ham J. Simmons, imperial Ku Klux Klan Wizard lives, denied his summons in Washington in response to a reported call to testify regarding the Klan's activities to the federal authorities. Simmons is reported to be suffering from laryngitis and unable to leave his bed. Attaches refused the United Press representative permission to see the "wizard."

IDEAS FOR HOUSEWIVES HOME DEMONSTRATION

- * Most cakes are baked in too hot an oven. In such cases the cake crusts over before it has had time to rise completely and then the center of the cake, which rises more slowly than the edges, breaks through the crust formed. A cake baked in too hot an oven is not only uneven in thickness but is coarser grained and less tender than a cake baked at a lower temperature.
- * The time for baking a cake may be divided into four quarters:
 - First Quarter—The cake rises; little bubbles form on the top.
 - Second Quarter—The cake continues to rise, and it browns in spots.
 - Third Quarter—The cake browns all over.
 - Fourth Quarter—The cake shrinks from the sides of the pan, becomes elastic to the touch and stops rising.
- * When a cake is thoroughly baked it will shrink from the pan, when lightly touched it will spring back, the singing sound will have disappeared. The cake should be allowed to stand for a few minutes then be removed from the pan and allowed to cool on wire cake racks. These racks are inexpensive and allow the air to reach all sides of the cake.

SACRIFICE OF THE SPIRITS
KANSAS CITY, Mo., Sept. 28.—(U. P.)—Choice lots of such famous brighteners as "Four Roses," "Johnny Walker," "Old Taylor" and "Old Crow" are soon to be auctioned in this city. Over 150 barrels of other choice wines and liquors will also be sold to the highest bidder. In fact every bit of high voltage stuff seized since prohibition will go under the hammer. But there's the joker—only properly licensed druggists and manufacturers with the proper permits will be able to get any of the liquors. The "angry mob" will only be able to stand around and moisten dry lips with a still dryer tongue.

CHICAGO WHEAT MARKET CONTINUES TO DECLINE

A continued decline is apparent in today's report from the Chicago grain market, September wheat closing at \$1.17 1-4, December at \$1.20 3-4 and May at \$1.25 1-4. Yesterday the quotations were \$1.19 1-2, \$1.23 1-4 and \$1.27 3-4 respectively.

Following are today's quotations, received by Overbeck & Cooke, local brokers:

	Sept.	Dec.	May
Wheat	\$1.19 1/2	\$1.23 1/4	\$1.27 1/4
Dec.	1.23 3/4	1.25 3/4	1.27 3/4
May	1.25 1/4	1.27 1/4	1.29 1/4
Corn	.51 3/4	.51 3/4	.51 3/4
Dec.	.51 3/4	.51 3/4	.51 3/4
May	.51 3/4	.51 3/4	.51 3/4

Do you discriminate at the dining table—or are you thoughtless?

In thousands of homes, a "line" is drawn at the breakfast table. Tea or coffee is served for "grown-ups" and Postum for children. But some parents do not discriminate. Caffeine and tannin, the injurious contents of coffee and tea, seriously retard the development of the delicate nerve tissues in children.

Consequently, instead of rich, satisfying Postum, children are over stimulated by the drugs in tea and coffee; and so may grow up irritable and nervous. Any doctor can tell you that this is a great evil and should be corrected.

Although some parents feel a certain justification for the personal indulgence in coffee, yet the harm to them may be equally serious. It may take a little while longer for the drugs in coffee and tea to affect an older person, but in many cases the nervous system and allied bodily functions will become weakened. The surest way to avoid such possibilities is to quit coffee entirely and drink Postum instead. The change permits you to get sound, restful sleep.

Postum is the well-known, meal-time beverage. Like thousands of others you will like it because, in flavor, it is much like a high-grade coffee.

Do away with the distinction at the table. Serve delicious Postum, piping hot, to all the family. One week's trial and it is likely that you'll never return to tea and coffee.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water; Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

pressed wheat sold at a sacrifice. Our bearish view is based properly on disturbing foreign news regarding financial conditions and until this situation is eradicated we believe prices will continue to work irregularly lower. Cuts—Support was lacking in this market, as in wheat and corn, and a moderate volume of selling by longs was sufficient to bring about a decline. Cash prices were lower with futures. Country offerings to arrive are light. There is as yet no indications of improvement in cash demand, such as would be necessary to create an advance.
