GUESTS IN PENDLETON.

Miss Mildred Hoyt and Miss Myrtle Hoyt of La Grande are guests at Miss Irya Dale and Miss Emily Doherty in Pendleton. They will depart on Friday for Memmouth to enter the State Normal School. For the pleasure of the Misses Hoyt, Miss Dale will be hostess tomorrow evening for a dancing party to be given at the home of her parents, Mr. and Mrs. W. H. Dale, 408 Water street. About forty-five members of the younger set have been invited for the affair.

Mrs. Winnie Lincoln, Mrs. Fannie Dupuis, Henry Thompson and George Edmond were appointed.

After the regular business meeting the ladies of the order surprised Mrs. Louise Lampkin by serving refreshments in her honor. Mrs. Lampkin has been secretary of the order for thirteen years and is on the eve of departure to Iowa and California, to be absent for three months. While she is absent Miss Ethel Thompson will act as secretary.

MRS. PHY IS VISITOR.

An interesting visitor in Pendleton yesterday was Mrs. W. T. Phy, of Hot Lake, who has just completed a Chautauqua tour. Mrs. Phy, who is an accomplished dramatic reader, will leave for Australia, New Zealand and Papeete, where she will fill an engagement with the Ellison-White company. Mrs. Phy was one of two entertainers chosen to make the tour and will appear with five celebrated lecturers on Chautauqua programs. During her visit here Mrs. Phy was the guest of Dr. and Mrs. David P. Hill. Additional guests at the Hill home yesterday were Dr. and Mrs. Johansson, of Walla Walla. Mrs. Phy accompanied these to Walla Walla last evening and will return to Pendleton tomorrow. After a day here she will leave for Portland leaving later for Australia where she will appear on the Chautauqua platform before going to New Zealand and Papeete.

LEAVE FOR CALIFORNIA

Mr. and Mrs. J. T. Richardson left last evening for Sacramento, California, to attend the wedding of their niece, Miss Eva Martin, and G. C. H. Hahn. The wedding will be an event of September 21, and will take place at the First Trinity Church at 8:30 p. m. It will be followed by a reception at the home of the bride's parents, Mr. and Mrs. H. C. Martin, 417 19th street. Miss Martin, who is a charming girl, has visited in Pendleton and in La Grande with Mr. and Mrs. Richardson.

During the absence of Mr. and Mrs. Richardson, their residence in the Colonial Apartment will be occupied by Mr. and Mrs. E. R. Farley.

RETURNS FROM BAKER

Mrs. Lucile Christensen has returned from Baker where she attended the funeral of her sister, Mrs. P. C. Bergman, aged 21, who died recently after a few hours illness. Mrs. Bergman is survived by her husband, her parents Mr. and Mrs. George Jenkins, of Baker, Mrs. Christensen and another sister, Mrs. William Hermesen. Mrs. Hermesen accompanied Mrs. Christensen from Baker.

DINNER IS GIVEN.

Honoring Edward Thompson of Portland, Ned Strahorn was host last evening for a dinner party at the home of his parents, Mr. and Mrs. E. R. Strahorn, 717 Jane street. At a table centered by asters in the early fall shades, covers were laid for the honor guest, Hubert Smith, David Swanson, Lloyd Montgomery, Walden Byers and the host.

MRS. ROBINSON IS HOSTESS

Mrs. J. F. Robinson was hostess yesterday for an enjoyable dinner party at Meacham, in honor of Mr. and Mrs. F. E. Judd, of Portland, who are Pendleton visitors. Mr. and Mrs. Judd, Dr. and Mrs. W. D. McNary and Mrs. Robinson made up the party and motored to Meacham in the Robinson Machine.

WILL VISIT HERE

Mr. and Mrs. Harry C. Hays and little daughter, Betty Virginia, arrived on Sunday from their home in Baker to spend a two weeks' vacation with Mr. Hays' mother, Mrs. Stella Hays of 515 Blaine street. Mr. Hays was formerly with the Standard Oil Company here but has been transferred to Baker.

MRS. LONG CONVALESCING

Friends of Mrs. Kyle Long will be glad to learn that she is convalescing after a serious illness. Mrs. Long, who was operated upon recently at St. Anthony's hospital, is now at her home 593 Garden Street.

HERE FROM UKIAH

Mrs. Frank Hilbert of Ukiah, was a Pendleton visitor yesterday. She left last evening for Harrisburg, Pennsylvania, to visit her brother.

