ECHO HORSESHOERS TAKE LOCALS INTO CAMP IN THIRD SET

Games Played Sunday Result
in Victories for Visitors
in Two Out of Three Series.

Smarting under two previous defeats, Echo horseshoe pitchers came to Pendleton last Sunday and took home the bacon, which in this case was represented by victories of two teams out of three in the series that played here. Donia and Kirby, on Pendleton's first team, against whom the visitors pitted their secondary players, had an easy time in winning their games, three straight, but the second and third teams lost. On the total, 12 games were played, each side winning 6, but the visitors had their victories bunched.

Kirby was high point getter, 41 being chalked to him in three games. Hanavan and Ellison also secured 41. Kirby was high man of the field in rings, seven being credited to him. In five games, Ellison made 63, Mark-en 44, and Fisher 41. Mark-en and Ellison were tied on rings, each man having six to his credit, one set of doubleheaders. Hanavan got eight, one set of doubles.

The results of the series were as follows:
Donia-Kirby, Pendleton, 23-21-21.
Samuels-Hawkins, Echo, 3-18-8.

Second Team
Ellison-Korinek, Pendleton, 22-22-13-20-14.
Fisher-Markem, Echo, 18-4-21-21-21.

Third Team
McMonies-Hanavan, Pendleton, 22-18-16-12.
Oliver-Hale, Echo, 12-21-21-21-21.

HOUSEKEEPING HINT
ST. LOUIS, Mo., Sept. 7.—(L. N. S.)—Never permit anyone to pour hot water into the tub when you're bathing. Learn that much from the mournful experience of others.
Homer Bently is dead today from being scalded. The handle of a little broke as his wife went to pour hot water into the tub where he was bathing.

Cabbage worms can be kept down by dusting every two weeks of the early growing season with arsenate of lead powder 15 parts diluted with 85 parts sulphur or sifted wood ashes. Cucumber and squash beetles are controlled by the same treatment.—O. A. C. Experiment station.

Ask Capper, He Knows

Arthur Capper is more than "the senator from Kansas." He publishes several farm papers. And he knows a thing or two about farming. Here he is showing gardeners of the Capitol grounds the proper way to spray trees and combat ravages of insects.

DAIRYMEN FEAR BIG SALE OF BOGUS MILK

NEW YORK, Sept. 7.—(L. N. S.)—Unless congress enacts a bill proposed to put a ban on manufacture of bogus milk, production of milk-substitutes, which have been proved injurious to health, will be forced upon New York and other milk-distributing companies, according to Arthur W. Milburn, president of the Borden Condensed Milk Company.
The milk-substitutes lack vitamins and other ingredients essential to promoting growth in an infant. Last year \$7,000,000 pounds of condensed skimmed "milk," in which the butter fat has been replaced by coconut oil or other vegetable fats, were sold in the United States. As this sort of product has been on the market for

only three years its growth is considered alarming by manufacturers who believe in retaining butter fat in condensed milk for its nutritive qualities.

Feeding children on milk from which all the butter fat has been extracted may result in pellagra and kindred diseases, Mr. Milburn said.

Substitutes Condemned
In a brief filed with the Agricultural Committee of the house, which is holding hearings on the Voigt bill to prohibit substitute milk, the Borden Company, through its attorney, Walter Engels, referred to testimony by Dr. McCollum, of Johns Hopkins University, in which he condemned the substitution of vegetable oils and fats for butter fat, on the ground that public health would not permit of the sale of this article.

Retail grocers sell the substitute milk on the same terms as condensed milk, containing butter fat and often at the same price, according to Mr. Milburn, although the cost of manufacturing is \$1.70 a hundred pounds, compared with \$4.41 for milk containing butter fat.

"The problem is no imaginary one," said Mr. Milburn. "With coconut, peanut and cottonseed oils competing with butter fat, there is bound to be a decided slump in our dairy industry. The milk supply rises and falls with the price obtained for the article. The butter fat replaced by foreign oils and fats creates a surplus to be used in other products, such as full cream butter and cheese, oversupplying the market and reacting in decreased production. Last year 7,000,000 pounds of coconut oil replaced a like amount of butter fat in evaporated milk and put 8,000,000 extra pounds of butter on the market that competed with and lowered the price of creamery butter. The public may see in this a benefit, but it is of a very temporary character, since a lower price for milk products has already curtailed production and induced the sale of cows for meat."

In building the poultry house light porous soil should be used for the site if possible. A slope that provides good air and water drainage is preferable, says James Iveyden, the O. A. C. Station poultry chief, in a new bulletin, Poultry Housing. Exposure to sunshine with protection from high winds are other points.

Just as the sleeve plays an important part in the new gowns so does it strike for originality in coats. The waistline sleeve is the innovation. It gives the roominess of the kimono or wrap effect while the garment itself follows the new flare in the skirt. The Franklin Simon model has a novel cuff, the sleeve extending beyond the wrist band. Taupe wool is used in the high choker collar and the bands on the skirt. The material is malay brown crepe.

BASEBALL SUMMARY

SIMPLICITY DOMINATES FASHIONS OF WORLD

NEW YORK, Sept. 7.—(L. N. S.)—Simplicity is the keynote of all fashions this season. It is decidedly noticeable in smart clothes for children. A few distinct changes have been made. The waistline is lowered; the preferred neckline is oval; the sleeve is wider than formerly.
Paris used black for children. In America this mode is not accepted, except in the party frock of black velvet. So far American women have not accepted the edict of Paris that skirts be longer. The length of children's dresses has not been altered.
Colors still hold sway. Bright hues

relieve the sombre ones, while citron colored crepe frocks and finely embroidered batiste remain in favor as party frocks.
Noticeable among the favored wraps is the box-line, with a slight circular flare at the lower edge, making

You'll get somewhere with a pipe and P. A.!

Start fresh all over again at the beginning! Get a pipe!—and forget every smoke experience you ever had that spilled the beans! For a jimmy pipe, packed brimful with Prince Albert, will trim any degree of smokejoy you ever registered! It's a revelation!

Put a pin in here! Prince Albert can't bite your tongue or parch your throat. Both are cut out by our exclusive patented process. So, just pass up any old idea you may have stored away that you can't smoke a pipe! We tell you that you can—and just have the time of your life on every fire-up—if you play Prince Albert for packing!

What P. A. hands you in a pipe it will duplicate in a home-made cigarette! Gee—but you'll have a lot of fun rolling 'em with Prince Albert; and, it's a cinch because P. A. is crimp cut and stays put!

Still Another Sacrifice

The cut we made in our new and second hand cars did not sell them all—we must sell every car before October 1st; so here goes from \$75 to \$100 more off on every car.

We must have the money and the room—cars must go if we have to give them away.

Look At These Prices

Brand new Paige 45 sport model,
never had a wheel turned; regular price
\$2330, sacrificed at \$1895

1920 Paige 55, 7 passenger, used 6
weeks; regular price \$3250, sold at
only \$1850

Oakland Coupe, never used, wire
wheels; regular price \$2375, going
at \$1795

Brand new 1921 five passenger Paige;
regular selling price \$1940, selling
at \$1650

1921 Oakland Demonstrator, run 700
miles; regular price \$1375, today price
is \$995

4 New Oldsmobile Speed Wagons, re-
tail price is \$1585, today sells them
at \$1250

ALL KINDS OF SECOND HAND CARS PRICED AS LOW AS \$100.

We will take notes from responsible people for one year. Will take sales on monthly payment plan. Remember that all cars
