old at the office of the city recorder. C. L. Howard has taken out a permit for remodeling four houses on Lee street. The cost of the work will be \$2,000.

Number 17 Late Sunday
 Passenger train No. 17, due in Pendleton from the east shortly after noon was more than eight hours late Sunday, the train arriving after nine o'clock last night. The cause of the delay was given as a washout in Iowa Friday which held up the train for many hours.

Wild Staff From Raucous
 A dash of color fresh from the primitive was injected into the progl life of Pendleton Saturday night when the city police and one Bob Chapman of the John Day country clashed. As a result of the trouble between the individual and the officers, three charges were preferred against Chapman in police court. This morning

he appeared before Magistrate Fitz Gerald and entered a plea of not guilty to the three charges, carrying concealed weapons, being drunk and disorderly and resisting an officer. His case has been set for trial this afternoon.

War Baby is Ill
 Little Robert Pershing Ingalls, two and a half year old son of Mrs. Robert Ingalls, is ill at St. Anthony's hospital. He is suffering from a disease which gives indication of being infantile paralysis. His father, the late Robert Ingalls, was killed in action in October, 1918, while fighting overseas.

Reward Offered For Murderer
 One thousand dollars is offered by the Standard Oil Co. of California for information leading to the arrest and conviction of the unknown man who shot and killed C. W. Upton, a service station salesman employed by the company at Turlock, Calif., according to information that has been received by R. T. Vivian, manager of the local office.

School Dismissed Two Days
 School sessions this week in Pendleton will be discontinued the latter part of the week so that pupils may have the opportunity to attend the Round-Up. There will be no sessions Thursday and Friday, according to previous custom. Supt. H. E. Inlow said this morning. School pupils in the grades will be given admission on Thursday in the bleachers this year.

Fines for Offenders
 The usual number of offenders of city ordinances were haled before Magistrate Thomas Fitzgerald in police court. For being drunk A. C. Allen and John Doe Lawler were fined \$10 each. John Doe received a fine of \$5 for running his car with the cutout open. Robert Rankin was fined \$10 for speeding and I. S. Peebles drew a \$5 assessment for letting his engine run unattended.

Would Establish Conservatory Here
 A letter from Charles Albert Tesse, president of the Inter-State Conservatory at Dodge City, Kans. in which the information is given that an opportunity to establish the conservatory in Pendleton is desired has been received at the office of the Pendleton Commercial Association. In addition to the musical training which is given in the conservatory, a course of instruction in expression is a part of the offering of the institution.

New Addition Ready
 After a rush job of construction work, the additional space recently secured by Sheehan Bros. for conducting their billiard parlors, the Cosy, has been completed sufficiently to permit use of the new room for business. The capacity of the billiard part of the establishment has been doubled, and both the fountain and the display room for tobacco stocks has been greatly increased. The finishing touches on the improvements will be made as quickly as possible.

To Advertise Northwest
 With the idea in mind of organizing an association to consist of the states of Utah, Wyoming, Montana, Idaho, Washington and Oregon to conduct a tour over the whole United States, a preliminary meeting will be held in Boise during the early part of October, a notice received by Mayor George A. Hartman says. The tentative plans in mind, according to the information received, is to organize exhibits of the products of the various sections of the states and to take them on a tour of the country. No delegate to represent has been named.

Indian Breaks Leg
 That the old "jinx" has his eye on Richard Burk is a belief that is held by friends of the Indian who Saturday suffered a broken leg at the show at Walla Walla. Burk was engaged in bulldozing a steer and spectators in the grandstand heard a sound which they thought indicated that one of the steer's horns had been broken off. Burks held to the steer as long as he could, and then he was compelled to release the animal, and it was found that his leg had been broken. Last year the Indian, who is a fancy roping and rider, had his broken leg "frozen," and he made a game ride at the Round-Up. A collection was taken up for him in the crowd by cowboys, a fat purse being contributed for assistance.

Lewiston Show a Success
 The show at Lewiston, held during the past week, was a success in every way, contestants who arrived here today declare. There were plenty of contestants to make competition keen, Frank Roach says, and the attendance was good. Among the winners in various events were Bob Hall, Ray Kayne and a Lewiston man in the bucking contest; Frank McCarroll, Johnny Magrot and Smokey Moore, bulldozing; Frank Roach and Wilkins Williams, roping; Joe Cannon, Charlie Reed and Jesse Farrow in the men's relay; in the women's relay Kitty Canutt, Marie Hall and Mrs. Wilson were winners in the order named. Seven carloads of livestock used at Lewiston arrived in Pendleton this afternoon for the Round-Up.