LEAVE FOR ATHENA

Mrs. Stella Hays and Mrs. Effie Knight motored to Athena today to be the guests of friends. They will return here this evening.

LEAVE FOR SPOKANE

Mr. and Mrs. Edwin Schiller left yesterday for a motor trip to Spokane. They will visit relatives in the Washington city.

WEDDING IS SOLEMNIZED

At a pretty home wedding at 10,20 this morning, Miss Alvina Roehik became the bride of John Lorenzen, Rev. Albert Blasberg of the Lutheran church performing the ceremony at the home of the bride's parents, Mr. and Mrs. Herman Roehik, 915 Washington street.

The bride wore a smart tailored suit of navy blue, with hat to match, and her corsage bouquet was of bride's roses. She was unattended. A noon luncheon was served following the ceremony, the immediate relatives who witnessed the ceremony being guests. Asters were used most effectively in decorating the rooms of the Roehik home.

Later Mr. and Mrs. Lorenzen left by motor for a wedding trip to Portland. They will make their home on Mr. Lorenzen's ranch near Pendleton after their return. He is the son of Mr. and Mrs. Hans Lorenzen.

LITTLE DAUGHTER BORN

Mr. and Mrs. Clarence E. Bean, of Elgin, are the parents of a little daughter born on Thursday at Hot Lake. The new arrival has been named Mary Elizabeth. Mr. Bean formerly resided here and is a nephew of Mrs. H. E. Bickera and Mrs. Jesse Hiestand of this city. He served overseas during the war and Mrs. Bean, who is a Nyssa girl, did also, her duties being those of an army nurse.

LEAVES FOR LA GRANDE

IDEAS FOR HOUSEWIVES HOME DEMONSTRATION

- Cottage Cheese.
- Cottage cheese is one of the important meat substitutes. It contains a larger percentage of protein (the chief material for body building) than most meats and furnishes this material at a lower cost. In every pound of cottage cheese there is about one-fifth of a pound of protein, nearly all of which is digestible.
- Meats, on the other hand, usually contain less protein and besides have a certain waste, such as bone and other inedible material.—E. V. D.

VALUE OF CORRECT PRUNING

(Continued from page 1.)

soon to be harvested would be much smaller than from the trees which were more severely thinned. Mr. Hop-

son declared he thought the correct spacing between apples of the Rome Beauty variety would be between six and eight inches. On the tree in which the space between apples ranged from eight to ten inches the fruit was of excellent quality but the yield will be lower to all appearances, and the net profit from the tree less than on the one where the thinning was done on a basis of between six and eight inches.

Slower Has Big Crop.

Two orchards belonging to Ben Slower were visited and inspected. The results of the different methods of thinning in this orchard were the same as were observed in the Hopson trees. Mr. Slower's orchards were not severely thinned, and while the fruit is of excellent quality, he expects to follow the rule next year of leaving at least six inches between apples.

"I started out to do that this year, but the apples were so thick, and before they were thinned down as they should have been, I lost heart and decided that we wouldn't knock out so many. Next year I intend to tell the boys just how close to thin, then, before I have time to weaken, I'm going on a vacation. By the time I get back, the thinning job will have been properly done, and I won't have an opportunity to interfere."

Mr. Slower is one of the big fruit growers of the county. He has several orchards and vineyards and is a booster for the business. He is chairman of the Freewater organization of the farm bureau and is a member of the executive committee of the county body. To take care of his apple crop this year, which is estimated at 25,000 boxes, he has built a new warehouse, which is 40 feet by 80 feet, inside measurement, and has a seven-foot ceiling.

One-half of his wineapple orchard has been more severely pruned than the other half, the heads of the trees having been cut back heavily in one section, and in the remaining part, the trees were opened up but not so heavy pruning was given. The condition of the trees two years after the pruning was pointed out, and growers declared themselves in favor of the lighter cutting.

The same problem was studied in the prune orchard of Herman Hurst where the growth on young trees gave an indication of the value of two different methods of pruning. Sixteen trees were cut back heavily, and on a row between these, eight other trees were headed lightly. A measurement of the circumferences of the trees was taken, and figures show that the heavily headed trees now have a circumference of 6.1 inches, while the eight trees lightly headed measure 6.6 inches, a gain of 7 per cent for the ones cut only lightly.

At the orchard of A. C. Roeder, while some of the party were studying a special feature of the trees, a number of others demonstrated the proper way to thin watermelons and to carry off cantaloupes. Fred Benson has given this subject special study.
