Handkerchiefs

Women tell us that it is a real treat for them to buy handkerchiefs here this year. So many pretty ones and such a broad collection from which to choose.

The linens, the silks, the cottons, all collected in one great display with their reasonable prices attached. Enjoy here the pleasure of shopping.

The Comfort Gift—SLIPPERS

After a busy day at work what a comfort there is in an easy chair, an interesting book—and a pair of our quality Slippers. Here we have all the desirable leathers and styles, featuring Everetts, Romeos and Cavaliers.

A PENDLETON BATH ROBE IS THE LOVELIEST GIFT OF ALL.

There's no gift that will be more welcome than one of these beautiful bath robes; combining as they do, unusual warmth and beauty and are especially desirable for gifts. They are richly trimmed with wide satin ribbons, heavy silk cords and nothing has been spared to make these the most attractive of all-wool Indian blanket bath robes. One of these will be a daily reminder of your thoughtfulness. They are priced \$25.00

EDITORIAL

We like to emphasize at every opportunity the advantage of dependable goods. Your whole existence centers around the things that come out of stores—your clothing—your food, your furnishings, the commodities, the luxuries—the important things of use as well as the trifles—they all come into your hands across the counter and according to whose counter depends much upon their reliability. Now this old store's constant, unselfish engagement of years, to buy intelligently and with an eye to quality, is bearing fruit and winning the appreciation of people whose experiences with haphazard goods drive the lesson home. We offer you the best for the price, no matter what the price.

THE PLACE WHERE IT PAYS TO TRADE

FLEETS IN NEVADA AND PALMS FOUND IN ALASKA

WASHINGTON, Dec. 21.—(U. P.)—Alaska was once a land of sunshine and flowers. Ferns and palms, such as now thrive in lands far to the south, once flourished in the sub-tropics.

Dusky savages of a remote part, or perhaps members of that enlightened race of cliff-dwellers, once looked across the water of a huge lake in what is now northwestern Nevada.

Hide fleets perhaps wended their way to a primitive commerce across the great inland sea, which once spread over 8,400 square miles, also according to the survey.

Geologists have given the great body of water, which was present in "comparatively recent geologic time," the name of Lake Lahontan, in honor of Baron La Hontan, one of the early explorers of the head waters of the Mississippi river.

beat estimate of her valleys and lowlands.

But that was millions of years ago, before man existed, according to the United States Geological Survey, which has made a study of the fossil flora. Deep down in the coal beds have been found fossils of plants, which indicate that Alaska was ages ago a land of luxuriant loveliness.

But that was millions of years ago, before man existed, according to the United States Geological Survey, which has made a study of the fossil flora. Deep down in the coal beds have been found fossils of plants, which indicate that Alaska was ages ago a land of luxuriant loveliness.

Hide fleets perhaps wended their way to a primitive commerce across the great inland sea, which once spread over 8,400 square miles, also according to the survey.

Geologists have given the great body of water, which was present in "comparatively recent geologic time," the name of Lake Lahontan, in honor of Baron La Hontan, one of the early explorers of the head waters of the Mississippi river.

The deepest part of Lake Lahontan, 880 feet, was the site of the present Pyramid Lake, a small remnant so that its surface stood about 500 feet above the surface of Pyramid Lake.

A field of sand dunes, formed since the inland sea disappeared, now cover a large area a few miles north of Winnemucca, Nevada. The dunes are steadily moving eastward, and their steady march has necessitated a number of changes in the roads in recent years.

In some places telegraph poles have been buried so deep that they have had to be spliced in order to keep the wires above the crests of the sand dunes.

COTTON CROP DECREASES

MEXICO CITY, Dec. 21.—(A. P.)—Mexico's cotton crop this year will not be more than 80,000 bales as compared to a normal annual crop of 125,000 bales, according to recent estimates. The decrease is said to be the result of the determination of growers in the Laguna district, where the bulk of the crop is produced, not to cultivate their fields until market prices are higher.

BEAUTY CONTEST HELD

MEXICO CITY, Dec. 21.—(A. P.)—Beauty contests are held frequently but students at the national university recently held a contest to discover the ugliest Indian in Mexico. Jesus Menzies won without a struggle. Despite his handicap he is said to have received dozens of proposals of marriage from "admirer readers" ever since his photograph was published in the Mexico City newspapers.

WANTED SON KILLED

ELYRIA, Dec. 21.—(U. P.)—That her husband, Henry, during the recent World War, frequently expressed the desire that the Germans would kill their oldest son, serving in the United States army, that her husband was pro-German and that he frequently beat her are claims made in the answer filed by Mrs. Martha Hemes, of Amherst, to the divorce proceedings instituted by Henry, marking the end of thirty-four years of married life.

CATTLE MARKET STEADY

PORTLAND, Dec. 21.—(A. P.)—Cattle are steady. Hogs are 10 to 20 cents higher, prime light, \$8.50 to \$8.75. Sheep are 25 cents lower, valley lambs \$5.25 to \$5.75. Eggs are firm and butter is steady.

WOMEN'S DEAN HAS RIGID PROPRIETY CODE

COLUMBUS, Ohio, Dec. 21.—(U. P.)—When they do not kiss promiscuously, do not dress immodestly, do not dance improperly, do not smoke, do not go to "petting parties," do not drink, nor consciously lie or cheat, do nothing they would be ashamed to tell their families and do not break the rules of any institution.

At least this is the judgment of Elizabeth Conrad, dean of women, Ohio State University.

She believes a girl undermines her womanliness if she does any of the above-mentioned things.

"In so doing is the girl not forfeiting the esteem of friends whose ideals are high that she may gain in the field where lower ideals prevail?" Dean Conrad asked.

The question, then, resolves itself into the individual problem, and, if the girl considers admiration won by doing these things worth admiration lost by so doing, it becomes the girl's own problem."

ARROWHEAD DISCOVERED

RAYMOND, Wash., Dec. 21.—(A. P.)—An arrowhead shot into a huge tree near there many years ago has recently discovered in a log cut by a local lumber company. The rings above the arrowhead were counted and they showed 171 years of growth. The arrowhead was of blue flint and well formed. Historians here believe it was made by a member of the Chinook or Chehalis tribes, who occupied this section of the time it is thought the arrow was sent into the tree.

AMERICAN YOUTHS WORSE

DETROIT, Dec. 21.—(U. P.)—American born youths in Detroit commit more crimes than those of foreign birth. Paul H. Voorhees, prosecutor, declares, "Of the 157 cases of boys under twenty-one placed on probation this month 126 were American and twenty-seven were foreigners. This despite the fact that 70 per cent of Detroit's population is composed of persons of foreign birth or parentage," he said.
