WIFE DOES NOT CARE IF HUBBY BEATS HER

COLUMBUS, Oct. 20.—(U. P.)—Louis Cornatelli got off comparatively easy when arraigned before Municipal Judge Osborn on a charge of wife beating. Louis' wife testified she didn't care how much he beat her.

Placing Louis on probation, with a thirty-day suspended workhouse sentence, the judge informed him that he must quit mistreating Mrs. Cornatelli, "even if she doesn't object."

IDEAS FOR HOUSEWIVES HOME DEMONSTRATION

- * The clever homemaker makes it a rule never to have more than one room at a time torn up by house cleaning. The labor of mopping soft wood floors has been abolished entirely by the use of stain and varnish on which an oiled mop is used.
- * She has cut down kitchen drudgery by the use of linoleum on the floor; built in cupboards near the kitchen sink; inexpensive conveniences such as dish drawers which save the time of going dishes one third and fireless, steam or pressure cookers, which shorten the time of cooking or canning.
- * She uses an electric or water power washing machine and perhaps a motor for the sewing machine.
- * She plans the food fed to her family as carefully as the farmer plans the rations of his prize hog or steer.—E. V. D.

LIMOUSINE PLANE IS READY FOR FOCH'S USE

KANSAS CITY, Mo., Oct. 20.—(U. P.)—The American Legion convention executive committee has received a message from an aeroplane company of New York City in which the company offers the use of a six-passenger limousine airplane for the transportation of Marshal Foch after he arrives in the United States.

Marshal Foch will be one of the distinguished visitors to the convention, which will be held here October 31, November 1 and 2.

The company offered to transport Marshal Foch from New York City to Kansas City, or any part of the journey.

GET A GOOD GRIP ON HEALTH

Look out for the unnatural weakness that indicates thinning of the blood and lack of power. It means that your bodily organs are starving for want of good nourishment; that the red corpuscles are fewer, unequal to demands of health. Hood's Sarsaparilla increases strength of the delicate and nervous, restores red corpuscles, makes the blood carry health to every part, creates an appetite.

If you need a good cathartic medicine, Hood's Pills will satisfy.

UMAPINE YOUNG PEOPLE GIVE DANCING PARTY

(East Oregonian Special.)
Umapine, Ore., Oct. 20.—At a meeting of the board of directors of the Hudson Bay Hall Company Monday evening which was called by D. J. Kirk, president of the company, the matter of the reconstruction of the community hall which has served the people of this vicinity so many years, was discussed. It is probable that the new hall will be somewhat larger than the old building, will be two stories with a large basement. The lower is to be used as a general store building and dance hall with the upper floor being adapted to a lodge room and banquet hall.

If satisfactory finances can be arranged it is likely that the building will be constructed either of tile, brick or cement and a meeting has been called for Thursday evening, October 27th, of the stockholders of the company to discuss plans, also the best method to finance the enterprise. The officers of the hall company are D. J. Kirk, president, Kyle McDaniel, Secretary, Treasurer, and Roy Records, vice president.

Roy Allen, son of Mr. and Mrs. John Allen of Umapine was seriously injured last Friday at Riparia when in attempting to loosen a trap door on a coal car from which he and other workmen were unloading coal, the same gave way, covering Mr. Allen with coal. He was extricated after 15 minutes of hard work. His injuries consist of one of his lungs being punctured and six ribs broken. He was rushed to the Walla Walla hospital for medical treatment and at the present time is improving. Mrs. Allen and his sister Hattie arrived from Moscow, Idaho, Saturday where they are spending the school year. Miss Hattie being a pupil in the high school at that place.

On Saturday evening the young people of the community were entertained at a dancing party at the home of Mr. and Mrs. T. Q. Goodman by Emory Goodman, Ralph Jones and Elvin Records. Over forty were present and report a delightful evening. At midnight chicken sandwiches with angel food cake were served by the young hosts.

On Friday evening Mrs. J. E. Jones and Mrs. E. Moore entertained thirty friends, the occasion honoring Mrs. Harris Hamper whose wedding took place this week. The bride was the recipient of many lovely gifts. The evening passed quickly for the guests who were entertained with contests and music. Ice cream and cake were served after the guest of honor had been showered. Mr. and Mrs. Hamper were married in Pendleton October 12, after which they returned to Umapine where a wedding supper was served at the home of the bride's parents, Mr. and Mrs. Peffley. Besides immediate relatives present was Gerald Hamper, a cousin of the bride from Outlook, Wash. On the 12th Mr. and Mrs. R. P. Hamper entertained the wedding party with a turkey dinner. This week the young people are enjoying a honeymoon trip to Outlook, Wash., with Mr. and Mrs. F. H. Hamper, uncle and aunt. Prior to their departure for Outlook, the newlyweds were charivari by a crowd of friends.

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Dandermine" costs only 25 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing over the scalp. "Dandermine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

STATE RAIL CONTROL

(Continued from page 1.)

and expensive experiment.

The difficulties under which the railroads are laboring are very clear. The attitude of the employees is just as easily understood. The former are hampered by too much restrictive legislation, by the inability of the management to adapt themselves to the new conditions which exist not because of the war alone, but because of the evolution in economic life, and by the competition of the automobiles and trucks. The latter naturally oppose any reduction in wages so long as the cost of the necessities of life remain high. The most of them have families to support, and doubtless it is requiring every cent now earned to meet family expenses.

"Congress has failed utterly in its railroad legislation. The interstate commerce commission is not meeting the needs of the country. The Esch-Cummings bill has manifestly exploded. The labor board is now on trial. The nation hopes that it will succeed, but is frankly doubtful of its efficiency. President Wilson floundered in forcing the Adamson bill as a war measure. The attempt at government ownership and operation during the war was a disastrous experiment.

"The whole people are interested in the prevention of this strike and every strike. The harmonious, cheap and prompt operation of our transportation system are of interest to us all. That must be the excuse of every man to volunteer a panacea for the disease under which these arteries of business are laboring.

"What are the remedies?"

"First—A return of the roads within a state to the control of the state. Wall street ownership, and New York operation has been hateful everywhere from its inception. The management of vast systems of railroads is beyond the powers of any man or group of men. When Oregon roads, for instance, were managed wholly at home, they were profitable and prosperous. They would be again if divorced from alien control. So of every other state.

"Second—Creation of directorate composed of both owners and employees. Give the men who toll a measure of responsibility and fuller information, and strikes will be minimized, and largely prevented.

"Third—Abandonment by the railroad operators of the Vanderbilt doctrine of "the people be damned."

"Fourth—Make the highways feeders of the railroads, and the automobiles and trucks friends and not competitors."
