NEW OFFICERS CHOSEN.

Mrs. A. F. May, of Pendleton, president; Mrs. W. R. Aborn, of Milton, vice-president; Mrs. Walter Jones, of Pendleton, secretary-treasurer and Mrs. J. C. Woodworth, of Pendleton, corresponding secretary, are the new officers for the Umatilla county Women's Christian Temperance Union chosen at yesterday's county convention held in the Christian church at Milton.

Pendleton women who attended the convention were Mrs. W. W. Harrah, Mrs. Margaret Hoover, Mrs. May, Mrs. Jones and Mrs. Goedecke. They speak high praise for the program prepared by Mrs. Aborn and for the entertainment provided by Milton members of the W. C. T. U.

Emphasized at yesterday's meeting was the membership goal for the " Jubilee Year." In 1924, the organization in the United States now has 150,000 members and it is the aim of the members to bring this total to one million members. The organization hopes to add to its ranks the daughters of the older members and to enlist the aid of girls and young women in carrying on the work of the W. C. T. U.

The work of the officers of Umatilla county in enforcing the liquor laws, and the action of Haney Canyon off-

icials in promising that there will be no objectionable features at the show was commended in a resolution passed at yesterday's convention. The convention promised the allegiance of members to aid in enforcing prohibition laws, and to re-doubled effort in preventing the sale of cigarettes to minors.

JOHN D.'S SECRETARY WILL GET NEEDED REST

NEW YORK, Sept. 14.—(U. S. S.)—The absence of John D. Rockefeller, Jr., who is on a three months' trip to the Far East, won't make Robert W. Gumbel, his secretary, grieve overmuch. Gumbel admitted that today, Gumbel says he'll get a rest-up, which is scarcely possible when the son of the world's richest man is on the job.

Rockefeller is going to Peking, China, to dedicate the Peking Union Medical College, built by the Rockefeller millions. He took his family along. It is his first trip to the Orient.

"Mr. Rockefeller, my boss, is a very democratic man," said Gumbel. "He is always kindness and consideration itself to all. I have been closely associated with him for many years—ever since I put on long trousers.

"He has a great capacity for keeping me busy. I'm glad I'm staying here and not going to China. I'll get a rest."

"My admiration for Mr. Rockefeller is unlimited, and I never cease to marvel at his remarkable self-control and poise. I believe it is impossible to rattle him."

Rockefeller said he hoped to learn something about China first hand before returning.

IDEAS FOR HOUSEWIVES HOME DEMONSTRATION

Did you ever stop to think whether your kitchen equipment was arranged in such a way as to save you as much work as possible? In the usual arrangement of the three main articles of equipment the reverse is true. You will frequently find the table at one side of the room and the stove at the other while the housewife walks back and forth. Did you ever stop to think how many times you travel this distance in preparing a meal? If you are up to the average in the amount of energy expended there you will walk the distance from eight to twelve times. Some day try keeping account of the number of trips you make in preparing a meal. You will be surprised. There is no reason why you should not be able to reach both table and stove without rising from the high stool, with which every kitchen should be equipped. If you really think you need the exercise, you will find a walk in the open air much more enjoyable.—E. V. D.
