Clean Empty Bottles.  
+ Rinse thoroughly with cold water every milk bottle, as soon as emptied, and then wash with hot water. This helps your milkman to give you clean milk.  
+ Never take milk bottles into a sick room. If you have an infectious or contagious disease in your home, boil the milk bottles, and do not return them without the express sanction of your local health officer or attending physician.

**SAYS OHIO ROADS BEST**

MARTINS FERRY, Nov. 28.—(G. N. S.)—James Wilson, who toured France and Belgium in 1917 and 1918 with one of Pershing's parties, says, regardless of the fact that European roads are supposed to be so wonderful, the very best road over which he ever traveled is in Ohio.

The war veteran, who now operates a laundry, drove to Dayton. He declared the road from Columbus to Springfield is superior to any he saw in Europe. It is tar-bound macadam which, he said, furnishes smoothest riding with a maximum of traction, therefore reducing tire wear and gasoline consumption.

While "doing" Europe with the A. E. F. Wilson said, he realized the reasons why roads over there stand up so well. Citizens, he said, never are in such a hurry as those of American and, hence, do not drive so rapidly. Also, heavy trucks are not hurried over the roads in the rapid manner, nor so frequently, as roads are punished in America.
