Larceny Is Charged,

A charge of larceny has been pre-erred against Spencer Copeland and conard Wallingford as a result of heir arrest at State Line Wednesday ight at a dance. Teh boys were an ested by Officers Ridgway and Sinair. It is charged that the boys took articles out of an auto during the progress of the dance. They were given hearing before Justice Joe H. Parker yesterday and entered pleas of not goilty. Their trials were set for January 6. They were released on their own recognizance. Allen Edmonds, arrested the same evening, entered plea of not guilty to two charges. His trial was set for January 5.

Got Liberal Change

M. L. Morrison who lives at Helix has found a way whereby a man uight hope to get rich if he could enjoy often enough the experience that befell him recently. He came to Peodleton and purchased a Christmas present for a friend, presenting in payment therefore a five-dollar bill. Several days later, in going through his pockets he found he had a twenty dollar gold piece. He was able to re-member that no money had been put into that particular pocker since his shooping expedition here. He brought the pold piece in to the merchant and traded it for a sliver place which he had been entitled to receive as change out of his till.

Germination Test Pays

That is pays farmers to take advan-tage of the purity and germination tests of the state laboratory is a fact to which Fred Bennion gives testimony as a result of a recently con-ducted test. A farmer of Umatilla county desited to have a test of his alfalfa seed made. He submitted samples, and the test of the seed war made by the state showing that the ared was 55.46 per cent pure. Th+ "Joker" came in that other .54 of one per cent. All of the impure seed was dodder in this case, and this small per cent of impure stuff would provide eight dodder plants to the square rod if the seed were sowed at the mis-high priced beyond all reason if the farmer were to receive it free and then receive \$1 the pound for sowing

Quality! How surely it tells! Why is it that one suit looks better than another, fits smoother, wears longer? Why this growing demand for Kirschbaum Clothes? Quality!
