LEAGUE OF NATIONS TO ADJOURN OCTOBER 4

GENEVA, Sept. 29.—(U. P.)—Adjournment of the present assembly of the league of nations has been set for Tuesday, October 4. As the delegates leave for home, the popular opinion here is to regard the league, no longer as a super-state, but as an instrument to co-ordinate and make recommendations for international action. The League itself, according to delegates, recognizes itself to be completely without power or authority to impose any recommendations it may make.

LOCAL GROWN HAY TO BE SOLD ON EASTERN COAST

Hay grown by members of the Oregon Hay Growers' Association, made up of growers of Umatilla and Morrow counties, is to be sold on the Atlantic seaboard, according to announcement made by the association.

Several sample shipments have been made and the results have justified all claims, the grade of hay showing up well in comparison with the Eastern hay this year and a good premium being paid for western alfalfa.

Six firms in the vicinity of New York have placed orders for immediate shipment from the Oregon association. Inspectors have already been appointed at Boardman, Umatilla, Hermiston and Stanfield, and will be appointed at other localities when required.

The expense of securing the appointment of these state inspectors is borne by the association but the net cost of loading point inspection, while upon a slightly different basis, is practically the same as if the inspection were at Portland, as has been the practice in past years.

The activities of the Organized Hay Growers are directly responsible for an advance of one dollar in the Portland market, at a time when the hay markets of the entire country are very stagnant. This will benefit all hay growers, whether members or not.

The prices paid in the East are very satisfactory and terms agreeable, sales being made upon state grades. The hay market for the next five months on the Atlantic coast looks bright, say growers and while much depends upon the quality of hay shipped, the sales office is very optimistic. The heavy percentage of the association sales are now going to Canada and the Atlantic coast.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Pendleton people. Ask your neighbor!

Mrs. J. B. Jacobs, 390 E. Bluff St., Pendleton, says: "I could never speak too highly of Doan's Kidney Pills and I have never found anything their equal when I have needed to take a kidney medicine. Whenever I took cold it settled on my kidneys and caused my back to ache so badly, I could hardly get around. I had dizzy spells and headaches. After I took Doan's Kidney Pills for a few days, all the trouble was removed and in every way I felt as well and strong as ever."

The above statement was given May 17, 1916, and on June 17, 1920 Mrs. Jacobs added: "Since endorsing Doan's Kidney Pills in 1916 I haven't noticed any of the kidney complaint so I give them credit for curing me. I gladly confirm my former statement at this time."
