

# News Notes Pendleton

**CALENDAR OF EVENTS**  
 November 11.—East End Fair and Apple Show.  
 November 11.—Armistice Day celebration.  
 November 21, special city election.  
 December 15, 16, 17.—Oregon State Irrigation Congress.

**Ross Carney Ill.**  
 Ross Carney, of the Pendleton Trading Co., is ill with pneumonia. He was taken sick on Friday. Mr. Carney's condition is not serious.

**Snack Thief Enters**  
 Spark plugs, wire connections and other parts on a new Ford Sedan recently purchased by Ben F. Trombley were stolen last night by an unknown thief. The car was in the garage at the Trombley home on Lewis street. The theft was discovered this morning.

**Roy Buchanan Ill.**  
 Roy Buchanan, Pendleton merchant who has been confined to his home by illness since Saturday, is slightly better today. Mr. Buchanan was threatened with pneumonia, but because of improvement his condition is not serious.

**Grocery Will Open**  
 The Highway Grocery at the intersection of East Alta and East Center will open for business tomorrow morning. C. H. Belts is the owner of the store, and Harry Richardson is manager.

Mr. Richardson was formerly with Gray Brothers and also with the Pendleton Cash Market. Mr. Belts, besides the grocery store, owns the Highway Service Station. The new store will handle a complete line of high grade staple and fancy groceries.

**To Build Garage.**  
 R. P. Dupuis has secured a building permit at the office of the city recorder for the construction of a garage which is estimated to cost \$50.

**Beesmen to Meet.**  
 Beekeepers of Umatilla county are making plans for the annual meeting of the Oregon State Beekeepers Association, to be held here January 26 and 27. Officers of the Umatilla county association are Eli Winesett, of Hermiston, president; C. Hancock, of Hermiston, secretary-treasurer, and Fred Toulson, of Pendleton, county agent, laborer. All county associations are connected with the Oregon association, of which A. J. Sanford, Hermiston, is president; K. D. Baker of Knappa, vice president, and H. A. Scullen, head of the beekeeping department at the Oregon Agricultural college, as secretary-treasurer. At the meeting in Pendleton, leading beekeepers will speak on disease control, inspection, co-operative marketing and other pertinent subjects. Prospects are good for a large attendance and a helpful program.

**Search for Murderers.**  
 The men who murdered a Chinaman at Baker yesterday were the ob-

jects of a search carried on last night by members of the police force and special agents. The Baker authorities sent a message here that the fugitives were thought to be headed this way. Every train was searched all night long, but no trace of the men was secured. The Chinaman was beaten over the head. Robbery is given as the motive for the crime.

**Hold Solemn Benediction.**  
 The solemn benediction of the Rt. Rev. Bernard Murphy, third abbot of St. Benedict's Abbey, will be held tomorrow at Mt. Angel. The abbot is a nephew of Judge Thomas Fitz Gerald, but Judge Fitz Gerald will be unable to attend the benediction.

**Ned Strahorn on Team.**  
 Ned Strahorn, of Pendleton, who is a student at University of Oregon, is a member of the Kappa Sigma basketball team which gives promise of winning the inter-fraternity championship this year. The team has won every game so far. Strahorn plays forward.

**Mountains Snow-Covered.**  
 While rain was falling in Pendleton and in the lowlands last night and this morning, the snow was covering the hills and mountains with a mantle of snow. The snow was visible from the high hills on the north side of the city today. The white blanket came down to the edge of the reservation east of the city, and farther south, the stubble fields were also covered. This is the first snow of the season which has come so near to Pendleton.

**They'll See the Game.**  
 Pendletonians and former O. A. C. and Oregon men who live in the county outside of Pendleton will join the gang which every year marches back to Eugene to see the two institutions battle for supremacy this year when the game is played on Saturday. Some of the men plan to leave this evening on an overland trip, and others will leave later. Among those who plan to go from here are Joe Jones, Bert Jerard, Nat Kimball, Harold Brock, Gene Hampton, John Murray and Carl Engdahl and Jim Hill of Helix.

**Mayor to Explain Measures.**  
 Explanation of the various measures which are to be put before the voters for a decision on Monday, November 21, will be given by Mayor G. A. Hartman in three speeches which have been arranged. He will speak tomorrow afternoon before the Women's Club at the county library. On Friday afternoon he will make two speeches. The first time he will appear before the Lincoln school Parent-Teacher association, and later in the afternoon he will speak to the Parent-Teachers association of the Washington school.

**Road Meeting Held.**  
 Pilot Rock farmers will appoint from each of the districts a representative to confer with the county court regarding the location of a road for which \$25,000 is to be spent by the county court, according to a decision reached at a large mass meeting last night in Pilot Rock. Following word received by the Pilot Rock Commercial Association that the fund was available, farmers met to discuss the matter. Roads in four different directions were discussed at last night's meeting and the appointment of delegates will be the outcome. Following the road business, Fred Bennion, county agent, addressed the meeting on the recent grain hearing in Portland. He discussed Portland type samples and federal grades.

**Cost is \$1.65 Per Bushel.**  
 The average cost of producing wheat on 46 farms in Sherman county in 1920 was \$1.65 a bushel, according to a report made by R. V. Gunn, of O. A. C., and C. C. Calkins, formerly Sherman county agriculture agent, who made the survey. As the yield per acre and the acres per farm were outstanding factors in influencing the cost, it is estimated by Fred Bennion, county agent, that the cost in Umatilla would average less than \$1.65. This is estimated in view of the fact that the 18 farms on which the cost was \$1.65 per bushel had an average of 14 bushels per acre while the 22 farms below the average in cost had an average yield of 26 bushels an acre. Umatilla county, with its high production, is able to produce wheat at less than \$1.65 a bushel, Mr. Bennion believes.

## Look to the Details

It is said that attention to the little details of one's appearance gives a woman the reputation of being well dressed. But have you ever noticed that the woman you think of as well dressed is painstaking in the extreme when it comes to her figure?

She knows that gracefulness—poise—charming carriage and an attractive figure are the first requisites of being well dressed. Their attainment lies in scientific corsetry. In the present showing of

### MODART CORSETS Front Laced

for Fall you will find specialized models for different types of figures, so that, regardless of stature, a graceful figure and a fashionable silhouette may be yours. The corset—the very foundation of style itself—should be chosen before selecting the dress or suit, that the complete ensemble may most nearly approach the ideal. Let our corsetiere properly fit you with the model best suited to your requirements and preference. Do so while our Modart stock is complete.
