THE EFFICIENT WOMAN

We hear a great deal nowadays about the efficiency of women. In the novels of fifty years ago, who ever heard a woman praised for her executive ability, force, and energy, in the sense that it is used to-day? The frail, delicate, helpless ideal of womanhood has passed away. How is it possible to measure up to the ideals of modern womanhood? In the first place, we must keep our bodies in the best possible condition.

Thousands of women have succeeded through daily baths, exercise in the fresh air and Lydia E. Pinkham's Vegetable Compound at the first sign of female weakness.

IDEAS FOR HOUSEWIVES HOME DEMONSTRATION

- * CANNED PUMPKIN AND SQUASH
- * Prepare and cut into convenient sections. Blanch in boiling water three minutes. Cold-dip; pack closely in hot jars. Fill with boiling water. Add level teaspoonful salt to each quart.
- * Put rubbers and caps of jars in position, not tight. Process for two hours in water bath, having water come at least six inch over the tops of the jars.
- * Count time from the time the water begins to boil and keep boiling steadily the entire time.
- * When done, remove and fasten jar tight. Cool as quickly as possible without allowing a draft to strike the hot jars.—V. D.

HARRISBURG CURFEW

HARRISBURG, Ill., Nov. 9.—(I. N. S.)—When the curfew bell tolls off the midnight hour in Harrisburg the sandman is on the job and everything is dead silent.

Any person on the street at that hour is questioned by the police and any suspicious character is taken to headquarters. The order was put into effect to check robberies and hold-ups and is proving a success, police say.

CO-OPERATIVE MARKETING

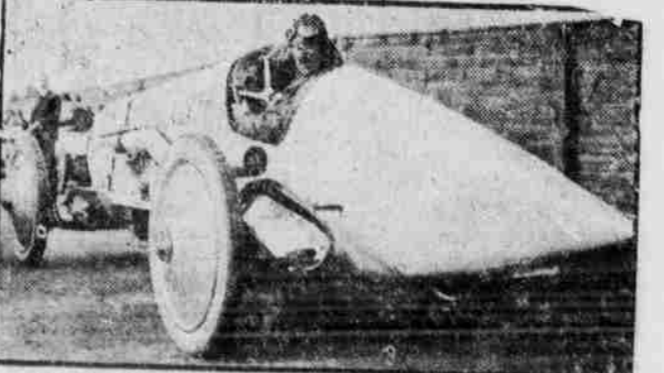

COLUMBUS, Nov. 9.—(I. N. S.)—Co-operative marketing, it is announced, will occupy a large place in the deliberations of the delegates attending the third annual convention of the American Farm Bureau Federation at Atlanta, Ga., November 29-31. Other discussions will relate to transportation questions and to legislative matters. As a general proposition, it was stated farmers are working toward freight reductions.
