"It is pessimism, not lack of business, which is causing business depression today," says W. H. Heath, representative of Mason & Ehrman, who is making Pendleton his headquarters while covering territory in Eastern Oregon. Mr. Heath, who during the past nine years had central Oregon as his field, says that he finds business very good and that the optimistic merchants are having no difficulty in making their stores pay. He quotes

Roger Babson, famous statistician, who says that business has never been less than 72 per cent normal and that it is now 82 per cent normal.

Mrs. Rose M. Brown Gained 20 Pounds In Four Weeks Time

Declares It's Simply Astonishing To See The Wonderful Benefits She Has Derived From Tanlac—Says Terrible Headaches Have Disappeared.

MRS. ROSE M. BROWN

"It sounds unreasonable, but I have actually gained 20 pounds in less than a month's time by taking Tanlac, and the wonderful benefit I have derived from the use of this medicine is simply astonishing," said Mrs. Rose M. Brown, 111 Third Street, Manchester, N. H.

"Why, I am so happy to be relieved of my troubles I can really never praise this medicine enough. Up to the time I began taking Tanlac, I suffered for something over two years with a very bad form of stomach trouble.

"My appetite was so poor I could scarcely eat a thing. My stomach would be so badly bloated with gas sometimes I was almost afraid to go to bed for fear I would actually smother. I felt tired and worn out most of the time and became terribly discouraged over my condition. I often had such violent headaches I was unable to be out of bed for two or three days as a stretch.

"Four bottles of Tanlac completely restored by health and anyone can see at a glance the wonderful change that has taken place in my condition. I have a splendid appetite now and the stomach trouble has entirely disappeared. I can eat just anything I want without ever feeling a sign of indigestion. The best of all, I am never bothered any more with headaches and this was the greatest relief

of all. I want to tell everybody what this medicine has done for me."

Tanlac is sold in Pendleton by Thompsons Drug Store and by leading druggists.

already been announced by the White House, and Washington society is keeping a close ear to the ground, for one never knows when more invitations may go forth. Social joy will be supreme if the President and Mrs. Harding decide to give a White House ball, and what a scramble there will be for invitations! Yes, social Washington actually scrambles for invitations; but, of course, it is done through underground social channels.

All in all, the prospects for a brilliant social season are fine, and perhaps even a few of the socially un-anointed may be justified in brushing up last year's dress clothes.

In Charles II's days it was the law that all persons should be buried in woolen shrouds.

SOCIAL NORMALCY TO RETURN AS HARDING REVIVES FUNCTIONS

Washington Looks Forward to Many Receptions Which Are Announced by White House.

WHITE HOUSE SOCIAL CALENDAR
WASHINGTON, Oct. 14.—(I. N. S.)—White House entertainment dates have been announced as follows: December 15, Cabinet dinner; January 2, New Year's reception, January 12, diplomatic reception; January 25, judicial reception; February 2, Supreme Court dinner; February 9, Congressional reception; February 16, dinner to the Speaker; February 23, Army and Navy reception.

BY DAVID M. CHURCH
(International News Service Staff Correspondent.)

WASHINGTON, Oct. 14.—Society in the national capital is permitting itself to actually beam with joy.

All reserve and calm dignity have been thrown off for the time being by the social set.

President and Mrs. Harding are responsible.

The White House has announced a list of winter entertainments and social Washington is happy, for it means that the nation's capital is going to have a social season that will mean a return to social "normalcy," and Washington has suffered from social stagnation since the inception of the Wilson administration nearly nine years ago.

A godly portion of Washington lives for the social whirl, and now it seems that this winter there will be something really worth living for.

Presidential Reception
Most important to the social world is the fact that the White House announces that the old custom of a presidential reception on New Year's will be revived.

For years the White House reception on New Year's Day was the signal for a general suspension of work and a diligent pursuit of social enjoyments. All of this passed, however, with the advent of Woodrow Wilson. New Year's will mean something in Washington again. Of course it won't be the old New Year's celebration, when everyone maintained open house, and the keys to the wine cellars were lost for the day. But then who knows? Maybe some of those old wine cellars aren't depleted yet.

The White House New Year's reception starts early in the day, when Army and Navy and Diplomatic callers are received. Then the members of Congress pay their respects, and after that the general public files into the great East Room to do its bit of homage. When the public files in "then the fun begins," for a good bit of the stiff formality of the White House is dispensed with.

Old Fashioned Fete
Knowing the passion of President and Mrs. Harding to remain "just folks," Washington is expecting a good deal from the coming White House reception. Mrs. Harding knows how to make the "folks" have that "homey" feeling, and there is every expectation that on New Year's Day there will be an old-fashioned celebration at the White House, which will give sufficient incentive to the social set to see that the White House celebration is carried forth in spirit in other homes in the capital.
