Mallo Mallory.

The little Berkeley star, who still wears her hair in braids, is sturdy for her age and plays tennis with a dash and assurance that would do credit for many a woman player twice her age. She opened the eyes of Easterners at Newport recently when she took a set from Miss Eleanor Goss, a feat that many of the better women players would be proud to accomplish, and her playing in the national junior tourney at Forest Hills was a revelation.

One feature of Miss Willis' game is her versatility. She doesn't play a base-line game, as so many of the seasoned tournament players in the women's championship have grown in the habit of doing. She comes up to the net and plays all over the fore court with ease and grace, and her ground shots and back-hand are surprisingly accurate for a player of her age and experience.

Jack Johnson and Harry Willis may meet in Montreal. They may also meet in New York, Philadelphia or Chicago, but there won't be a fight between them in any of the last named burghs.

**A Bolshevik Horse**  
This "Bolshevik" horse, Morvich, is some bangtail. He has all the other two-year-olds of the season left flat-footed at the post in the matter of winnings and if he keeps on Man o' War's noble ears will be burning.

The son of Runnymede-Hymir has started eight times up to this writing and has won \$30,485.87 in purses and stakes. He leads all the twenty-four monthlings in training. His remarkable winning list follows:

Jamaica, May 7, Suffolk Selling Stakes	\$ 2,950.00
Jamaica, May 16, Greenfield Selling Stakes	3,625.00
Aqueduct, June 17, Over-night Race	1,265.13
Aqueduct, July 2, Over-night Race	966.56
Empire City, July 9, Over-night Race	831.95
Empire City, July 20, Over-night Race	1,272.10
Saratoga, August 6, U. S. Hotel Stakes	9,075.00
Saratoga, August 13, Saratoga Special	9,500.00
Total	\$30,485.87

## FORTUNE IN SWARM OF BEES COMES TO FARMER

WINNIPEG, Man., Sept. 1.—(I. N. S.)—G. E. Bissonette, a farmer at St. Jean, Man., was tinkering in his woodshed when a swarm of bees settled on a cottonwood tree in his yard. This was six years ago. From what spot beyond the horizon the bees had come Bissonette had no idea. But he hurriedly improvised a hive out of a soap box and made those bees at home.

The swarm from nowhere prospered. Bissonette now has seventy-six colonies that are the descendants of the nomad ancestors of six years ago. Last year he sold two tons of honey at thirty-five cents a pound for a total of \$1400.

"Fortune," said Bissonette, "flew to me over my front yard fence."

## GOLF TOURNEY WILL BE HELD FROM SEPT. 17-24 AT ST. LOUIS

Difficult to Make a 71 Score on Links of Country Club Where Games Will be Played

BY KENT WATSON  
(International News Service Staff Correspondent.)

ST. LOUIS, Mo., Sept. 1.—Cool weather has yelled "fore" here to-day, and Old Sol has lessened his torridness for the fixing of the greens and fairways at the St. Louis Country Club, where a brilliant array of stars will battle during the week of September 17 to 24 for the National Amateur Golf Championship.

The greatest of care has been exercised in preparing the fields for the most notable tournament ever held in this section. Exceptional attention has been paid to culling nuisance weeds from the putting greens, with a crew of forty men kept constantly busy on the minute details. Recent heavy rains have put the fairways into wonderful shape by natural irrigation. And it's "some" golf course.

**Course is Different**  
Eligibles who compete for America's highest amateur golf honors will find a course, when they arrive, that will tax their utmost efforts to make in par 71. The general topography of the course is hilly, with the result that a number of the greens are uphill, with others in down-grade miniature valleys. Natural and artificial traps and bunkers abound in plenty, while ditches and water hazards will add to the troubles of the golfers.

The course is 6,498 yards in length, 3,082 going out and 3,413 coming in. Par for the outward nine is 35 and for the inward 36. Both ways there are three holes with par 3, two with par 5 and four with par 4. Number 1 is 405 yards in length, a good par 4 hole, surrounded along both fairways by trees. Number 2 measures 230 yards, a difficult 3 shot. Number 3 is a teaser, being only 145 yards long and surrounded by deep traps that have been exceptionally troublesome to local experts. It's par is 3.

**No. 4 is Long Stretch**  
Number 4 is 428 yards long, has a scant green area and must be played from the left in order to make a par 4. Traps abound both in front and behind the green. Number 5 has a deep punch-bowl green, stretches 495 yards in length and is a hard 3 shot. The contour of the bowl is a test that will make Jock Hutchinson, Jim Barnes and others show some speed.

Number 6 is in a ravine, and its rolling green is fringed with traps. It is 325 yards long and should be made in 4. Number 7 is another teaser hole, being only 145 yards long. The green sets up in the air, and it is necessary to play the tee shot across a deep ravine.

Number 8 will be a familiar hole to those who may have competed on the National links. It is fashioned after the original cape hole and bends to the right in elbow fashion. It is 350 yards long and par is 4. Number 9 has a ditter running diagonally across the fairway, which must be carried on the second shot. It is a long hole, being 525 yards in length and listed at 5 for par.

**It's Easier Coming Home**  
Coming in on the homeward journey the player has two four holes, Number 10 is 370 yards long and is an elbow shaped hole, requiring great accuracy, while Number 11 is in a valley and 595 yards long.

Another 3-shot teaser hole is Number 12, which is only 155 yards in length. It has a water-shaped green. The tee shot carry into the bowl, as the green is trapped in front, and the ball will hold should it get in. Number 13 is 475 yards, the longest hole on the course, and hard to negotiate in a 5.

Number 14 is 414 yards long, an easy 4 if the player gets a good drive. This is essential, as the fairway runs up-hill. Number 15 is another long hole, 454 yards long, with 5 being par. Care must be taken of the many bunkers and of the out-of-bounds road that stretches to the right.

**The Final Shots**  
The "Redan," or Number 16 is named after the famous original. It is 385 yards in length. The green must be held on Number 1, as the shot must be played onto a curve, with trouble all around it in the form of many bunkers and traps. Number 17 is known as the "Pride of the Course," 395 yards long and made in 4 for par. It has a big trap built into the green, which often proves troublesome. Number 18 is called the "Oasis." The tee shot must be played toward the face of a slope. The second shot also is difficult, as an immensely deep trap stretches in front of the green, which is sunk fifteen feet below the fairway. The hole is 420 yards long, and par is 4.

# Ford

THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2 inch tires front and rear. A real family car. Won't you come in and look at it? The delights of the electric car with the economy of the Ford.

# Automobiles Sacrificed

During the next 30 days we are going to clean out every car in our place. Nothing reserved, both new and old must go.

The reason is this—1922 models will soon be here. We cannot afford to carry our present stock over any longer; then last but not least, we need the money. We are just like the other fellow, "willing to take the loss, just grin and bear it."

If you are contemplating the purchase of a car in the future, a glance at these prices will convince you that it is folly to wait longer. For example, read the following:

Brand new Paige 45 sport model, never had a wheel turned; regular price \$2330, sacrificed at	\$1950	Brand new 1921 five passenger Paige; regular selling price \$1940, selling at	\$1695
1920 Paige 55, 7 passenger, used 6 weeks; regular price \$3250, sold at only	\$1950	1921 Oakland Demonstrator, run 700 miles; regular price \$1375, today price is	\$1095
Oakland Coupe, never used, wire wheels; regular price \$2375, going at	\$1850	4 New Oldsmobile Speed Wagons, retail price is \$1585, today sells them at	\$1250

All kinds of Second Hand Cars priced as low as \$100.

We will take notes from responsible people for one year. Will take sales on monthly payment plan. Remember that all cars