Pleased With Publicity
 A million people were reached; 1500 miles were covered; hundreds of newspapers received interviews; twenty five public talks were made; and about three thousand people were seen personally. These are the "high spots" in the report of Arthur Radd, publicity man, which will be presented to the Round-Up association at their meeting tonight. Judge C. E. Marsh, who oversees both the local and outside publicity activities gave the following statement to the East Oregonian this morning in regard to the work. "The publicity campaign which has been so successfully staged by our agent, Mr. Radd, was tried this year as the result of his own idea. We are more than pleased with the way that things have gone. We feel that Mr. Radd has delivered the goods in fine shape." H. W. Collins, president of the association expressed similar sentiments.

LATEST REVOLUTION IN MEXICO HAS ASSASSINATION OF OBREGON AS ITS GOAL, ESCAPED PLOTTER CONFESSES

BY LOUIS P. KIRBY
 (International News Service Staff Correspondent.)

MEXICO CITY, Sept. 19.—As the rebellion in Chiapas closely followed the assassination of General Jorge Bluhm that State, it is reported here that the murder of the general was part of the revolutionary plot, although no evidence has been presented in support of this supposition.

The leaders in the new uprising are men of greater distinction than those who have engaged in revolutionary movements for some time. One is Colonel Pablo Villanueva, former Governor of Chiapas, and another is General Aquileo Juarez, of Tabasco, who was a man of considerable influence during the administration of President Carranza. These two have the support of several former army officers of better standing than the usual half-hardy rebels. Colonel Hector Macias, who is known here, is said to be with the new revolutionary army.

Juarez and Villanueva made their preparations for revolt in Guatemala and crossed the line with a small force, chiefly officers. They were joined on the Mexican side by reinforcements.

Operations, it is reported, have been commenced in both the States of Chiapas and Tabasco.

Rumors are afloat here that General Greene, former Governor of Tabasco, is in sympathy with the revolt and may take the field. This would greatly increase the seriousness of the situation, which is already described as menacing.

As General Luis Castillo is still in the field in Oaxaca, the scene of conflict in the south of Mexico embraces a wide region, which includes Lucretian. In this state there is a struggle between socialist and radical factions which has assumed the intensity of civil war, according to reports received here.

Conditions are quiet in Vera Cruz where General Pedro Hernandez has surrendered to Federal troops. There is still great restlessness among the thousands of workmen who have been forced into idleness through the shutdown in the oil fields and the closing of industries because of the Vera Cruz profit-sharing law, called "the law of hunger."

Investigation into the alleged plot to assassinate President Obregon continues. General Jesus Salas Lopez and the others who were arrested in connection with the conspiracy have refused to make any statement, beyond a general denial of the truth of the charges made by E. Perez, who sent a letter from the United States warning President Obregon that his life was in danger.

Perez asserted that he was a member of the band of conspirators, which was composed of disgruntled men in the state of Morelos. Their project, he said, was to kill President Obregon and seize control of the Government in the confusion which would follow the assassination. General Salas Lopez was made chief of the band, because it was decided that he was best fitted to take hold of the Government and rule Mexico.

The conspirators, said Perez, agreed that General Obregon should be killed at night, as this would give General Salas Lopez time to take command of the Federal troops in the capital and make his position secure before opponents could get together and offer resistance.

RHEUMATISM SHOULD BE TREATED THRU THE BLOOD
 Medical authorities now agree that rheumatism, with its aches and pains, is caused by germs that pour poison into your blood stream. Rubbing will not give permanent relief. Thousands of rheumatic sufferers have stopped their agony with S. S. S.

For Special Booklet or for individual advice, without charge, write Chief Medical Advisor, S. S. S. Co., Dept. 141, Atlanta, Ga. Get S. S. S. at your druggist.

S. S. S.
 Standard For Over Fifty Years

Then, continued Perez, the question arose as to who should explode the bomb with which it was decided that General Obregon should be killed. It was finally agreed to cast lots, and the task fell to Perez.

He was assured, he said, that he would get 50,000 pesos, regardless of the success or failure of the conspiracy.

After many sleepless nights, Perez decided that he would not carry out his part of the plot. He obtained as much money as he could from his associates and then fled to the United States.

There, he said, he was still troubled, believing that the conspiracy would go forward without him, and he wrote his warning to President Obregon.

Beyond the story told by Perez, little evidence against General Salas Lopez and the other men under arrest has been obtained. It is said, however, that their movements for months past have been mysterious and that they did come from Morelos to Mexico City, as Perez asserted.

The assassination of General Bluhm has had something to do with the credence given to the Perez charges.

GREEK OFFENSIVE COLLAPSES.
 PARIS, Sept. 19.—(I. N. S.)—The Greek offensive against Angora, the former capital of the Turkish nationalists, collapsed just as the Greeks were at the gates of the city, according to Turkish dispatches.

The Greeks lost heavily in killed and wounded and left a large amount of war material behind.
