Timely Suggestions for The Round-Up Days

The Various Modes in Winter Coats

Many styles were created for smart wear, and they are as hard to follow as the moods of the fair wearers themselves.

There are coats 'way down to the ankles, others not so long. Some have bell sleeves, others tight sleeves. Furs are used profusely on some, while a great number depend upon their button high collars and embroidery for individuality. Of course, you didn't expect us to describe all. That's impossible. But they are here. Come to see them.

Moderate Prices are Prevailing.

WOMEN'S FOOTWEAR

The quality that should be apparent in high grade shoes can only be secured with the use of the proper materials. Our shoes are made from selected grades of the most suitable skins, and their cutting is carefully supervised. We have now for your inspection and comparison many styles and kinds of shoes to meet your desires. They are the best for the price, no matter what the price.

HERE IS NEW WAY TO RE-EQUIP YOUR AUTO

AKRON, Ohio, Sept. 14.—(I. N. S.)—Here is a new method—successful, but rather tedious—for obtaining a new auto. One evening recently an auto hit one driven by H. H. Myers, charity worker. Myers' gas tank was smashed, and the owner of the other car bought Myers a new one. Another auto a few days afterward smashed one of the wheels on Myers' machine. A new wheel was purchased for Mr. Myers by the owner of the other auto. During another collision the windshield on his car was damaged, and Mr. Myers was presented with a new one. "I am hoping some one bumps into my radiator and mashes up my auto top. Then I will have almost a new top."

PRESIDENT HELPS FAMILY OF EIGHTEEN.

She wrote the president that her husband was earning only 25 a week. He wrote the employer, John Wanamaker, interested him in Zaccaria's case. Now

MEXICAN OIL MEN ASK PAY FOR IDLE TIME

MEXICO CITY, Sept. 14.—(I. N. S.)—When the oil companies decide to

the Tampico districts workmen will not rush back to their old positions, according to labor leaders here. The workers will demand payment for all of the time they have lost since the shutdown, due to the low price of oil.

It is believed, however, that this plan to collect for days of idleness cannot be carried out, as many of the oil field workers are in great need and will rush to get employment at the first opportunity.

But the claim for back pay may be used by agitators to cause friction after operations are resumed. Extraordinary precautions against the spreading of disease are being taken at Tampico because of the great number of idle and indigent persons there.

GRATEFUL WOMEN

Gratitude and appreciation for health restored by that good old fashioned root and herb medicine, Lydia E. Pinkham's Vegetable Compound, is what prompts so many women from all parts of the country to write to the Lydia E. Pinkham Medicine Co. of Lynn, Mass. The letters are so touching which we publish from time to time. Women who have always had their health cannot realize what it means to others, many of whom have suffered months and even years from such ailments, and are now well and happy through the use of this natural restorative, Lydia E.
