Higher Trend

Shown On Stock Market.

NEW YORK, Sept. 24.—(A. P.)—The stock market yesterday registered numerous substantial gains on a large and varied turnover. Shorts fought the advance during the forenoon and towards the close, final prices showing irregular recessions from top levels. The further reduction of red-accounts at important reserve centers, coupled with the encouraging views of Governor Harding of the federal reserve board respecting financial and trade prospects were noteworthy factors in the additional strengthening of quoted values.

The market derived its greatest impetus, however, from the prominence of rails. One block of 5000 shares of Southern Pacific changed hands at an advance of 1 3/8 from yesterday's final price and kindred issues scored extreme gains of 1 to 2 points, junior rails following at a more moderate pace.

Industrials continued to be featured by steel equipments and oils with the usual sprinkling of unclassified specialties, including rubber, food, leather and tobacco shares. Mexican Petroleum steered its recent erratic course, rising half a point, reacting 2 points and closing at a fractional gain. Sales were 625,000 shares.

All call loans, including renewals, were made at 5 per cent, but slight concessions were reported on merchant's paper and bank acceptances.

Italy again was the only important exception to the higher trend shown by foreign exchanges, although sterling receded later.

The bond market again turned upward under the influence of lower discounts. Liberty issues led all except 2 1/2 showing strength. Rails and some industrials also improved, but internals were irregular. Total sales, par value, aggregated \$12,700,000.

Higher Prices Rule

For Wheat at Chicago.

CHICAGO, Sept. 24.—(A. P.)—Indications of good-sized export business had a bullish effect on the wheat market yesterday. Prices closed firm, 1 1/4c to 2 1/4c net higher, with December \$1.27 3/4 to \$1.28 and May \$1.31 1/2 to \$1.31 3/4. Corn gained 3/8¢ to 3/4¢, and oats 1/4¢ to 3/8¢ to 1/2¢. In provisions the outcome was unchanged to 5¢ lower.

Wheat prices began to show an upward tendency as soon as the market opened and, although moderate setbacks took place at times, the finish was at the top level of the day. Offerings were light at the start and this factor encouraged buying in which a strong commission house acted as leader. Later, the signs of improvement in export demand, especially the call for hard winter grades to be shipped by way of the Gulf of Mexico became the chief stimulating influence. Milling demand outlook was said to be picking up and there was talk that even without rejuvenation of export trade some domestic mills might find difficulty obtaining supplies. In this connection, it was pointed out today, that today for the first time in many weeks the primary receipts were smaller than a year ago.

Corn and oats reflected the wheat advance. New Orleans exporters were said to be outbidding Chicago for corn in central and southern Illinois. Provisers had a downward slant in line with hog values.

NEW LIGHT THROWN ON TESTIMONY IN ALLEGED MAHONEY MURDER CASE

SEATTLE, Sept. 24.—(U. P.)—Attorney Johnston, James Mahoney's counsel, expected to ask Judge Ronald to stop the murder trial forthwith by directing the jury to return a "not guilty" verdict forthwith. Mahoney and his lawyers are jubilant following the state witness's admission yesterday that Mrs. Mahoney was still alive when the truck driver got the supposed "death trunk" from the Mahoney apartment.

Mahoney Is Cheerful. Johnston was expected to base his motion upon the testimony of this state's witness. At no time since his arrest has Mahoney evinced such jubilation as at the close of yesterday's court session. He kissed his mother, sister and little niece and laughed loudly.

PREFERS JAIL TO COLD NIGHT

KLAMATH FALLS, Ore., Sept. 24.—(A. P.)—Tom Capener, one of the six who escaped from jail Wednesday night, returned late last night. He said one night in the open was plenty. He nearly froze. Seems to us that it's time now for the B. V. D.'s to come down and the rolled sox to come up.

Buck, the famous Round-Up horse owned by Herb Thompson, was ridden yesterday by Eddie McCarty when he made the best time of any performer in the steer roping. Yesterday Eddie was out of luck when his horse which he rode Thursday, went lame, and he would not have been able to enter the event had not Mr. Thompson come to the rescue. McCarty's time, as given on today's program, is 31 3/5, the best time made.

"There is nothing so enjoyable," warbles a railroad ad, as a trip from Oregon to New York." Except, of course, the trip back.
