Including Pendleton Prices and Associated Press Reports

#### No Change in Portland Market Prices

(From The Oregon Journal.)  
 North Portland run of livestock Thursday included six cars of which two cars came direct to killers. Hogs, cattle and sheep were quoted steady with prices unchanged.  
 Of the 283 head of hogs that appeared in the North Portland alleys, 251 came direct from South Dakota to a local packing company; leaving but a nominal supply for the trade. Hog prices were considered fully

steady Thursday at North Portland with further sales at \$11 for tops although one lot of 10 head of feeders went 25 cents above the extreme.  
 There is a very excellent demand for feeders at this time and premiums over general top quotations are occasionally available.  
 General hog market range:

Lower Values  
 Shown On Exchange  
 NEW YORK, Sept. 2.—(A. P.)—The approaching triple holiday exerted a pronounced influence over stock market. Dealings fell far below recent averages and consisted largely of the closing of short contracts.  
 Continued firmness of money rates, with call loans holding at 2 1/2 per cent and comparatively few extensions of September maturities except for the shorter maturities, also figured in the irregular operations.  
 The August review of the federal reserve board, especially in relation to retail business, was borne out by the returns of Sears, Roebuck & Co. These showed a decrease of slightly over 25 per cent from the first eight months of the year.  
 Declaration of regular common and preferred dividends by the American Car & Foundry and American Steel Foundry company was noteworthy, because it suggested that better conditions are expected in the steels and equipment industries.  
 Rails were a source of disappointment, however, notably the Hill group. Losses of one to three points ranged throughout that division, regardless of the publication of more favorable statements of earnings.  
 On the constructive side, the session was dominated by foreign oils. Mexican Petroleum and kindred stocks scored extreme gains of one to five points, their strength again being associated with indications of a settlement of the Mexican controversy. Steels, motors, coppers, shippings, sugars and chemicals closed at irregular declines. Sales were 365,000 shares.  
 British and other European exchanges moved more favorably to home centers, sterling gaining almost 2 cents at its best, with further strength in guilders. Improvement extended to far eastern points, including China.  
 Mexican government 4s and 5s were active and strongest of the foreign bonds. French and the new Brazilian

Issues also being in demand. Domestic rails gained, despite the heaviness of related shares, and local tractions made sharp recoveries, with irregularity in liberties. Sales, par value, \$10, 250,000.

#### Higher Prices Rule For Wheat on New Report

CHICAGO, Sept. 2.—(A. P.)—Trading in wheat broadened considerably and with limited offerings prices advanced sharply and at the top showed 5 cents over the inside figures made early on the board of trade yesterday. Houses with eastern and seaboard connections were free buyers and the market's action was taken as confirming the recent trade opinion that any increase in the outside interest would result in a sharp advance. A private crop report showing 740,000,000 bushels of all wheat for the country, or 17,000,000 less than the government august report, had considerable influence on sentiment, as it indicated a surplus of under 200,000,000 bushels on the basis of nominal consumption and carry over. The close was strong with wheat 4 1/4 to 4 1/2c higher; corn up 2-8 to 1 1/2c and oats 1/2 to 1 1/4c higher.  
 Corn showed fair activity and averaged higher. September showed more strength than the deferred deliveries, selling at 1/2c over December, with buying of September and selling of December by cash interests the feature.  
 Oats were active and higher with other grains. September gained slightly on December.  
 Provisions were easier on scattered selling with deliveries of 4,000,000 pounds of lard and 2,000,000 pounds of ribs on September contracts.

#### HER PATIENCE IS REWARDED

SYRACUSE, N. Y., Sept. 2.—(I. N. S.)—Mrs. Antonia Herro, with admirable patience, waited for her husband two days and two nights in a railway station here. With her were three children. They had arrived from Niagara Falls expecting to be met by Herro. He was not at the station. Mrs. Herro could not speak English. Herro's only known address was the number of a post office box. To this a telegram was hastened. Herro was employed in the suburbs. It was two days before Herro received the telegram. A happy reunion followed.

#### OFFICE CAT

BY JUNIUS  
 There was a reason last night why the curtain was lowered rather quickly on the last picture made by the "Living Statues" at the Selig-Flotocircus. One of the girls got the hiccup.  
 A Patient Person we admire,  
 And say his ways are quite the best—  
 But while we praise him, oftimes we impose on him, like all the rest.  
 Lips that touch liquor never tell where they got it.—Life.  
 Those Lively Professors  
 Deep in a ponderous calculation, the professor leaned over his desk. One hand held his massive brow; the other guided the pencil.  
 Suddenly the door was opened, and a nurse entered.  
 "There's a little stranger upstairs, professor," she announced.  
 "Eh?" grunted the man of learning, poring deeply over his problem.  
 "It's a little boy," remarked the nurse, smiling.  
 "Little boy?" mused the professor.  
 "Little boy—eh? Well, ask him what he wants!"  
 The Argument  
 "But"  
 "No."  
 "Just"  
 "No."  
 "Once"  
 "No."  
 "Henry, why don't you shave?"

### A BIT OF CHINESE WISDOM

Moral virtue simply consists in being able, anywhere and everywhere, to exercise five particular qualities. "Self-respect, magnanimity, sincerity, earnestness, and benevolence. Show self-respect and others will respect you; be magnanimous, and you will win all hearts; be sincere, and men will trust you; be earnest, and you will achieve great things; be benevolent, and you will be fit to impose your will on others."

### Watch Your Sleeve!

The sleeve's the thing—after you get through deciding about the skirt length. And a very original thing it is, too—making for many strange and capricious turns. The very best—if there can be a best to the intriguing sleeve fashions—is the big angel sleeve. In transparent materials especially this full straight sleeve falls over the arms, sometimes reaching to the wrists, sometimes just below the elbows. The large sleeve is sometimes caught part way in a cuff—again it is gathered in like a tailor's sleeve. Even the very tiny sleeve can't be simple—it has "cutouts" and slashes. The thing is to watch your sleeve.
