REVOLTERS PERFECT NEW WOODMAN ORDER

SEDALIA, Mo., Oct. 17.—(I. N. S.)—A charter has been granted the Order of Perfected Woodcraft, a fraternal insurance organization, with home offices here.

The organization was formed following the Woodmen of the World convention in New York last year, when "insurgent" delegates from Texas, Missouri, Arkansas and Wisconsin were refused seats because they objected to proposed increased rates.

Claude Wilkerson, head counsel for the state of Missouri for the Woodmen of the World and one of the prime promoters of the "insurgent movement," was expelled by the "mother" lodge for a period of ten years.

The following are national directors: J. M. Towne, Tampa, Fla.; Lulu Markwell, Little Rock, Ark.; Dr. H. A. Elkhourie, Birmingham, Ala.; Bruce Bryant, Austin, Texas; B. F. Gafford, Sherman, Texas; Dr. W. T. Walsh and Paul Barnett, both of this city, will serve, respectively, as national physician and general attorney.

\$10,000,000 IN GOLD IS HELD BY OCEAN

BY EARL C. REEVES (International News Service Staff Correspondent.)

LONDON, Oct. 17.—After her fourth year of effort to salvage the \$20,000,000 of gold lost in the liner Laurentic, the Racer has been laid up until next April, when she will resume operations.

It was on January 23, 1917, that the Laurentic, a magnificent auxiliary cruiser, struck a mine and sank in the Lough Swilly, off one of the wildest points of the west coast of Ireland, in over twenty fathoms of water.

Ship Covered by Sand The same summer salvage operations were started on her. But there was a great initial difficulty on account of the swift silt up of the sand. Only by luck was the wreck found at all—two divers came across a mound of sand, and by chance they saw a piece of metal protruding. The mound—not much more than ten feet high, but covering some hundreds of square feet—was the Laurentic.

Half Is Recovered However, by the fall of 1920 over \$5,000,000 in gold had been recovered and nearly as much again during the present summer has been transferred from the depths of the Atlantic to the vaults of the Bank of England.

Whether it will be possible to recover any of the balance next summer is a matter for doubt. Four years at the mercy of the Atlantic rollers have reduced her to scrap iron, and it is difficult to tell the stern from the bow. The accumulation of sand has also become an increasingly difficult proposition. Only by the installation of three powerful pumps, each capable of sucking up sand at the rate of one ton per second, has it been possible to proceed with the work at all.

WORKMEN FIND STATUE. LONDON, Oct. 17.—(I. N. S.)—Workmen repairing a drain at Pozzani, near Naples, discovered a fine statue, in the Greco-Roman manner, standing holding a basket of fruit. The statue has been placed in the local museum.

STERN MEASURES TO CHECK CRIME PLANNED

LOS ANGELES, Oct. 17.—(I. N. S.)—Stern repressive measures are being put into effect by county authorities to prevent and possible "crime wave" here during the approaching winter, it was announced at the Hall of Records.

Through the co-operation of the Sheriff's office, the District Attorney's office and other branches of the county government pending criminal cases are rapidly being disposed of and precautions taken to prevent new crimes.

It was revealed that plans for a new Criminal Courts Building provide for the use of six court rooms permanently for Judges working exclusively on criminal cases. It is expected that the court calendars can be kept reasonably clear and swift justice meted out to lawbreakers.

The number of cases handled this year by the District Attorney's office has increased 25 per cent, it was stated. The county jail holds a record number of approximately 400 prisoners.

AMUSEMENTS

RIVOLI, TUESDAY OCTOBER 18

The booking of Ralph Dunbar's presentation of DeKoven's "Robin Hood" by the management of the Rivoli Theatre for Tuesday Oct. 18, causes inquiry as to why these keen theatrical discerners choose a revival at this time when modern musical comedies are so plentiful. When questioned on the point, they advise that they give the public what they want, and when "Robin Hood" is mentioned, they generally say that whenever there is wholesome theatrical support, adequate presentations of "Robin Hood" at intervals have always been welcomed and will be. They say they have no opinions of their own; that they only reflect the opinions of the people who buy the tickets, and that as long as people love music that is esteemed as highly after thirty years as it was when first its harmonies went over the footlights, and as long as folks love beautiful ladies and heroic men, and enjoy the loveliest vistas that scenic art has ever produced, so long will people love "Robin Hood."
