SAN FRANCISCO, Sept. 13-(U. P.) | because of the Round-Up. -The Arbuckle defense scored twice in the coroners inquest today when Mrs. Bambina Delmont recounted the affair at the party where Arbuckle suspected of having caused Miss Rappe's death. She told the coroner Miss Rappe went into the room and Arbuckle followed her in, and that after a considerable length of time she kicked at the door, then summoned the manager of the hotel. Fatty opened the door. He was in his pa-jamas, wringing wet and was wearing Miss Rappe's hat. Miss Rappe was lying on the bed, tearing at her clothing, saying she was dying. Arbuckle was plainly nervous during the testimony. He kept his eyes on Mrs. Delmont continually.

SAN FRANCISCO, Sept. 13 .- (U. P.) - District Attorney Hatthew Brady today charged that one of the state's star witnesses had changed her testimony and another one had dis-appeared. The grand jury, on refus-ing to indict Roscoe Arbuckle on the strength of the evidence that Brady presented, allowed him further time to collect evidence. Brady dispatched a corps of detectives today to clear up certain disputed details and will attempt to find the San Francisco show girl who is reported to have disappeared from her home in Berkeley.
