BOARDMAN CITIZENS TO HAVE RABBIT DRIVE

(East Oregonian Special.)

BOARDMAN, Sept. 26.—An extensive rabbit campaign was worked out last night, Albert Swain of the U. S. Biological Survey cooperating with the local committee. Poisoning in several ways is to be employed by every body. Several wire fence traps are to be built and a series of drives covering the project will be staged. One good method would be to put a bag of hay at some point where rabbits congregate. As they become used to feeding there a fence should be placed about the pile and poisoned hay put outside the fence. This method can be used wherever the rabbits are working on a stack. With such concerted action, followed up by a vigorous winter campaign, it will be possible to have a clear season next summer, especially if there is a period of snow this winter to expedite the poison campaign.

L. A. Hunt, Mgr. of the Columbia Basin Hay Growers Ass'n. was in Boardman yesterday in the interests of the project. Mr. Hunt is trustee of the subscribed funds for the construction of the ferry boat and has called a meeting for next Tuesday night for the purpose of an accounting.

How's this for tea cents? Daily menu for one week: Pork and beans, prunes, slice bread and butter; Hindu eggs, cocoa, bread and butter; cream of corn soup, baked apple with butter sauce, bread and butter; rice pudding, cup cocoa, bread and butter; beef stew, cocoa, bread and butter. This is a sample of what the pupils of the Boardman Community school get for their hot lunch. Practically all the pupils and teachers take advantage of the service. The meal is served cafeteria style and a single item may be ordered to supplement lunch brought from home. Payment is made daily or monthly and duplicate tickets are made for each order. Teachers supervise the pupils and correct serious habits of table etiquette and monitors are appointed to keep the tables neat and clean. The work of serving the lunch is in the hands of Mrs. C. P. Harter, who is employed and paid by the board, all items being served at a cost. The cafeteria is equipped with a full set of dishes and silverware for 150 persons and the kitchen is equipped in modern style, and is also used for instruction classes in cooking.

 Bold Harvey sat in his easy chair, Gadzooks! But he was sore! He glared a wild, ferocious glare At the missives on the floor.

"So many men of many minds," He muttered with a curse, "And each his chief employment finds In writing vapid verse."

He wildly chattered on and on, Till finally, "I'll show 'em! I'll print one eye and anon And label it 'A Poem'!"
